**Sleepless? Nerves Are Racked. Vitality is Lowered. Brain is Congested. Health Undermined.**

Opiates, Sedatives, Narcotics, Worse Than Useless. Produce No Permanent Good.

Worry, overwork, over-study and indigestion cause insomnia.

Healthy, natural sleep can't be produced by drugs.

First, the blood circulation must be improved.

Congestion of blood in the head must be removed.

Irritation in the brain must be relieved.

It's because Ferrozone equalizes circulation, because it soothes the irritation because it removes congestion that it does cure insomnia.

For building food and nerve, for instilling force and life into over-worked organs, for establishing strength and vitality, where can you find anything so sure as Ferrozone.

Remember, sleep is just as important as food.

You must sleep, or break down.

You can if you'll use Ferrozone and thereby remove the conditions which now keep you from sleep.

Ferrozone is not a narcotic, not a dope; it is a health giving tonic that any child or delicate woman can use.

Absolutely safe is Ferrozone.

Take it for a month, take it for a year—no harm, but immeasurable good will result.

To sleep well, look well, feel well, to be free from depression, nervousness or blues—use Ferrozone. It's a food tonic, a healer to the weak and wretched, a boon to the sleepless—sold everywhere in 50c. boxes.

**EXPERIMENTS WITH VEGETABLES.**

The practical educational work carried on by the Ontario Agricultural College, through the Experimental Union, is now well known throughout Ontario. Thousands of people in both town and country interested in farming, fruit growing and gardening are carrying on experiments under the direction of the College and are profiting by the experience.

The seeds or plants for these experiments and full instructions for conducting them are furnished free on the understanding that each experimenter will report the results of his experiment at the end of the season.

Owing to the great demand for the experiments with fruits and the limited funds for the purchase of plants for this year, the supply of these for this purpose is already exhausted. But we have on hand a good supply of seeds for the experiments with vegetables, and hope to be able to furnish these to all interested in the growing of the best kind of garden vegetables.

Three of the leading varieties of each of the following kinds of vegetables are offered for testing this spring, viz., beets, carrots, onions, lettuce, early tomatoes and later tomatoes.

The early tomatoes are best for northern sections where the later and better varieties cannot be depended upon to ripen.

Any person in Ontario who wishes to join in this cooperative testing may choose any one of the experiments above mentioned and send in his application for the seeds and instructions for conducting the same. These will be sent by mail free of charge, but each applicant must agree to follow the directions furnished, and report the results at the end of the season, whether successful or not.

Applications will be filed in the order they are received until the supply of seeds is exhausted. Address all applications to

H. L. HUTT,  
Ontario Agricultural College,  
Guelph, Ont.

**EXPERIMENTS WITH FARM CROPS.**

The members of the Ontario Agricultural and Experimental Union are pleased to state that for 1908 they are prepared to distribute into every Township of Ontario material for experiments with fodder crops, roots, grains, grasses, clovers and fertilizers. About 2,200 varieties of farm crops have been tested in the Experimental Department of the Ontario Agricultural College, Guelph, for at least five years in succession. These consist of varieties from nearly all parts of the world, some of which have done exceedingly well in the carefully conducted experiments at the College and are now being distributed free of charge for cooperative experiments throughout Ontario (the following is the list of cooperative experiments in agriculture for 1908:—

No.	EXPERIMENTS	PLOTS
1	Three varieties of Oats	3
2a	Three varieties Six rowed Barley	3
2b	Two varieties of Two-rowed Barley	2
3	Two varieties of Hulless Barley	2
4	Two varieties Spring Wheat	2
5	Three varieties Buckwheat	3
6	Two varieties of Field Peas	2
7	Emmer and Spelt	2
8	Two varieties of Soy, Soja, or Japanese Beans	2
9	Three varieties of Husking Corn	3
10	Three varieties of Mangels	3
11	Two varieties Sugar Beets for feeding purposes	2
12	Three varieties of Swedish Turnips	3
13	Two varieties Fall Turnips	2
14	Two varieties of Carrots	2
15	Three varieties of Fodder or Silage Corn	3
16	Three varieties of Millet	3
17	Three varieties of Sorghum	3
18	Grass Peas and two varieties of Vetches	3
19	Rape, Kale and Field Cabbage	3
20	Three varieties of Clover	3
21	Sainfoin, Lucerne and Burnet	3
22	Four varieties of Grasses	4
23	Three varieties Field Beans	3
24	Three varieties Sweet Corn	3
25	Fertilizers with Swedish Turnips	6
27	Sowing Mangels on the level and in drills	2
28a	Two varieties of Early Potatoes	2
28b	Two varieties of medium ripening Potatoes	2
28c	Two varieties Late Potatoes	2
29	Three grain mixtures for grain production	3
30	Three mixtures of Grasses and Clover, for hay	3

The size of each plot in each of the first twenty-seven experiments and in Nos. 29 and 30 is to be two rods long by one rod wide; and in No. 28, one rod square.

Each person in Ontario who wishes to join in the work may choose any one of the experiments for 1908, and apply for the same. The material will be furnished in the order in which the applications are received until the supply is exhausted. It might be well for each applicant to make a second choice, for fear the first could not be granted. All material will be furnished entirely free of charge to each applicant, and the produce will, of course, become the property of the person who conducts the experiment.

C. A. ZAVITZ,  
Director.

**Classic City Chronicles.**

Along with many others I heartily congratulate Mr. N. W. Campbell on the completion of his 21st year as P. S. Inspector of South Grey. May he long be spared as a leader in educational affairs not only in Grey but in the Province.

The frightful catastrophe near Cleveland, in which so many children lost their lives, has resulted in a thorough inspection of all our schools relating to fire drill, fire escapes, exits, etc. Fire alarm boxes are to be installed in each school as soon as possible.

The hockey season has gone, and so has the "Robertson Cup" It will adorn the Armory of the 28th Regiment, Kingston. Our Seniors put up a brave fight for it, but the "Tommys" routed our boys at both ends. However, the Juniors have come out on top, so that we haven't lost all our silverware.

One of the most pleasing functions that it has been my privilege to attend was a banquet given lately by the School Board to the P.S. teachers including the wives of the principals and of the trustees. The lady teachers were accorded the honor of replying to all the toasts and were asked to speak out "all that was in their hearts" They did so, and some very interesting and profitable speeches were delivered. The refreshments were prepared and served by the P.S. girls under the supervision of the Domestic Science teacher, and the cuisine provided was a credit to that department of our P. Schools.

We have had exceptionally fine weather this week. The mild days and frosty nights have been favorable for the gradual liquefaction of the snow, thus going a long way towards preventing disastrous floods. Our streets, however, resemble government ditches bordering a country sideroad, but the street commissioner is hustling around to make walking pleasanter and safer.

The discussion of the "Automobile Bill" would almost seem, on the surface, to be a case of "The Fox and the Grapes." However, I believe there is a real grievance, and drastic measures will have to be taken to stop the reckless driving of motors along our country roads. If the government doesn't do something, perhaps the public will take the law in their own hands, as has been done a few times here and there. It would appear from the attitude and action of some fellows, who have "dough" enough to own an auto, that they consider that the "King's Highway" is a private turnpike. Premier Whitney hit the nail on the head in the Legislature the other day when he declared that while the auto had come to stay it was not entitled to equal rights on the road with foot passengers and horse vehicles. It is refreshing to have a Premier who is not afraid to "speak out in meetin'."

**Cause of Stomach Troubles.**

When a man has trouble with his stomach you may know that he is eating more than he should or of some article of food or drink not suited to his age or occupation, or that his bowels are habitually constipated. Take Chamberlain's Stomach and Liver Tablets to regulate the bowels and improve the digestion and see if the trouble does not disappear. Ask for a free sample. Sold at Parker's Drug Store.

**A TRIBUTE TO 'JOE' TOWNSEND**  
(Saturday Night.)

A man who has given all the years of his life to the unselfish pursuit of a hobby which increases the sum of human knowledge, is Mr. Joseph Townsend. Mr. Townsend used to publish the Dundak Herald and the Grey Review in Durham, but even in those days he used to spend every possible moment in his hobby—searching for fossils. For half a century he has carried hammer and chisel and trapped in all corners of Ontario tapping the rocks, collecting and labeling his finds. When he enters a quarry or a river bed he is oblivious to all but his pursuit of geological specimens until he discovers with a sigh, that darkness has fallen and to further continue his labors might cause him to destroy some valuable specimen that he or another might secure another day.

Thousands of fossils that Mr. Townsend has collected are in the Geological survey at Ottawa and in the collections of Toronto and McGill Universities. It is perhaps fair to say that no other man in Canada has done such a vast amount of personal collecting, add nearly all this work he has done in half a century of discouragement and personal loss. A man more entirely unselfish in all respects it would be hard to find. During the past couple of years the authorities of the University of Toronto, recognizing his ability as a collector, have sent him out on summer trips, once down East and once to the Western provinces—and these missions he has regarded as the great opportunities of his life. But his lifetime services have been in no way recognized or rewarded, although I feel sure, many who know the man's simple minded devotion to his specialty and his ill requited labors, will say that the country might, through the Geological Survey, grant him a pension, or offer him such an appointment as would enable him to devote his remaining days to the work in which he is so experienced.

**RELIEVES IN FIVE MINUTES.**

Help Comes Quickly When Hyomei is Used for Catarrh.

The quick relief that comes from the Hyomei treatment for catarrh is most remarkable. Put a few drops of liquid Hyomei in the little pocket inhaler that comes with every outfit, and before you have used the treatment for five minutes you will notice from your catarrhal troubles.

It gives a tonic healing effect to the air you breathe, kills all catarrhal germs, stops the poisonous secretions, soothes the irritated mucous membrane and makes a marked improvement in the general health.

Hyomei is not a cure all; it has but one aim, the cure of catarrh and diseases of respiratory organs. When the catarrh is cured, the general health is improved, for then Nature has a chance to build up the whole system.

If you suffer with offensive breath, rising of mucus, frequent sneezing, husky voice, discharge from the nose, droppings in the throat, loss of strength, spasmodic coughing and feeling of tightness across the upper part of the chest, general weakness and debility, or any other symptoms of catarrh, you should begin to use Hyomei at once. It will destroy all disease germs in the nose, throat and lungs and make a quick and permanent cure of catarrh.

We positively guarantee Hyomei, or should you buy a complete outfit, price \$1.00, and be dissatisfied with results your money will be refunded. Hyomei is sold by druggists everywhere. Write for literature. Booth's Hyomei Co., Buffalo, N. Y.

**SUICIDE AT ALLENFORD.**  
(Tara Leader.)

Allenford was the scene of a tragedy Tuesday night when H. Pratt, manager of the Southampton branch of the Farmers' Bank, committed suicide by shooting himself in the mouth with a revolver. Some time ago the Farmers' Bank opened a branch at Allenford, doing business two days in the week and Pratt was usually in control. He arrived in Allenford at noon Tuesday, seemingly in his usual good spirits and transacted business that afternoon. Between ten and eleven o'clock in the evening he walked a few rods up the railway track from the station and committed the deed. Thomas Crawford who resides in that neighborhood discovered the lifeless form lying on the track, and after getting assistance the body was removed. Pratt was a young man of about twenty-six years of age, of good appearance and very popular both in Allenford and Southampton. The cause for him committing the act is a mystery. His mother resides in Toronto.

**HAVE A GOOD COMPLEXION.**

First of all you need plenty of good blood—the red kind. Have it pure, or otherwise blotches and pimples will render your natural charms unavailing. Nothing can equal Ferrozone, either as a former of rich blood or as a skin purifier. By driving out humors, Ferrozone cleanses inside just as water does outside. Because of the nourishment and building properties it contains, Ferrozone, brings the system to a high point of vigor, from which shines vim, ambition, good spirits. For good looks, good health, take Ferrozone, all dealers in 50c. boxes.

**Seeds Free**

A large grower of poppies says: "Santa Rosa" is an exceptionally fine variety of Shirley Poppies, by far the best I have seen." We will give absolutely free package of these seeds to every person who will send for our new handsomely illustrated 1908 Catalogue. If you prefer, you may have a package of our Canadian Gem Tur or Canada's Pride Tomato seed in place of the poppies.

Write to-day and name your choice.
