

Grippe or Influenza, whichever you like to call it, is one of the most weakening diseases known.

Scott's Emulsion, which is Cod Liver Oil and Hypophosphites in easily digested form, is the greatest strength-builder known to medical science.

It is so easily digested that it sinks into the system, making new blood and new fat, and strengthening nerves and muscles.

Use Scott's Emulsion after Influenza.

Invaluable for Coughs and Colds.

ALL DRUGGISTS; 50c. AND \$1.00.

Chamberlain's Cough Remedy is Both Agreeable and Effective.

Chamberlain's Cough Remedy has no superior for coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers.

North East Normanby.

The Ladies' Auxillary meets at the home of Mrs John Marshall Wednesday afternoon.

Mr. Charlie Anear is engaged with Andrew Marshall for the summer. Also Harry Gadd with James Petty.

Mr Otto Kellar leaves this Monday for Allan Park where he is engaged with Mr. Alex Herd. Before leaving Otto had the contract of cutting 32 cords of wood for Mr. Andrew Marshall, along with his father and Mr. John Keller. They managed to get it cut in four days and a half.

There arrived at the home of Albert Marshall a young son, ready for the spring work.

Miss Lydia Gadd is spending some time with Mrs. Alex Smith, before leaving for Toronto. Say boys but Toronto is situated on the gravel road 1 1/2 miles north of Orchard.

Mr. and Mrs. James Kerr, of Hampden attended church here on Sunday.

We notice Mr. John Sharpe going out next Hampden quite often, with his bright young team in the cutter. Cutting quite a shine Jack.

Muloch.

Miss Violet Britton, Durham, is renewing acquaintances in this part.

Mr. and Mrs. John Glave Sunday- evening with Mr. and Mrs. Alf Redford.

Mr. Malcolm McEachern's sale was largely attended and everything sold well. Mr. McEachern will go West as he has rented his farm to Mr. Heughan. We wish both gentlemen prosperity in their new homes.

A party of friends from here assembled at the home of Mr. and Mrs. George Brown one evening last week where they spent a very pleasant time. Mr. and Mrs. Brown and family know how to use their guests.

Mr. Jake Smith called in our burg recently and transacted some legal business.

We had a riot on our line a short time ago, at the foot of the hill. Matters of interest were dealt with and those who heard anything couldn't remember who told them, so the scrap ended with a lack of friendship.

Have You Seen the Massey-Harris Company's 1908

JOHN CLARK, Auctioneer.

Corner Concerns.

Mr. Kerr, of Artemesia, visited the Chapman family over Sunday.

Mrs. Wm. Chapman of Mt. Forest, is visiting her parents Mr. and Mrs. Wm Sirrs.

Mr. and Mrs. Frank Grasby are going to move to their farm in a few days and will do a little dairying this summer.

Mr. Joe Lennox sold a fine horse in Mt. Forest, on Wednesday for \$200. The horse market is coming around all right again.

Mr. Sam Ritchie has started to prepare material for a new brick house to be built this summer. It is just lately he took the notion to build, but will push it ahead with his usual vim and may have it completed in early summer.

The Robt. Hillis farm was sold on Friday to Mr. Wm Bryans for \$500, which is a very fair price for it, although it was recently sold for \$1000 when the marl deposits were puffed up to be of wonderful worth and enthusiasts imagined they saw large fortunes in every mud hole they looked into.

Those Farm Journals that advised farmers last fall not to slaughter their hogs will no doubt have laid in a good stock of cheap pork for their pains as it is now rather over the general life time of select pigs since the advice was given. The pigs have more than eaten the worth of themselves and any profit in the business will be to the consumer. It will be a lesson for farmers to think for themselves after this and put no confidence in any newspaper except the Chronicle.

Mr. Lorne Allan leaves this Tuesday for the West, and after a few days' visit with Winnipeg friends, will go as far as Lumsden. He will have the company of a couple of Dromore young men.

While you were asking last week the continued forbearance of a long suffering public for the poetry of your Spring Bank correspondent, you should also have mentioned the name of your Darkie's Corners man as he is quite as guilty as the other fellow.

The request would surely be granted as it is harmless stuff, usually something soft about their girls or the beautiful spring and a little extra slop when the whole country is in a slush is neither here nor there to the general public. When they make that sort of stuff into a missile like the Darkie's Corners man did last week and fire it directly at a brother correspondent, the fellow who happens to get bespattered with it hasn't got to consult a military dictionary to learn the full meaning of a splash bullet.

Edge Hill.

Mr. W. L. Dixon of Dromore, was visiting in this neighborhood last week.

Mr. P. G. Morrison who has been spending the winter at the old home, left a week ago for the West.

Miss Allie Collier is visiting friends in Toronto at present.

Miss Mary Edge was the guest of friends at Latona for a few days last week.

Mrs. Jas. Edge was critically ill for several days last week but at time of writing is slightly improved.

There was quite an enjoyable party at Mr. Thos. Ritchie's on Friday evening last.

Assessor John McDonald made his rounds through this neighborhood last week. He is a very courteous, gentlemanly, official and gives general satisfaction in his valuation of farm property.

Mr. Edgar Ritchie is at present employed on the C. P. R. switch near Lambton Street.

Mr. Herb Greenwood and sister Miss Annie, left on Tuesday for North Dakota, where Herb has taken a farm on shares. We wish them every success.

Mr. John Bell of the Rocky, was visiting friends here last week. Mr. and Mrs. Bell leave shortly to join their daughters Mrs. Ellison and Mrs. Bartley, near Davidson, Sask.

Mr. Moffat took down the old frame barn on Wednesday last. Mr. Ben Sharpe engineered the lowering of the timbers all of which came down without the slightest mishap. The timber which did service for forty one years in the old barn is to be utilized by Mr. Moffat in the building of an addition 36x52 at the north side of the barn.

She Said It.

A little girl whose mother takes pride in her actions in company failed to remember her teachings one day this week when a friend of the family gave her a nice big orange.

The mother gazed at the little one severely a moment, then she said: "Ethel, I am surprised. The lady gave you an orange and you never even said 'boo.' What have you to say to the lady?"

Little Ethel twisted the hem of her dress a moment, then, shyly peeping at the lady exclaimed: "Boo!"—Youngstown Telegram.

CHILD'S DICTIONARY.

"Snoring"—Letting off sleep." "Apples"—The bubble that apple trees blow." "Backbiter"—A mosquito."

"Pan"—A thing to brush the warm off with." "Ice"—Water that went to sleep in the cold."
