

## Up-to-date Job Work Done at the Chronicle Office.

### NEWS AROUND TOWN

The Durham Furniture Factory will commence sawing on Monday next, and elsewhere advertises slabs for sale. As they could not supply the demand last year, any one requiring summer wood will do well to order early.

We cordially invite all those who were unable to attend the millinery openings to call at any time it is convenient and we will show them our large stock of millinery.—Parisian Millinery Co.—Miss Dick, Prop.

A CORRESPONDENT writes for information concerning the word "per" in business life. It's all owing to conditions. If a man is working in a bank he gets so much per—month. If he is running a newspaper he gets so much per—haps.

"We have had a beautiful winter here. To-day is just like the opening of spring." This is what Mr. John Cornish says in his letter from Cottonwood, Sask., written on the 23rd of March. We acknowledge receipt of subscription and a kind word of appreciation for the CHRONICLE.

A VERY heavy rain, accompanied by thunder and lightning, on Friday night last was the first storm of the spring season, which, according to our way of counting, begins on the 21st of March. The sleighing is all gone, but it is a little early to count on continuous warm weather.

We are sorry to learn that Dr. MacLaurin, who went to Toronto on Saturday, was taken down with pneumonia in that city. Though we have received no intimation that his case is unusually serious, still considerable anxiety is being expressed through town, and all will be pleased when they hear that the popular M. D. is entirely out of danger.

MALCOLM MACDONALD, formerly of Priceville, died on Thursday at the General Hospital, at the age of 46 years. Deceased was taken ill at his home, 29 Irwin avenue, and was removed to the hospital, when pneumonia developed and proved fatal. Mr. Macdonald was a Scotch Highlander by birth. Before coming to Toronto he lived at Priceville. In the city he was a driver for T. R. Haig, the coal and cartage man. He leaves a wife and two children.—Telegram.

DR. HUTTON has a little souvenir which he seems to prize very highly, though the article is practically of no value. It is simply an old certificate issued in 1885 to Dr. Alex. Pattullo by the Canadian Press Association, entitling the holder to reduced railway rates. Dr. Pattullo was then editor of the Brantford Times, but subsequently left the high editorial position and stepped down into the medical profession. Perhaps Dr. Hutton has a sympathy for his friend so fallen and keeps the certificate as a sure reminder of his former greatness.

On Friday last a number of Durham voters at the January election were examined before Magistrate Telford. It was the anti-optionists who were the cause of the examination, and Barristers W. H. Wright, of Owen Sound, Mr. McArdle, of Markdale, were here to represent their interests, while Mr. Kingston, of Mt. Forest, was present in behalf of the town. The evidence was taken privately, and all that was learned of it came from the several witnesses when they marched separately from the confessional to give place to some one else. We understand the solicitor for the town allowed but very little evidence to be given, and the matter will come up next week at Osgoode Hall.

THE annual ice-jam on the Saugeen river started in on Sunday morning last, and though quite a lot of roots, logs and ice passed down, the blockade was as nothing compared with some previous years. The river having been open for a couple of weeks back, accounts for this, so consequently there was no immediate danger to the mill dams in town. As it was, a couple of logs became wedged across the abutments of the C.P.R. bridge and started a jam, which, however, was soon broken by a few energetic workers, though there was no time at which it appeared to be getting dangerous. In case of a genuine old-fashioned spring flood, from its performance of yesterday, the bridge will be quite a lot of trouble to the railway company in time to come.

A CAR of bran, shorts and feed flour just arrived at Matthews & Latimer's.

FOR fashionable millinery go to the Parisian Millinery Parlors, Miss Dick Proprietor.

ANOTHER lot of 5c collar tabs on sale Saturday at the House of Quality, H. H. Mockler.

LAMBERT'S Hair Restorer restores faded or gray hair to its natural color, 50c a bottle at MacFarlane's. Fully guaranteed and harmless.—4

WE have taken advantage of wholesale bargains in dress goods, and we have some snaps to offer in dress goods.—S. F. Morlock.

ONE large 12x14 Photograph will be given free with each dozen of our best cabinets. This offer is too good to last long.—F. W. Kelsey.

THE work of painting the new C. P. R. station and water tank is now well under way, and when completed will give the buildings a most prepossessing appearance.

BEAUTIFUL imitations of natural wood finished with varnish may be obtained by applying one coat of Campbell's Varnish Stain. Alex. Russell carries a full line of all colors and size cans. Color card free.

THE branch of the C.P.R. to Saugeen Junction was opened on Monday, and the first engine and caboose over the line since the snow blockade got in here during the noon hour. After the playing out of the new Ideal snow plow, which was sent to Owen Sound for repairs, the company's rotary was put in operation and also broke down, necessitating the putting on of shovellers. As the winter is practically gone, it is not likely the line will be tied up again during the present season, and the work of ballasting will, in all probability, be started at once.

THE many friends of Conductor Lavelle, of Goderich, but formerly of this place, were pleased to learn that he had received no injury in the recent Grand Trunk wreck at Seaford, when the train he was in charge of took to the ditch, severely injuring the fireman and engineer. For many years Mr. Lavelle was conductor on the Durham-Palmerston branch, and is one of the oldest and best servants in the employ of the company. He has hosts of friends in Durham and vicinity who are glad indeed to know that the popular "Jimmy" was spared, and is still physically able to punch the pasteboards and collect fares for the company in whose employ he has been so long. This makes his second wreck this winter.

### PERSONAL

Mrs. Parrott is quite ill at present.

Mr. Tooke, of Toronto, is the new coat maker engaged by Mr. Glass.

Mr. Arthur Smith left on Tuesday for Milwaukee.

Mr. Asa Robson, of Dauphin, will accept thanks for renewal.

Mr. J. R. Darling has been in Woodstock the past week.

Mr. Archie Hunter left Tuesday afternoon for Wilberforce.

Mr. H. R. Koch, Book-keeper at the Furniture Factory, purchased a house recently from Mr. J. W. Crawford.

Mr. Alex Saunders returned to Orangeville after spending some time with his parents here.

Mrs. Percy Smith and children, of Palmerston, are visiting at Conductor Pennington's.

Mr. W. D. Connor attended the funeral of his sister-in-law, Mrs. Connor, in Owen Sound on Monday.

Miss Katie Dawkins, of Owen Sound, is spending a few weeks with her parents in town.

Mr. Will Harding has gone to Hamilton where he has secured a position as manager of a grocery and hardware business.

Mr. Lytle W. Hutton, left March 25th for his home in Antler, Sask. after spending a term of about three months with his parents and friends in the vicinity and other parts of Ontario. On his return he intends visiting his brother, Dr. Thomas J. Powers, Michigan, also his cousin Dr. David R. Williams, Winnipeg, Manitoba.

J. M. KEARNS, of Arthur  
Who is out for President of the Canadian Lacrosse Association.

### MILLINERY OPENINGS.

S. F. MORLOCK.  
Last Tuesday and Wednesday were opening days at S. F. Morlock's. Miss Grinyer, who has charge of the departments again this season along with her trimmer, Miss Grant, had an immense stock of beautiful millinery on view. Some of the shapes that were most admired were:

A very pretty Atlanta blue hat. Some in lovely Atlanta blue braid, slightly rolled at left side and trimmed with a bandeau of file lace and crinoline. Two steel pins turn in at right side and two pretty shaded Atlanta feathers at left side.

Another dainty hat was made in a mushroom style. Some in tuscan and white pleated braid, trimmed with bows of tan velvet ribbon all around crown, and a tuscan and white shaded feather comes from centre of crown falling over left side, with two beautiful tan silk roses in front.

A pretty model was made of pink proxylene braid, tan crown, and trimmed with a band of insertion and pink chiffon, a shaded rose plume at left side caught with a very large shaded tan and pink rose and two steel pins.

Very nobby French pattern hat in tuscan and green; drooping shape very high crown with wide band of tuscan straw and green velvet set in. Two tuscan pins run through pleats at right side. The left side is trimmed with sprays of white and Copenhagen wheat, with two bunches of small rose colored roses in front set in circles of green velvet ribbon.

A very Chic Turkish turban made of tuscan braid, plaque draped right over edge, trimmed with small pink moss roses and flat looped rosette of tuscan ribbon, with two teddy bear bows at right side and two tuscan pins.

Another pretty brown shape was trimmed with five rolls of pleated tuscan tulle with tan velvet ribbon between each row, and two shaded brown plumes and pins.

### MISS DICK.

The Millinery Openings in Miss Dick's showrooms, held on Wednesday and Thursday last, were, in all probability, the most successful conducted by her during her fifteen seasons catering to Durham's fair ones, and drew a large and enthusiastic gathering of Easter dressers each day.

The showrooms looked very pretty in their gaudy collection of Easter hats, and the manner of arrangement, together with the artistic designs and styles of the various feminine head pieces, reflected much credit as to experience and capability upon this popular milliner and her staff of trimmers and assistants.

Continued expressions of delight and satisfaction over the various styles and shapes on exhibition were audible all along the line, and the large amount of energy and time spent in preparing for this opening was, we think, not at all wasted if hearty and rapturous expressions of appreciation are any criterion to go by.

With two large tables, upon which were arranged the most beautiful and best selected of black hats the firm has carried for years, a magnificently gotten up showcase of Copenhagen blue, the interior of the millinery rooms presented a most elaborate

### J. McK. KEARNS FOR PRESIDENT C. L. A.

J. McK. Kearns, Barrister, Arthur, who is a candidate for Presidency of the Canadian Lacrosse Association for 1908 is well known in Lacrosse circles of the Province.

Mr. Kearns was born in Orangeville and played there a number of years. He was a member of the "Dufferins" when they won the Intermediate Championship in 1897, and when they won the Senior Championship and Globe Shield in 1900 and 1901. In the following year he was with "Varsity" in their tour in the United States when they won the Inter-Collegiate Championship of America. Subsequently he played with Tecumseh's of Toronto and with Fergus. He was a member of the All-Canadian team which toured Australia last year.

By profession Mr. Kearns is a lawyer, having graduated from Osgoode Hall in 1902. He started to practise law at Arthur and has built up a successful and substantial practice. He displays considerable force and vigor as a platform speaker and has been a member of the Municipal council for the past two years. In religion he is a Methodist and is a member of the Quarterly Board of the Church.

Mr. Kearns has always taken a keen interest in sports. He was elected a member of the C. L. A. Council in 1905, and the next year was elected Second Vice-President of Association. Last year he took the next step, being elected to the office of First Vice-President, and now he is seeking the highest office in the gift of the C.L.A.

From the above it will be seen that Mr. Kearns has had all the experience that could be required—both as player and as a member of the executive.

He has the reputation of being fair and honest, and of giving every matter and person coming before the Executive a just hearing.

Having filled the minor offices of the Association, Mr. Kearns is justly entitled this year to the Presidential chair, and we strongly urge that local Lacrosse Clubs of this northern country send representatives to Toronto on Good Friday with explicit instructions to cast their votes for Kearns, the man from Arthur.

So far as Durham is concerned that matter was settled when it was known that McK. was in the field, and we think Mt. Forest and Hanover arrived at the same decision. In any case, if the Lacrosse Associations of this part of the country want a man for President who has shown himself fair and honest in the positions he has held, and one who is thoroughly up in affairs of the Canadian Lacrosse Association, they will have no hesitation in instructing their delegates to the annual meeting to vote for J. M. Kearns.

The show window, also, deftly arranged to the best possible advantage, drew forth many laudatory remarks, and those who stopped to look were uncontrollably forced to enter the main parlors and view at length the beauties of Easter Millinery in store for them.

The most popular productions seemed to be the wide brimmed "Merry Widow" sailor, Alice blue Napoleon and Copenhagen blue, as well as neat models in brown, tuscan and leghorn.

## A Successful Opening!

All the week we have been receiving congratulations on our spring millinery, by the many ladies who visited our show-rooms. We have just reason to be proud of our millinery, for we have never had such a showing of beautiful creations as we are showing this spring. The attractive trimmed models embrace all the newest styles, including the

### Wide "Merry-Widow" Sailor Turkish Turbans, and the New High Crowned Rolling Prim Shapes.

stylishly trimmed with flowers, foliage, feathers, ribbons, laces, fancy pins and buckles, providing a selection to suit every type of face, and at prices to suit every woman's purse.

A great selection of smart ready-to-wears and children's head-wear.

We would be pleased if you would call and see our millinery, whether you buy or not. You will find that we have the Variety, Quality and the Quantity.
