Peas Pay =

Field peas brought 87 cents a bushel last year. The average price was 75 cents. There's good money in peas even at 65c. And you have the vines left for fodder or to plow under—better than stable manure or commercial fertilizer. It paid to grow peas last year. This year it will pay as well.—demand keen, pea bugs vanished,—plant peas for profit. Get them in EARLY.

OBITUARY.

MARY MAY SPITTELL.
Mr. and Mrs. Joseph Firth, of Edge Hill, are mourning the loss of their much loved niece Mary May Spittell who died on Monday last after five weeks' illness from inflammatory rheumatism which affected her heart and resulted in death. The child's mother was a sister of Mrs. Firth and Mrs. Mary McArthur of the Glen is her grandmother. She was a fine bright little girl and Mr. and Mrs. Firth with whom she has been since an infant were much attached to her. As they had no children of their own the vacant chair will be a sad reminder of more joyful days.

AD. MEREDITH.
We regret very much to learn of the death of Mr. Ad. Meredith, of Regina. He was a son of Mrs. Thos. Meredith of this town, and had been ailing for some time though we had not heard of his illness or death until after our last issue was in the post office. We understand the sad news reached here by telegram on Tuesday evening of last week, and the following day Mrs. Meredith and daughter started for the far west to view the remains of their loved. Seldom have we met a family where greater affection is felt, and the death of this promising young man will be a sad blow to the mother and surviving members of the family. His brother Rice is in Regina, Mrs. Fisher and Mrs. Cottrell are in British Columbia, Mrs. Dr. Park is near Calgary, and Harry, we think, is in Toronto. Particulars have not been handed in to us. Deceased was about twenty-seven years of age, and leaves a young widow and one child.

A. D. MCKENZIE.
Information reached us last week of the death of Mr. A. D. McKenzie at Fort Francis on the 26th of March. Mr. McKenzie, who followed his trade as a tailor in this town for many years, was well and widely known. Nine or ten years ago he moved to Fort Francis, where he resided ever since. He leaves two sons, John L. in the states, Dr. David McKenzie at Fort Francis, and also one daughter.

THE JOKER.

Our hired man he thinks he's cute
Ez ever he kin be.
I wish 'at Paw'd make him scoot
Fer makin' fun o' me.
He's always talkin' 'b ut my hair,
Because it's kinder red.
He sez it oughter warn the air
What's all around my head.

He sez I love the little girls
What go with me to school.
'N that I kiss their pretty curls.
Gee, he's an awful fool!
'Course I am fond o' Millie Gray,
Such dandy clothes sh wears.
'N if I kissed her twice a day
'Taint none of his affairs.

He ain't so smart. Can't multiply
One half as good as me.
'N in the house he's awful shy
If girls has come to tea.
But our a doors he's fresh By jing!
His jokes is awful rank.
I wish I was a Pirate King,
I'd make him walk the plank.

To day he hunted in the shed,
'N fished aroun' the bench.
'I guess we haven't got," he sez,
'A left hand monkey wrench."
I said: "Ain't seen one any place,"
'N looked behind the door.
He pulled the moustache on his face
'N sent me to the store.

But when I tried to buy it, say,
Bill Jimson had a fit.
Him an' his boy got awful gay
Cos I had ast fer it.
At first I didn't understand.
They said: "Go back to school,
There ain't no lef' hand wrenches, and
You are an April Fool."

OUR NATIONAL DANGER.

Time to Cry a Halt Before Complete Wreck Results

There are thousands, both men and women, who do not take time to eat properly. They rush through life, and as a result we have an age of indigestion, nervousness, irritability, sleepless nights, and morose disposition. Our national danger is stomach weakness, due to the strenuous life.

Mi-o-na tablets, strengthen the walls of the stomach and stimulate secretion of the digestive juices. They make the stomach comfortable and cure indigestion.

Sick headaches, palpitation, yellow skin and coated tongue are a few of the many distressing results of indigestion that Mi-o-na never fails to cure.

MacFarlane & Co. sell Mi o na in 50c. boxes, and guarantee to refund the money if it does not give complete satisfaction.

Fire at Meaford.

The Royal Hotel stable narrowly escaped destruction by fire between eight and nine o'clock Tuesday evening. Mr. Ernest Boyd, who had occasion to go into the stable after his team, noticed smoke issuing from a part of a bale of straw and some loose chaff at the foot of the stairs leading to the loft and at once sounded the alarm. A few pails of water, however, sufficed to extinguish the blaze before the fire brigade arrived on the scene. How the fire originated is not known.—Mirror.

Maintaining His Dignity.

Even the elevator boy has to draw the line somewhere to prevent his being made too common. A writer in the New York Evening Post tells of a recent experience with one of the fraternity.

"If any one calls, Percy, while I am out, tell him to wait. I shall be right back," she said to the apartment house elevator boy.

There was no answer.
"Did you hear me? Why don't you answer?" asked the woman with some heat.

"I never answers ma'am unless I doesn't hear, and then I says 'What?'"

Hitter—"This paper states that it is only a matter of time when the automobile will reach the poor man."
Upp—"You bet it will reach him if he don't get out of the road as soon as he hears the first 'honk, honk!'"

"What is the meaning of false doctrine, Willie?" asked the Sunday School teacher.

"It's when a doctor gives the wrong stuff to a sick man," replied the little fellow.

"I don't say that all lawyers are crooks," said the doctor, "but you'll have to admit that your profession doesn't make angels of men."

"No," retorted the lawyer, "you doctors certainly have the best of us there."

Will Materialize Later.

Leap year is quite well under way. But still the young men fret. The girls don't come up to propose—They're not in practice yet.

THREE young Englishmen living in Brockville, went into a sugar bush, drank sap from the troughs and decided to take a bucket full home with them to boil it down; but the farmer caught them, brought them up before the beak, who fined two of them \$5.50 each. The third having no money was sent to jail for twenty-one days. Pretty hard sentence for a boyish prank.

For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health in every way.

The children cannot possibly have good health unless the bowels are in proper condition. Do not neglect any constipation by giving small laxative doses of Ayer's Pills. All vegetable and mineral.

Made by J. C. Ayer & Co., Lowell, Mass. Also manufacturers of HAIR VIGOR, AGUE CURE, CHERRY PECTORAL. We have no secrets! We publish the formulas of all our medicines.

No Honing—No Grinding

You know from daily experience, at home or in the barber shop, that the question is—"Why doesn't a razor hold its edge uniformly from heel to head without honing and grinding?" Whether it is a safety, with the certain tax of new blades, or the ordinary open-bladed razor does not alter the question. You want a clean, smooth shave every morning with the confident knowledge that your razor will be ready for instant use the next time needed.

The Carbo Magnetic razor is the only razor unconditionally guaranteed to do this. Thirty years of study on the razor situation has perfected a new secret process of ELECTRIC TEMPERING that positively merges every particle of carbon (the life of steel) into the metal—giving a diamond-like hardness uniformly throughout the blade—something absolutely impossible with fire tempered steel—used in making all other razors.

But test this razor in your own home—or if you prefer, have your barber use it on you. Give us your name, or call and see the "Carbo Magnetic" razor, and we will state our proposition for testing these razors without obligation on your part to purchase, together with our free booklet "Hints on Shaving." This book illustrates the correct razor position for shaving every part of the face.

In a speech delivered before the Legislative Assembly on Friday last, Hon. Mr. Hanna presented Immigration laws, that the foreign-born are 14 Ontario's asylums and goals. 1162 patients admitted to the in 1907, 346 or 30 per cent, were born, while in the goals, the age is 38. The situation has reached an alarming stage. The present figures for work is little wonder that the Government is placing additional restrictions on the influx of immigrants.

We are in receipt of a letter from Mr. Lyman Caldwell, of the West Mounted Police who is stationed at Fort Churchill Bay. In part he says: "I received your yearly mail came in on Feb. 4th. I got no less than 100 letters, dated all the way from last July, and I enjoyed every one of them. It was the first news from the outside world I had since I left. Lyman seems to be enjoying life up in that far-off country, and he is not alone. At least he sends me letters for this old rag of freedom he couldn't do without. He must indicate something to Lyman, and may you be send us many more of the nomination."

THOUGH this paper does not take the taking of the law into our own hands by residents in the streets is enough to make individual purchase a shot or two and make targets of about seven o'clock the Ch observed a couple of dogs lead each other home from their own conduct was enjoyed. These natives of S. who have been with us since the construction of the new started, together with the garians and Austrains, home brews, have, as a general rule, too much of their own. It is time the performance stop to. No molestation as yet taken place, though some of them on more than one occasion have placed their made advances that are in their own or town's credit the machinery of the law motion and if a class of the navigate our streets without howling like Communist they should be placed with people won't be forced them. This is the opinion who viewed the show in the Chronicle man last evening, and needless to say, do somewhat in the same. Do we hear any object speak out, and we'll be pleased to see their publicity.
