Magistrate Praises Zam Buk.

Magistrate Rasmussen, of 202 Marquette St., Montreal, writes: "For many years I was troublod with a serious eruption of the skin. This was not only unsightly, but it was at times very painful, I first tried various household remedies, but these proved altogether useless. then took medical advice. Not one, but several doctors in turn were con sulted, but I was unable to get any permanent relief. Some time back noticed a report from a Justice of the Peace (Magistrate Perry, J. P. for B C.) who had been cured of a chronic skin disease by Zam Buk, and I de termined to give this balm a trial After a thoroughly fair test, I can say I am delighted with it. I have the best of reasons for this conclusion; because while everything else I tried -salves, embrocations, washes, soaps and doctors' preparations, failed absolutely to relieve my pain and rid me of my truble, three boxes of Zam-Buk worked a complete cure. In my opinion this balm should be even more widely known than it is. and I hope that my experience will lead other suffers who are in despair to try this herbal healer, Zam-Buk."

For healing eczema, running sores. cuts, bruises, burns, boils, eruptions, scalp sores, pimples, spring erup tions, irch, chapped hands, and diseases of the skin Zam Buk is with out equal. All druggist and stores sell it, 50c box or postpaid from Zam-Buk Co., Toronto.

No Thieves in Wiarton.

Wiarton's night guardian, Mr. R. Ward, has had a couple of rather interesting experiences lately. Last week one of our merchants left his front door unlocked, and Mr. Ward chased himself to the merchant's residence to inform him of the fact. This gentleman must have great faith in the honesty of the people of Wiarton or Mr. Ward's ability as a Sherlock Holmes as he did not take the trouble to don his clothes and lock his premises. Some one aware that the door was unlocked could have carted half the goods away while the night watchman was at the other end of the town. A few nights later anoth er door was found unlocked, but the owner took enough interest in his stock to lock his door, thus easing the watchman's mind for the balance of the night.-Canadian.
