

Millinery

We beg to announce to our many customers that we are preparing to make a grand display of Summer Millinery. We will spend three days in the Queen City looking up the latest in summer millinery. There is always something new in the summer millinery, and that is what we will be able to show when we return from the city. We will also get a large supply of the new and dainty materials, and also see how these materials are used, and procure some of the latest style of shapes. We will have our summer models on display about the first or second week in May. We have as usual any amount of dressy and suit hats in black, and a very large display of children's hats.

Parisian Millinery Co.,

MISS DICK Prop.

Hardware, Grain & Seed Merchant

AGONIZING PILES.

Cured by Zam-Buk.

Mr. F. Astridge, of 3, St. Paul Street, St. Catharines, Ont., says: "For five years I suffered untold agony with protruding piles. No one knows the suffering one has to endure only those who are so unfortunate to have them. The pain was so great at times I would almost scream. I went down in weight and had no appetite. I tried everything I heard of for piles, but got no relief. I went to several doctors, but they would give me little hope of ever getting rid of them and I finally gave up in despair. One day a friend gave me a sample of Zam-Buk salve and told me of someone who had been cured. I decided to try it, and the relief I got was encouraging. I bought a box and the piles kept on diminishing and the pain was getting less. I used three boxes and am now completely cured. I wish I could have got Zam-Buk years ago, it would have saved me a great deal of misery. One thousand dollars would be none too small an amount to give for such a cure as mine. I wish I could convince every sufferer of the value of Zam-Buk."

Zam-Buk cures cuts, burns, chapped hands, cold sores, itch, ulcers, eczema, running sores, catarrh, piles, bad legs, abscesses, face sores, skin eruptions, and all skin diseases. It is good also for rheumatism, sciatica, etc., when well rubbed in. Of all druggists and stores, 50c., or from Zam-Buk Co., Toronto.

General News.

Burlington, N. J., April 23.—Several local churches propose a ban upon "Merry Widow" hats in the congregation during services. Pastors declare that men are becoming fewer at the services as the number of big hats increases, and that the popular style threatens to make many backsliders. Ushers in some of the more crowded churches were at their wits' end to seat their Easter congregations. Pews which have comfortably accommodated six persons would hold no more than four.

Chicago, Ill., April 23.—A despatch to The Tribune from Pekin, Ill., says: Governor Deneen had a hard time getting over the country from Quincy to Pekin yesterday, while on a speech making trip. He had to take a hog train to get across to Pekin. The train took its own time about making the trip. A few miles out of Havana it stopped. Passengers craned their necks to see what the trouble was and found the engineer sitting on the ties talking to his wife, who had brought the children along for a visit. Household matters were discussed at great length. The wife was going shopping and found that she needed more money. The astonished passengers heard a debate whether it was better to paper or whitewash the kitchen this year. After the passengers began to complain the engineer climbed into his cab and the train proceeded.

Chicago, April 23.—The bursting of a flywheel at the plant of the North Shore Electric-Light Company at Waukegan, last midnight, caused the death of two men, and probably fatally injured two others, and brought darkness to a number of north shore suburbs. The dead are J. H. Jansen, manager Waukegan Telephone Company, and an unidentified man. The injured are J. J. Cachin, inspector of the Electric Light Company, and F. T. Todd, draughtsman of the naval training school. From some unknown cause the belt on the huge flywheel, measuring twenty feet in diameter, caught fire.

The first electric car of the new Windsor, Essex and Lake Shore Electric Railway Company arrived in Leamington, on Wednesday evening. The line is now ready for operation.

A Sarnia boy had his right eye put out by a fish hook, while fishing the St. Clair river, on Thursday.

Battleford, Sask., April 23.—Miss Anna Matthews is the only survivor of a family of five as a result of prairie fires in the Tramping Lake district. The father went to fight flames which were sweeping down on their little home, and perished in the attempt. The house took fire and Anna Matthews, 18 years of age, with her clothes also ablaze, carried her five-year-old brother and sister to a place of safety, returned for her mother but was too late. She found her way again through the sea of fire only to find the other children had wandered again into the fire zone and had perished.

A CASE OF POISONING.

Not uncommonly caused by cheap acid corn salve. Be safe and use Patnam's Corn Extractor. Purely vegetable, harmless and always cures. Insist on "Patnam's."

Heard Nothing.

A four-year-old son of Mr. John Goodie, of Enniskillen township lost his life by lighting a match and setting fire to his clothing.

Pretty Young Lady—"I want a nice fluffy shirtwaist."

Clerk—"What bust, Miss?"

Pretty Young Lady—"I don't know; I didn't hear anything."

College Widow.

Hutton Hill.

The Sunday School which has been closed during the winter months re-opens the 10th of May at the usual hour 3 p. m.

We were proud to read how Rev. Farquharson and the Editors of our town, proved themselves to be "men" not caring for the cents and dollars but daring to show their colors, in regard to the fight for Local Option. It would be a grand thing for Ontario if we had a few more men like these in public office who would dare to stand for the right, no matter what it cost. Hurrah for these gentlemen.

We read within the pages of the Chronicle, two articles which were considered remarkable, one, crows being seen the 6th of March, and the other a potato having grown to normal size in Mr. Kinnee's cellar. Our burg can boast of something more extraordinary than either of these, on the 25th of March from this year's growing, oats 16 inches long. We imagine if they continue to thrive, the farmers will not be scarce of fodder this winter.

We also noticed another item of interest concerning a certain gentleman, who evidently has digested the dictionary, as he now understands the difference between a box social and a gambling affair. Never too old to learn.

Mr. and Mrs. A. McClinton and family, Varney, visited with Mr. and Mrs. Wm. Saunders, recently.

Rev. Mr. Bice is calling on his flock in this vicinity. The Reverend gentleman is always a welcome guest.

Mr. Bertram Bernes, Sussex, England, is engaged with Mr. Thos. E. Hutton. He came from across the seas in February 1906 and was engaged in Toronto at \$2.00 a day, but as he prefers farming he came up to these parts. His parents are both alive and well-to-do but like many another young gentleman he left England, thinking he would be rich in a short time in our fair Canadian land.

Miss Hannah Lawrence, teacher, daughter of Mrs. Joe. Lawrence, is engaged at Bainfeet, Sask. Her many friends will be glad to learn how she is doing in financial business. She has an average attendance of ten. For this number she receives a salary of \$360 per year.

Mrs. Robt. Bratan, Vickers, has been the guest of Miss M. J. Coff and Mrs. D. Hopkins for this last month.

Mr. Robt. Webber Sr., visited his daughter Mrs. Sirrs, Durham, one day not long ago.

One day lately Mr. and Mrs. D. Donnelly spent a day in Hanover with their cousin, Miss Wall, a dressmaker and milliner there.

Traverston.

Seeding is in full swing. A bigger acreage than usual is being sown.

To put in the crop on two farms requires wider harrows. Mr. Will Jack got a set last week from Messrs. McLaughlin and McQueen, of town.

Easter Sunday brought a special joy to the home of Mr. White Anderson. To him and Mrs. Anderson was born a son, their firstborn. Congratulations!

A letter recently received from Miss Allie Davis in Vancouver speaks in glowing terms of the bright, sunny days, the rapid growth of the city, and of the kindness shown her by former residents of Durham and vicinity, naming the Kilmer family specially. Her brother Jim has gone to Prince Rupert and Dick has a good sit at Abbotsford.

Mr. John Greenwood, Sr., is adding to the beauty of his home by getting the exterior of his house painted.

Elmo Edwards invested his savings in a colt a year ago. The pesky beast kicked the bucket on Saturday without much ado, and Elmo hasn't much conceit in stock speculation since.

At the bride's home in Holland, on Wednesday, April 15, Mr. J. Wesley Stoddard was most happily wedded to Miss Lucy Safford, the Rev. A. Shepherd, of Markdale, making the glad hearts one. We are not in possession of the particulars, but we've known Wes. for many years. He is a hardworking, thrifty, young farmer in good circumstances, and we welcome his bright partner to our neighborhood and wish the young couple much happiness.

Had to Bury Her.

Joe Luebbers, in the office of the chief clerk, fifth division railway mail service, at the Federal building, dropped into a barber shop at Goodale and High streets, the other day, and while he was waiting for his turn, a German came into the shop.

"Hello, Jake," said the barber.

"Hello!" replied the German stolidly.

"I heard you buried your wife?"

continued the barber.

"Yes; I had to! She died!" was the reply.

Then they both turned around and frowned at Luebbers who could not help laughing at the remark of the German.

"And I don't know yet whether he was joking or in earnest," said Luebbers.—Columbus, O., Dispatch.

A Gob of Thought.

"A man feels that he is getting very classy," remarked the occasional philosopher, "when he takes a bath without waiting for Saturday night."—Louisville Courier-Journal.

DARLINGS' DRUG STORE.

SPRING NECESSITIES!

Tri-Phenol

The spring disinfectant and deodorizer. 35c per bottle.

Sinecure Powder

The house-cleaners' friend.

Irish point curtains, cream, very handsome patterns, a rich looking curtain, \$6.75 pr.

Window Bonne Femme

Solves the problem of trimming the large window,—the easiest to put up and the most effective when it is up.

DOOR BONNE FEMME, the prettiest door curtain, \$1.25 and \$1.35

MADRAS CURTAINS, white and colors, decidedly new, 25c to 65c yd.

FILLED BOBINETS, spot and floral muslins, in great variety.

New Linoleums

Does your dining room floor need a new covering? Linoleum is the best. Will save you lots of work if you put it on the floor. We have laid in an extra supply of the 12 ft. width, block and floral patterns. Have also plenty of it 6 ft. wide.

New Shoes for Spring

Our shoe department is full to overflowing with the best shoes you can buy. Whether you want an expensive, dressy shoe or a moderate priced shoe, or a cheap shoe, well made and of good appearance, we are ready to supply you, always with the very best at the price.

School shoes for boys and girls. We got in a great lot of these the other day,—solid, honest, good looking shoes, that will give real satisfaction. See them.

JAMES IRELAND

Sole agent in Durham for Mechanic King Overalls.

McIntyre Block.

Hardware

Everything up-to-date and of the best quality is to be found at The Hardware Store.

We have a large stock of Seeds suitable for the man with the garden; also for the farmer. All fresh and of the best quality.

Any person requiring rubbers for their seeding machines can be supplied at 20c each.

Have you seen our hand-seeding machines? They are worth examining.

We can show you a good line of sprayers, garden rakes, hoes, spades, shovels and wheel barrows.

House cleaners shouldn't forget that we keep a stock of carpet beaters, carpet stretchers, curtain stretchers, ironing boards, clothes horses and step ladders.

Every person with a thorough knowledge of paints will tell you that there is no paint manufactured to equal the Sherwin-Williams' Ready mixed Paints for all purposes.

Place your order for coal early. We have already distributed eight cars. Every person that has used our coal knows the quality. There is as much difference between it and other coal as there is difference between Baswood and Maple in wood.
