**County and District.**

Clarksburg has a Fire.

On Monday about noon some excitement was caused by the vigorous ringing of the school bell. It appears that Mr. E. Parkinson had been smoking meat in the wood shed and supposed he extinguished all fire and was away from the house for some time. Mrs. Snetsinger first noticed the fire and gave alarm. By time help arrived the fire had made considerable headway, having caught into the roof of wood shed and kitchen. The bucket brigade, which, of course, is any one who is willing to work, did gallantly and soon had fire under control. A number of novel appliances were brought into requisition, such as window washers and squirt guns. The roof of kitchen and shed were considerably damaged in getting at the source of the fire.

**Relief from Rheumatic Pains.**

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale at Parker's Drug Store.

**NO EXCUSE FOR MISTAKES.**

This is the way the old Town. Me., Enterprise bears up under the tribulations of newspaper life:—We apologize for all mistakes made in former issues and say they are inexcusable, as all an editor has to do is to hunt news, and clean the rollers, and set type, and write wrappers, and make the paste, sweep the floor and pen short items, and fold papers, and mail the papers, and talk to visitors, and distribute type, and carry water, and saw wood, and read proofs, and dodge the bills, and dun delinquents, and take cussings from the whole force, and tell our subscribers we must have money—we say that we've no business to make mistakes while attending to those little matters, and getting our living on hopper-tail soup, flavored with imagination, and wearing old shoes and no collar, and a patch on our pants, and obliged to turn a smiling countenance to the man who tells us our paper ain't worth a dollar anyhow, and that he could make a better one with his eyes shut.

**Sore Nipples.**

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale at Parker's Drug Store.

**The Girls—Got Drunk.**

The misplacing of a "comma" may get a printer into a bushel of trouble. The Windsor Record gives the following instance: The reporter wrote it thus: "Two young men went with their girls to attend a teachers' meeting, and after they left the girls got drunk." The printer made it read: "Two young men went with their girls to attend a teachers' meeting, and after they left, the girls got drunk." Of course there was a big row, for the girls' friends denied that they got drunk; in fact they didn't touch the stuff; it was the fellows who got drunk. It was the misplacing of the little comma that caused all the racket.

**AS OTHERS THINK**

Everyone in Durham Has a Right to His Own Opinion.

While everyone has a right to his own opinion, yet it is wise to always consider what others think and profit by it.

Nothing makes life so miserable, or interferes so widely with the usefulness of the average person, as indigestion, and it is well for us to give fair consideration to what others think about this remarkable affliction.

MacFarlane & Co. are positive that in Mio n stomach tablets they have an absolute cure for indigestion and the many disagreeable symptoms that follow this disease such as distress after eating, coated tongue, bad taste in the mouth, dizziness, flatulence and nervousness.

They sell Mio n with satisfaction guaranteed or money back. They believe in it and so may you.

**EMERGENCY DANGER**

When a Harsh Catarrhal Cold Fastens on the Breathing Organs a Life is Threatened.

There are times when a Hyomei outfit is worth a life and having it at hand will save a life, no safer precaution can be suggested than calling at MacFarlane's drug store and getting a supply for use in the following cases.

When the child shows the first sign of croup a breath of Hyomei through the inhaler will check the trouble permanently.

When through catching cold you seem to be choking up, difficulty to breathe, pain or soreness over the lungs and other symptoms of pneumonia, the instant relief from Hyomei air is marvelous.

It penetrates quickly to the inner recesses of the bronchial tubes and lungs where no liquid or moist medicine can reach.

When an asthmatic condition presents unusual wheezing and oppressed breathing, Hyomei will bring rest, complete outfit \$1.00

**A Peculiar Accident.**

When John McKinnon left a carpenter's square on the roof of Mrs. Godfrey's house and came down to get a board on Monday afternoon he did not know that he would be laid off work for the balance of the week. But he was. Just how this happened is vividly told by Mr. McKinnon, who says, in his own modest way, which those who know the man will believe is not assumed, that he has merely been taught a lesson. He has learned that it is dangerous to put a steel square on a slanting roof and work underneath it. He found this out last Monday when he looked into the air and found the square coming towards him. He had but time to pull his head out of the way and by so doing saved a bad gash. His foot however remained stationary and the square struck it and went through his shoe, taking away part of the flesh and making a painful wound. The accident has temporarily disabled his foot and has interfered with his locomotive powers to such an extent that it will be several days before he will be able to resume work.—Bruce Times.

**Good Words for Chamberlain's Cough Remedy.**

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl Catherine, who is two years old, has been taking this remedy whenever she has had a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale at Parker's Drug Store.

**Around the World.**

One day last week we had a call from Valentine Wells of the Mount Forest Carriage Co., who was one of the successful travellers in the trip-around the world contest. It cost him \$1000 besides what the News spent on him, but he considers the educative benefit from such a trip well worth the price paid for it. In regard to the social condition of Japan all his previous ideas were upset. He considered the Japanese a fine moral people, but when he found that women in the Mikado's kingdom were treated as though they had no souls to save and that they could be bought as wives at \$50 and under and afterwards deserted, his ideas of Japanese virtue were dispelled. Val. is no longer an admirer of the Jap.—Chesley Enterprise.

**Chamberlain's Colic, Cholera and Diarrhoea Remedy.**

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Cholera, Cholera and Diarrhoea Remedy. During the third of a century in which it has been in use, people have learned that it is the one remedy that never fails. When reduced with water and sweetened it is pleasant to take. For sale at Parker's Drug Store.

**A Destructive Pest.**

A worm that played havoc with Mr. J. P. Johnston's strawberries last year and promises to perform a similar feat on a larger scale this year, has made its appearance in the South Ward. The worm in its advanced stage turns into a bug and flies about by night and crawls about by day. It multiplies like the sands of the sea, and under favorable conditions would soon replenish the earth with its kind. It is the avowed enemy of the strawberry patch and Mr. Johnston declares that he would sooner see a second plague of locusts than another invasion of these bugs. On Sunday night they hovered over the Johnston farm like an autumn mist and almost blocked the way to his barn. There is no known cure for this pest and the husbandman must often remain at the mercy of their attacks, unable to raise his hand in defence of his crops. In appearance they are about 1/2 inch long, 1/4 inch wide and have black bodies and red heads, a combination a man will not soon forget when he sees or suffers from them.—Bruce Times.

**Buried for Nine Months.**

A correspondent from the 10th con. of Carriek, writing to the Mildmay Gazette, tells the following story:—"A rather curious event came to light during the past week. Last summer, when Joseph Eidt was hauling in hay, a hen was accidentally buried in the hay in the mow. This week, in taking the hay out of the mow, Mr. Eidt came across his long lost hen, and to his intense surprise she was alive and was as active as ever. She had eaten out quite a cave for herself, and had plenty of room to move around. One egg was also found in her prison."

**Young Englishman Killed.**

A very sad accident took place on the Howick and Carriek townline on Monday of last week, by which a young Englishman, employed on the farm of Geo. Johnston, lost his life. The young man was driving a team of horses attached to a heavy land roller when the accident occurred. In going down a hill the unfortunate young fellow fell off the seat and dropped down in front of the roller, and the heavy implement passed over him, crushing him dreadfully. He was carried to the house and everything possible was done for him, but before many hours had elapsed life was extinct.

**BLOOD-CLEANSING RECOMMENDED IN THE SPRING TIME.**

**IN THIS WAY THE SYSTEM IS STRENGTHENED AND BETTER HEALTH ASSURED.**

From the earliest time it has been universally acknowledged that the transitory period between winter and spring is the seed time of disease.

Consequently it is necessary for us all to take suitable medicine.

A delay gives the germs and weakness a better chance to take hold.

Don't wait, think of your small resisting powers, and begin building up to-day. For weakness, overwork and debility the doctors prescribe Ferrozone; let it help you now.

Vitality and power are instilled into the blood; this means new strength for all weak organs.

The fire of youth will dance in your veins, and new found energy will increase your desire to work.

Ferrozone supplies the nourishing and tissue-building material your system lacks. Isn't this "a reason why?"

From Combermere, Ont., Mrs. Jno. Oram writes as follows: "For a number of years I was sickly in the springtime. I felt tired, nervous and had headaches. My blood was weak and damp days brought on rheumatism. My nervous system was unstrung and I felt utterly worn out. Ferrozone revived me in a short time. In two days my appetite increased, and I could feel a building-up process going on. This great tonic made a new person of me and I don't think a more strengthening medicine for the spring can be found."

Wouldn't it be just fine for you to get back your old-time spirits and vigor? Easily done with "Ferrozone"; commence to-day. Sold by all dealers, 50c per box or six boxes for \$2.50

**Darkie's Corners.**

Mrs. R. S. Moe, of Owen Sound, spent last week the guest of her cousin, Mrs. J. T. Tolchard, and returned home on Sunday accompanied by her husband.

Mrs. Thomas Meenagh visited at the home of Mr. and Mrs. Sam Ritchie last Sunday.

Our school grounds are undergoing quite an improvement at present. The grounds have recently been extended southward by the purchase of a piece of land from Mr. Charles Ritchie, and the erection of a fine new fence is in progress.

Master Robie Matthews was so unfortunate as to have his foot struck by a crow-bar one day last week by one of his playmates at school, the result of which, we regret to hear, is blood-poisoning, if the report be true.

Mr. and Mrs. Robt. Lindsay spent a week ago Sunday with Bentinck friends.

We were more than surprised to see by the item in the Chronicle that the contract for building the addition to the Registry office was given to an outsider. Mr. McDonald is certainly a master of his trade and we would think could leave a job finished as nice looking and just as substantial as the best of them, and we can't see the reason for the town to pass a good citizen when they have anything to be done that is in his line.

The 24th passed very quietly in this burg. Most of the farmers were busily engaged getting the ground ready for their root crop.

An interesting and enthusiastic meeting was held in the schoolhouse here on Saturday evening in the interests of the Conservative party. A large crowd was present, but being we were not on hand we have no particulars.

Mr. John Hewitt has recently improved the appearance of his dwelling house by the erection of a balcony along the front, finished by a six foot stretch of lattice work.

Mr. Thomas Meenagh is at present engaged at masoning with Mr. John Timmins near Markdale.

**FOR 5 YEARS EACH SPRING**

**FACE AND SCALP ERUPTION**

**TROUBLED THIS LADY TILL ZAM-BUK CURED.**

Miss Mary Levesque, 313 St. Adolphe St., Hochelaga, Montreal writes:—"I have found Zam-Buk an excellent remedy for skin eruptions. Up to this Spring I was bothered for almost five years with a red rash, small pimples and sores on my face and scalp thro' the hair. Nothing I used would clear this rash from my skin until I began using Zam-Buk. This salve has effectually and believe permanently taken off those unsightly pimples and sores from both scalp and face. I shall recommend Zam-Buk to all my friends.

For healing eczema and all skin disease Zam-Buk is without equal. It is good for rheumatism when well rubbed in. Files also yield to Zam-Buk. All druggists and druggists, spec. or Zam-Buk Co., Toronto.
