

CONSERVATIVES SWEEP THE PROVINCE

The Whitney Government Again Elected with a Majority of 70 Out of a Total of 106 Seats, the number of Conservatives Returned is 88, Liberals 17, and Laborites 1.

HON. J. P. WHITNEY
Premier of Ontario

HON. A. G. MACKAY
Leader of the Opposition

The triumph of Premier Whitney and his government over their opponents on Monday last clearly evidences the satisfaction of the people of Ontario with the Conservative administration for the past three years.

Though Mr. Whitney fully merited a return to power with a very substantial majority, the greatness of his victory more than exceeded the most sanguine expectations of the Conservative Leader and shows more than anything else that the people of this fair province can and will appreciate an honest and clean administration of their affairs.

Out of a total of 106 seats, 88 Conservatives, 17 Liberals, and 1 Laborite were returned to power, and when the parliament opens, Mr. Whitney will find himself the leader of a Government with a majority of 70.

The result of the election all through leaves not a doubt in the minds of all that the Whitney government has found favor with the masses, and this substantial expression of approval of the course pursued by the government in their administration of affairs is sure to exert them to do their utmost in giving to the people legislation that is honest and fair, and in the best interests of the majority.

In South Grey, though the majority for Dr. Jamieson has been cut down considerably, this is more the expression of personal opinions than the result of any political issues. Throughout the whole campaign, the Liberal party has steered clear of everything political, and has conducted a campaign of malignment and slander from the start.

DR. D. JAMIESON, M. P. P.
The Successful Candidate.

NEIL McCANNEL
The Defeated Candidate.

Throughout the province there were 17 Conservative gains and Liberal losses against the Liberal gain and Conservative loss of 7 seats. Amongst the prominent Liberal members who have fallen by the wayside are found such men as E. J. P. Pense, Kingston, the Opposition financial critic, Charles N. Smith, of Sault Ste. Marie, G. S. May, South Essex, and Chas. Bowman, of North Bruce, chief Liberal whip, while the most prominent Conservative to suffer defeat was the Hon. Nelson Monteith, of South Perth. Though Mr. Monteith's defeat is, to a certain extent, a blow to the Conservative party, the seat is naturally Liberal, Mr. Monteith being elected in the landslide of 1905 after a defeat in 1902 by Mr. Stock. A new seat will likely be opened for him, at once, and West Toronto A and Welland are spoken of as among the possibilities.

In North Grey, Hon. A. G. MacKay was returned with a reduced majority of 88, and when he next gathers his little army together in Toronto will find it sadly bereft of nearly all its captains and lieutenants, and little or no material left on which to build. Mr. MacKay's policy throughout the province has suffered a serious setback despite his misrepresentation of facts and his campaign of slander. The people believe in Whitney, and took the most substantial manner of showing so, for of the eight new seats created, four in Toronto and four in Northern Ontario, not a Liberal is to represent one of them.

In the defeat of C. C. Hodgins, North Middlesex, the government suffers a loss, and the Liberal elected, Duncan Ross, who was formerly in the West riding, has shown his pluck and organization ability in conducting a campaign in this gerrymandered constituency, Samuel Charters redeemed the riding which resulted in his being returned to power.

In South Brant, for the first time in forty-one years, a Conservative, in the person of W. T. Brewster, whose majority of 204 over McEwen, borders on the miraculous was returned, while in Peel, a gerrymandered constituency, Samuel Charters redeemed the riding with a large majority.

"Ten Reasons" and MacKay's "Sermonettes" would knock the bottom out of any good thing.

The Conservatives made a very substantial gain in Quebec. They had 9 in the last Legislature and 22 in this.

Centre Grey will give Lucas over a thousand majority. A wire from Markdale says 803 with 13 places to hear from.

The Globe was wrong as usual in predicting the withdrawal of the Conservative Campaign Pamphlet. Perhaps Mr. Whitney might gratify the Globe's wishes by calling it in now.

Now on to Ottawa.

LOCAL

DR. DEACON of Stratford will be at Dr. Gun's office, Monday June 15th for consultation in Eye, Ear, Throat and Nose troubles.

SCHOOL PICNIC—In Mr. Dan McDougall's grove, Mulock, on Thursday afternoon June 18th. Everybody invited.—2.

SAMUEL MAY, of Atwood, while working in the coal grinding department of the cement mill at that place, on Monday last, was caught by a belt and wound around a shaft, receiving injuries from which he died five hours afterward.

We learn that Mrs. D. Greenwood had the misfortune to have her house struck and damaged by lightning, and that Messrs. E. Armstrong and Sam. Langrill each had a cow killed during the storm that passed over here Monday night. Several trees were also blown down and the damage is now greater than first appeared.

WHILE waiting to purchase his groceries in a West London store Saturday evening Joe Reidy, of Cavendish street, was struck in the eye by a "Merry Widow" hat worn by a lady customer, cutting a slight gash just below the eye. Mr. Reidy was standing back from the counter awaiting his turn, when one of the ladies also waiting, stepped back to let a customer pass. In doing so the edge of the large hat she was wearing struck Mr. Reidy, causing the above-mentioned injury. Mr. Reidy is still suffering from the wound.

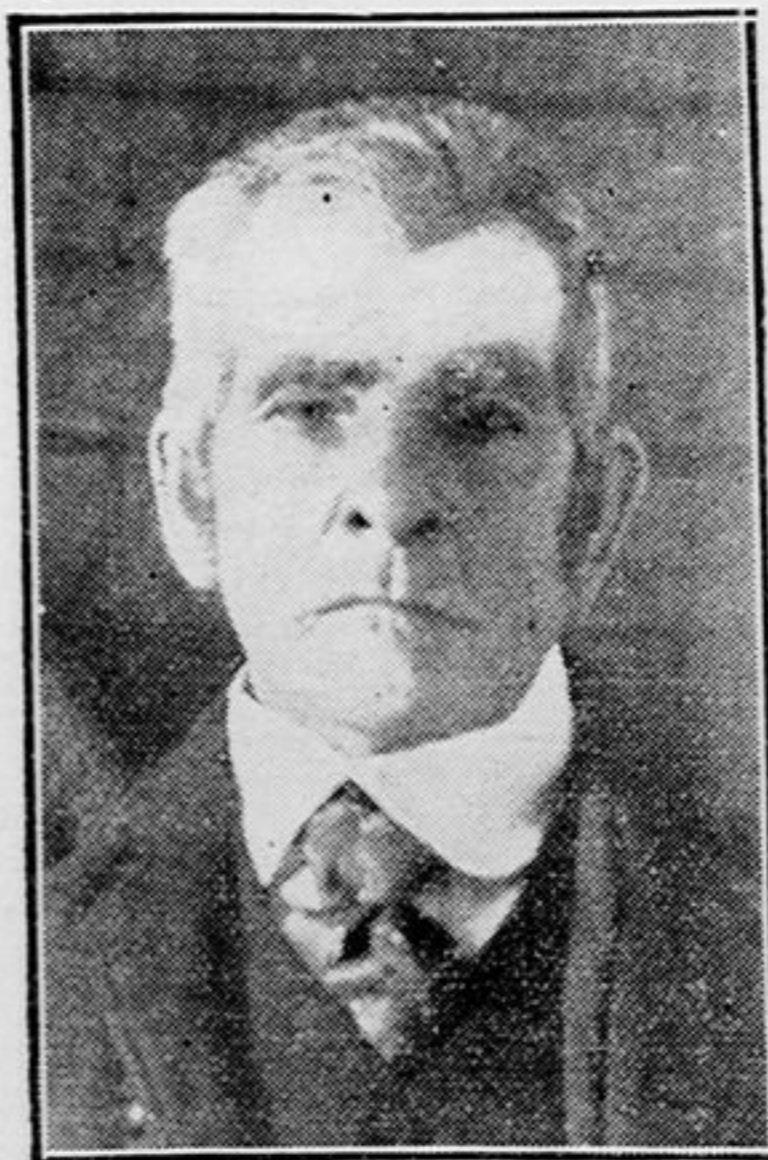

THE OLDEST VOTER.

To Mr. Robert Cuff, of Aberdeen, falls, we believe, the honor of being the oldest voter in this riding, if not in all Grey County or Western Ontario.

At the good old age of 92 he, on Monday last, was at the polls bright and early to mark his ballot for Dr. Jamieson and the Whitney Government.

Mr. Cuff is a native of Gosforth, England, and is the son of a soldier, his father being a private in the Royal Dragoons at that place. Born in 1816, the earlier years of his life were spent amid the clash and clank of an army post, though he moved, when still quite young, to the Isle of Man, where he remained for a time before taking up residence in Ireland.

Mr. Cuff emigrated to Canada about sixty-five years ago, and settled on the 2nd of Bentinck, near where he now resides, in the year 1845. At that time there were but few in the neighborhood of what is now known as Aberdeen, and to Mr. Cuff and these few

MR. ROBERT CUFF.

fell the duty of developing this great wilderness. Just how well these old pioneers did their duty may be seen by a drive through this flourishing piece of territory, situated about four miles from here.

Mr. Cuff was married about sixty years ago to a Miss Hopkins, who died in 1902 last. A family of 14 were born to this union, ten of whom are still living. Messrs. John and William Cuff, and Mrs. Hopkins, of Bentinck, and Mrs. Hutton, of Orchard, are all children, while the remaining members of the family are scattered throughout the length and breadth of Canada and the United States.

Throughout his whole life, Mr. Cuff has been a constant user of tobacco and has smoked for nearly eighty years. Despite his four score years, the old gentleman is able to be about, and the wish of his friends is that he may long be spared to mark his ballot for the Conservative candidate.

THE DURHAM CHRONICLE

IRWIN, Editor and Proprietor.

DURHAM, JUNE 11, 1908.

SANCTUM SIFTINGS

There is much reason for rejoicing at the luxuriant growth of the wheat season. For some time in the past the weather was cold and wet and caused a great deal of anxiety to the part of all classes. The farmers fearful lest we should have a bad and business men were in a state of anxiety. This is essentially agricultural country and what afflicts the farmer is felt by all. Poor weather will invariably result in hard times for all. The Agricultural Institute in this country must be regarded as the main-spring of all its activities. Destroy the main-spring and all other machinery will cease to act. In understanding this primary relationship, however, the farmer must not think that he can not get along without the aid and co-operation of the merchant the mechanic and the miller. He must not forget his interdependence on other classes. A clock that can not get along without the aid and co-operation of the merchant the mechanic and the miller is generally useless. If it possess a main-spring or a gear that can not get along without the aid and co-operation of the merchant the mechanic and the miller is generally useless. We are all interdependent one upon another and it isn't well to forget it.

To Whom It May Concern.

David Jamieson, a candidate at election for the Legislative Assembly for the Electoral District of North Grey, do, in compliance with the Ontario Election Act, hereby name as my agent David Bradshaw Jamieson of the Town of Durham, as my agent for the said election.

DR. JAMIESON.

To Whom It May Concern.

Whereby appoint Charles Ramage, of the Town of Durham, as my official agent at the election to be held on the 11th day of June, 1908.
