THE new C. P. R. short cut to the West was formally opened on Monday and is now ready for business. The first direct train for Winnipeg via Sudbury left Toronto at 9.30 p. m.

WE congratulate our fellow townsmen, Messrs. D. B. Jamieson and W. Tyerman, on having passed their third year at the Medical Examinations in Toronto, and Mr. H. Tyerman who was successful in passing his fourth year, and is now a full fledged M. B.

WE are in receipt of a copy of "The Inland Empire," a paper published at Moore, Montana, and which was sent us by R. J. Matthews, who was here recently visiting his relatives and friends in this locality. The sheet is a good one, is well illustrated throughout, and full of the news of that part of the country, which, like our own North West, is largely a farming community.

TRAVELLED Robin and Pickled Pete, two umbrella machinists sashayed into town on Monday last, and so far as we know are still in our midst supplying ribs, clothes and handles to that little article we always leave at home when it rains. There's no use in talking the world is full of every kind of people and we don't know but that the umbrella mender brings joy to the homes of some just as much as the tax collector. He's a mighty handy fellow to have around—if your umbrella is broken.

THE annual excursion to the Model Farm at Guelph was held on Saturday and seemed to be well patronized. Only 119 went from Durham, but the number was largely increased at Varny and Holstein. There was also a large crowd on the train from Elmwood and intermediate stations to Palmerston. The two sections would swell the number of excursionists to somewhere between four and five hundred we imagine. The farm is showing up well, and the Professors are courteous as usual in giving all the information they can about the different kinds of crops. As in former years, excursionists are furnished with a free lunch, and editors who are fortunate to go are sure of a good skin full once a year. There was a large excursion the same day from Lincoln, and from now on during the remainder of the months two or three excursions will be a daily occurrence. The train service was the best we have yet seen, and our party got to the Royal city on time.

DURING the thunder storm on Monday evening, something like a cyclone struck the south-west corner of Brant. Fences were levelled to the ground, apple trees up-rooted, shingles blown off barns, and one or two barns partly unroofed. A good many farmers had to gather their cattle out of the fields and put them in the stable to keep them from invading the wheat fields. We learn since the above item was written that the damage was not confined to Brant township. It was even worse in Carrick. Out on the 14th procession, Walter Hickling had the roof blown off his barn, rafters and all. The rafters, and they were big, green poles were carried into his neighbor John's field. His wagon was standing in the lane. There was a little grade and as the wind caught it, it went along at the rate of an automobile until it came to a steep bank. It was driven with such force that the engine was driven into the bank to the distance of three feet. Across the road Valentine Russworn's barn was unroofed and the report is that levelled fences and up-rooted trees are to be seen all the way to Durham. West of Walkerton John McLean's orchard was totally destroyed, there being only one tree left standing.—Telescope.

GOOD values in lace curtains at Grant's.

SPECIAL bargains in muslins and dimities at S. F. Morlock's.

TIES WANTED—Per C. P. R. For particulars apply to J. N. Murdock.

SPECIAL value in table linen, napkins and towels at Grant's.

ALL accounts and past due notes must be paid on or before the 25th June, or 6 per cent. interest will be charged.—John N. Murdock.

THE members of the Presbyterian choir picnicked at Bell's Lake on Friday last, and had a most enjoyable outing, spending the day in boating and fishing.

A QUIET wedding took place at the residence of Mr. and Mrs. Walter Dunn on Wednesday of last week when their youngest daughter, Miss Gladys, was united in marriage to Mr. James Murray, of Stratford, formerly of this place. Congratulations.

YOUR dining room floor can be touched up and refinished with Campbell's Floor Finish and the result will be very satisfactory. Alex. Russell carries a full line of all size cans and the manufacturers guarantee perfect satisfaction if the simple directions are followed.

THE windstorm on Monday evening of last week did much damage throughout the country, especially to trees and buildings. Miss Sarah Potter, of the 2nd concession of Bentinck, had the chimney of her house struck by lightning and part of the roof blown off her barn. Her loss will be light, however, as she carried insurance through Mr. A. Davidson, of this place, in the British America Company that will cover most of the damage done by the elements.

THE news on Tuesday morning that Mrs. Male, widow of the late Benjamin Male, had passed away at the home of her daughter at Cedarville, where she had been visiting the past three weeks, came as a shock to the community, as very few knew she was ill, and none that it was of so serious a nature. Beyond the fact that she died of Bright's Disease, we have no fuller information. Mrs. Male was a lady highly respected by all who knew her and her death is to be regretted.

THE Western Fair of London, Ontario, will be held this year Sept. 11-19. Those who have been in the habit of attending this exhibition in the past will scarcely recognize the grounds and buildings this year. Over seven thousand dollars have been expended on new buildings and additions, and the whole of them have been painted white, making a very beautiful appearance, being a complete "White City." More accommodation has been provided for horses; Grand Stands have been built, and other buildings extended and enlarged, so that although it is expected this coming Exhibition will eclipse all others in entries there will be ample room for all exhibits. All information regarding the Exhibition may be obtained from the Secretary, A. M. Hunt, London, Ontario.

THE bills are out announcing the Dominion Day celebration to be held here under the auspices of Ben Nevis Camp, Sons of Scotland. In addition to the usual Caledonian games, a baseball match between a picked town team and some good outside team will be played and special attractions are being secured directly from New York, among which is the Stubberfield Trio of aerialists and acrobats, and the Japanese Day Fireworks, which are fired from a mortar and present animals and objects in mid-air with an accurateness that borders on the marvelous. For music, the 31st Regt. Band and the London Pipe Band have been engaged. In the evening a grand concert will be given in the rink, when the best soloists and comedians from London and Toronto will amuse the crowd. The Stubberfield Trio will also take part, performing many difficult and interesting acrobatic and aerial acts. The celebration this year from present indications is to surpass in magnificence anything heretofore attempted, and with congenial weather conditions, a bumper crowd is due in Durham for July 1st.

A CAR of Windsor fine salt at Mrs. Beggs & Sons'.

CALL and see Grant's ladies' shirt waists.

LADIES' silk and lisle gloves at Grant's.

MR. THOS. LAWRENCE cut his foot with an adze a few days ago, and he will likely limp around a while.

ON Wednesday of last week Mr. B. Phillips disposed of his butcher business to Mr. H. Buckley, who takes possession on July 1st.

THERE was quite a heavy frost on Monday night, though so far as we are able to ascertain no serious damage was done.

THE races at Listowel, next week, July 23, 24 and 25, are well filled and the best horses on the circuit will all start. Reduced railway rates on all trains.

WE desire to call the attention of our readers to the new advertisement of W. J. McFadden on page 8. Read it—it may be of interest to you in more ways than one.

ON Friday night, Wilfrid Lake, son of John Lake, of this place, had his hand so badly cut by an old tomato can that it was found necessary to have three stitches put in. Dr. MacLaurin dressed the wound, and no serious results are anticipated.

THE Council met on Tuesday night, confirmed the revision of the Voters Lists and let the contract for watering the streets. In the absence of Mayor Calder the chair was occupied by Reeve Saunders. The contract for watering was let to Mr. John Shutz.

MR. PETE MATHESON refereed the Owen Sound—Hanover Lacrosse match in Owen Sound Wednesday last. According to the Owen Sound papers he did the job well, and the Sun says he had control of both teams at all stages of the game. The match went to Owen Sound 3—0 and Pete says they have a "lightning" fast bunch, but are not in condition.

DURHAM District L. O. L. held their semi-annual meeting on Monday afternoon last. The meeting was well attended and quite an interesting program of business was disposed of. It was decided to attend service in a body to the Baptist church on Sunday, July 12th, at eleven o'clock. On the 13th an excursion will take place on the new C.P.R. to Dundalk. Further particulars later.

THE "Fiz Biz" seems to be good in Durham this summer, despite the few cold spells that have been striking us where our winter underwear used to be. In order to keep up with the times, and make his Ice Cream parlor more attractive than ever, Mr. J. A. Darling has secured the services of the George Yiirs orchestra, which will, on Wednesday and Saturday evenings, render choice selections to the numerous patrons of his establishment on Mill Street. Mr. Darling deserves credit for his progressiveness, and his endeavors to supply the young people of Durham and vicinity with good wholesome amusement and refreshments at small cost will surely meet with success.

THE Cement Works will, in all probability be running full blast by the end of the week, though it is impossible, at time of writing to state anything more definite. So far as the work itself is concerned everything is in ship shape order, and all that is wanting is the marl which will be forthcoming just as soon as the C. P. R. gets in shape to bring it in from the new beds at Hanover.

THE volunteers, about twenty strong, left on Tuesday morning for their annual encampment at Niagara, accompanied by the 31st Regt. Band. The march to the station, which was witnessed by most of the populace, who turned out en masse to bid the boys "bon voyage," was such as to stir the patriotism of all, and the showing made by the company and the band was particularly good. The re-stationing of the band here has greatly aided the militia department and the officers in command of this company in getting a good company together, and next year the chances are that the company sent out from Durham will regain the old-time enviable position along military lines that it held in years gone by. Next week the CHRONICLE will contain a full account of the trip to Niagara and life in Camp as seen by our special correspondent.

A FOUL POME.

I owned a little game Rouster and i called Him little dick and with an other little game Rouster He got Kicked Kicked Kicked. my little game Rouster He would crow with all His mite. not thinking of doing eny Harm ore causing e y fight.

But He crowed Just once to often for the strength that He Possessed not thinking of the other Bird Being Just a little the Best my little game Bird i Prized Him Highly

I thought a lot of Him dont think my Boys Because Hes dead that im not in the swim i Have some Pullits my Boys and they are Pred Just Rite and after a few short mounths we will Have a Quiet fight.

my little game Bird was Black Red as neet as could Be when i would go into the yard He'd follow after me

Mrs. Large, who has been visiting her parents, Mr. and Mrs. Ben Williams, here, returned to her home in Toronto on Saturday.

Mrs. Bradford returned Monday morning to her home in Wiarton, after visiting her daughter, Mrs. Towner for a month or so.

Mr. and Mrs. Smith and little girl, of Palmerston spent Sunday with Mrs. Smith's parents, Conductor and Mrs. Pennington.

Reeve Erskine, of Euphrasia, was in town last week examining the bridge at Camp Creek with a view to making improvements or building a new one. It's a towline bridge and must be built by the County.

Mr. W. D. Mills returned last week from Edmonton where he has been spending the past six or seven months. He reports great prospects for a good crop. If nothing should interfere between now and harvest time, things will be bright out there again. Like all the others who go out West Mr. Mills gives evidence of the country agreeing with him. He has not yet decided whether he will take his family with him when he returns.

TO OUR ADVERTISERS.

We find it necessary to request our advertisers to have their change of copy in our office not later than Monday night instead of Tuesday noon as heretofore. The increased amount of advertising handled by us, and the fact that we are desirous of having the paper in the hands of our readers at Edge Hill, Aberdeen, Traverston Ebordale and other places where a tri-weekly mail service is in force, in ample time for the Saturday trade, should appeal to our advertisers in such a manner that they will readily comply with our demands.

Friday afternoon the Bankers a whirl out of the Flesherston in Flesherston and scored out a by by the narrow margin of 12. But though the score was e, the boys over the way had the e cinched till their initial pitcher s removed, when the strait ball slab st, who was evidently out of prac- e, handed out a series of bases on s and walked two men over the e saucer. This coupled with the e that the Durhams connected for a safe hits, some of them three-bags, resulted in the scoring of eleven s in one inning and made the visi- s feel happier.

This change in affairs rather nettled Flesherstonians, who thought the e was throwing the game Dur- wards, but there are still a few in old town over the way who realize t it was the change of pitchers that sed the landslide rather than any sions the indicator man may have eb. Any umpire who will steal e for his own team, is certainly ghty small potatoes, and especially when there is neither league stand- or honor attached.
