THE Public School Pienie at Hutton

Hill on Tuesday afternoon last was a

very pleasant outing for all present.

There was a good attendance, and

everything went off most agreeably.

The usual picnic sports were indulged

in and prizes were given the school

children for racing and athletic con-

tests, of which a list has not yet been

received. A bountiful lunch of the

most tempting character was provided

by the ladies, and a refreshment stand

was in full operation serving out soft

drinks and ice cream to all who desired

to indulge. A baseball match between

the Poplar Hill team and a team from

town was agreeably contested, the

town boys winning in a score of 20 to

8. Rev. A. A. Bice refereed the game

and gave good satisfaction, even if he

did hew straight to the line. His text

was "one ball, one strike, foul, safe on

first, out," and though he introduced

very few new ideas he developed his

subject very well. The weather was

everything that could be desired,

which, we presume, shows good judg-

ment on the part of Dominie Johnston,

the popular painstaking and efficient

teacher. The picnic proper was held

in the bush a little south of the school

and the baseball game was played on

Mr. Armstrong's farm, ideal spots,

THE house of Mr. and Mrs. Wm.

Walls was broken into on Tuesday

last and ransacked from top to bottom.

Fortunately only \$2 was left in the

house at the time, and whoever the

parties may be, they were poorly paid

for their trouble. It seems that Mrs.

Walls was out washing while her hus-

band was attending to his duties else-

where. The children were at school

and the house was without any pro-

tection whatever. To gain entrance,

the burglar must have broken open

the front door with a chisel or some

such instrument, as marks on the door

will not justify the suspicion that it

was shoved in by main force. When

the family returned home and dis-

covered the burglary Chief Carson

was at once notified, and suspicion

pointed to two umbrella men who

have been around for a day or so.

Their movements were, however, ac-

counted for on the day in question,

and it looks at present as if there is

absolutely no clue on which to work.

General appearances indicate, how-

ever, that the burglary was committed

by some person who was well ac-

quainted with the habits of the family,

or he could never have so turned his

movements as to strike the place at

the right moment without fear of dis-

### FARM IMPROVEMENTS

IDEAL FENCE

"HECLA"

Mean a Clean, **Smokeless** Home.

A warm air furnace, that will not leak gas or dust, provides an ideal heating system. It combines economy

in first cost-and in operation, a plentiful supply of warm air and perfect ventilation. That is why "Hecla" Furnaces are made with FUSED JOINTS. Where steel and cast-iron come together, the metals are

fused or welded, so that they practically become ONE. This fusing (a Clare patented process) makes the "Hecla" absolutely dust, smoke and gas, tight. There are a dozen and more other special features about

the "Hecla" that you will appreciate almost as much as the FUSED JOINTS. So let me send you the new Hecla catalogue, which gives all the details of construction. If you send me a rough plan of your house, I will tell you just what it will cost to install the "Hecla" Furnace. Write NOW to the "Hecla Furnace Builder" care of

L. C. KARSTEDT, Durham

#### Edge Hill.

Miss Lena Edge spent several days last week with friends near Spring Bank.

Mr. and Mrs. John Little, of Proton, were visiting the latter's mother, Mrs. R. Ector.

Miss Gardiner. Mt Forest, was the guest of her friend. Mrs. John Firth, for a few days recently,

Mr. James Banks, of Riverview, visited his parents here last week. The masons are at work this week on the stone foundation for Mr. Chas.

Moffat's stable. Miss Clara Greenwood is visiting friends at Massie.

Congratulations to Miss Amy I. Edge who passed with honors her examination at Faculty of Education Toronto University.

Quite a number from this part took advantage of the Farmers' Institute excursion to visit the Experimental Farm. Amongst those who went were Mr. and Mrs. Robt. Edge, Mr. and Mrs. Wm. Ritchie, Mr. and Mrs. D. Edge, Mrs. Jos. McNally, Miss Eva Ritchie, Messrs, Will McFayden, C. C. McFayden, W. R. Edge, Herb Edge, Arthur Edge. Mr. and Mrs. D. Edge went on to Galt and stayed over till Monday. Their aunt, Mrs. Kerr, of Galt, accompanied them home

Road-work has commenced in this neighborhood
