

Our New Story—"The Ghost of Lochrain Castle" begins this Week

NEWS AROUND TOWN

TANBARK wanted—Apply to T. Smith.—3 pi.

Hot weather sale of muslins, belts, long gloves, etc. See ad.—The House of Quality, H. H. Mockler.

WANTED—A house and five or ten acres of land in connection, close to Durham. Apply to A. H. Jackson.—(2530).

The residence of the late Mrs. Male is advertised for sale in this issue. It will make a cosy little home for somebody.

SCRAPERS FOR SALE—A number of second hand drag scrapers suitable for farm work. Apply to Macdonald & Stephen.—6183p.

PHOTOGRAPHS—For the month of June one large 12x14 Photograph with each dozen of our best cabinets.—Fred Kelsey.

FOR SALE, CEMENT SHARES—National Portland Cement Stock for sale. Will sell at a bargain. Address, Cement P. O. Box 223, St. Thomas, Ont.

Mr. D. Kinnee received an invitation to the marriage of a niece Miss Anabel Kinnee, in Seattle, Washington. Owing to pressure of business Mr. Kinnee was unable to be present and sent his regrets. The marriage was solemnized on Wednesday last.

The monthly meeting of the Durham branch of S. G. Women's Institute will be held at the home of Mrs. W. J. Blyth, Varney, on July 2nd. Topics, "Picnic Lunch" and "Sunday Dinners," will be taken by Miss McAnulty and Mrs. R. Pettigrew, respectfully. All are welcome.

The Canadian Order of Foresters attended divine service in a body, on Sunday last at the Methodist Church. About fifty or sixty were in attendance and a very appropriate sermon was delivered by the pastor, Rev. W. S. Jamieson. The Canadian Order has a large membership in this town and vicinity and they seem to be working along harmoniously and increasing steadily.

The fourth annual excursion of the Durham Epworth League, will take place to Niagara Falls on Friday, July 3rd. The rate from Durham is \$2.35, children, half-fare, good to return by any regular train up to Monday, July 6th. This is one of the most enjoyable excursions a person can attend, and it is cheap too. Those who ever saw the Falls will enjoy seeing them again, and those who never saw them should not allow this opportunity to pass. The train is to leave here, at 6.30 in the morning, Friday, July 3rd.

Mr. JOHN STEWART, C. P. R. draughtsman here, his motor cycle, and Jimmy Wilson's dog got into trouble on Thursday evening last, and, as a result, Jimmy has no dog. Mr. Stewart was coming into town on his cycle, and when opposite Mr. Wilson's the dog ran out and attacked him. Not gauging his distance properly, and not understanding motor cycles very well either, he ran too close and was struck by the front wheel of the machine. He never moved afterward, though the same can't be said about Mr. Stewart, who was thrown to the ground quite forcibly and sent headlong up the roadway on his hands and side. How he escaped serious injury is hard to understand, but beyond a few scratches and a shaking up, he appears little the worse of the accident.

How he escaped serious injury is hard to understand, but beyond a few scratches and a shaking up, he appears little the worse of the accident.

DURING Friday night's storm, the house of Mr. Jos. Ferris, of the South Line, near Priceville, was struck by lightning, and considerable damage done. Mr. Ferris was knocked insensible, and Mrs. Ferris, who was holding her two years old baby was also rendered unconscious. The baby is at present in a critical condition, and it is not known whether or not it can recover. Mr. Ferris recovered from the shock, and found that the stove had been blown to smithereens, with part of it resting on his unconscious child. He immediately summoned a neighbor, who procured medical aid as quickly as possible. It was a close call, and though Mr. and Mrs. Ferris will experience no ill effects from their adventure, at time of writing it is impossible to say how seriously their child was injured.

ON Dominion Day the Durham Post office will be open from six to seven in the evening.

HOUSEMAID WANTED—Young woman as housemaid. Apply giving references, 78 Park Road, Toronto.

THE County Parliament is assembled in Owen Sound this week. Reeve Saunders is the representative from this city.

ON Saturday night at Darling's Refreshment Parlors a carnation or a rose will be given away free with each cream soda or other 10c refreshment.

WHY swelter with the heat. Cool underwear, straw hats, white duck and flannel trousers can be obtained at The House of Quality, H. H. Mockler.

TROUSERS.—Something out of the ordinary. Just opened up. Perfect fit and the finest material we have ever shown. Priced from 1.50 to 4.00, all A 1 values.—The House of Quality, H. H. Mockler.

A CONSERVATIVE Convention is announced for Friday July 10th, when the Hon. George E. Foster, and others will be here to address the electors. Everybody is cordially invited to be present to hear the addresses.

THE Independent Order of Foresters will attend divine service at the Baptist Church, on Sunday, July 5th, at 11 a.m. Members are requested to meet at their hall, not later than 10.30. John H. Rose, C.R., W. H. Moffat Sec.

FLOODED THE HOSE.—The violent rain storm on Monday night caused a flood in our hosiery department. Several hundred boxes were destroyed by the water. Though the hose themselves are undamaged, to save trouble and expense of re-boxing, we are offering them at bargain prices.—The House of Quality, H. H. Mockler.

A MILLION and a half dollar fire occurred Monday at Three Rivers, Que., a city of about 13000 inhabitants. On Saturday Burk's Falls suffered loss by fire amounting to \$150,000. Both places are left in ruins, and many of the inhabitants are destitute and homeless. Three Rivers was founded in 1634 and is one of the oldest cities in the Province of Quebec. It was situated on the north side of the St. Lawrence River, about mid-way between Montreal and Quebec.

AN Austrian in the employ of McDonald and Stephen was drowned in the Sauguen at Hanover on Friday evening last. He had gone down to the river to get a couple of buckets of water, and, not returning, his comrades went in search of him. They found his clothes and the buckets on the bank, but could see no trace of him. When he did not turn up the next morning, the foreman was notified, and on search being made the body was found in about twenty feet of water not far from where his clothing was discovered.

ON Tuesday evening last Mr. David B. Hopkins narrowly escaped death at Hutton Hill crossing of the C. P. R. about a mile and a half from this place. He was on his way to Hutton Hill school picnic and when driving over the crossing was horrified to see an engine and passenger coach rapidly bearing down upon him. Mr. Hopkins says he is positive the whistle was not sounded for the crossing until the engineer observed him on the track ahead. How he escaped he does not know, but he would not take another chance of its kind for a considerable sum. As residents of this locality know, the Hutton Hill crossing is exceptionally dangerous, as is the crossing at Garafra street in this town, and with the several narrow escapes that people have had from being run down, it is up to the railway company to be more careful and provide protection for the travelling public at these and other points. As representative of South Grey in the Dominion House, we look to Mr. Miller to make objection to the deal the people of this constituency are getting in the matter of railroad crossings, and think it would be well to act now, before loss of life occurs. The train which came so nearly putting Mr. Hopkins under the sod was the official car that passed through earlier in the day. Besides himself, the rig was occupied by his wife and Mrs. Bratton.

THE official majority for Dr. Jamieson in South Grey is 261 and not 265 as published last week.

THE Prize List will be continued next week. It was crowded out this issue.

THE Entrance Examinations are being held this week. There's a good crop of candidates here.

A PUBLIC School Picnic will be held in Johnston's bush, Allan's Section, on Friday, June 26th.

THE fine new Railway Station at Berlin was struck by lightning Monday and damaged with loss of contents to the extent of 12000.

THE Presbyterians have placed an order for a new pipe organ. The Warren people of Woodstock have the contract.

NOT five hundred feet of hose, but five hundred feet. Boxes destroyed by flood on sale at cut prices. The House of Quality, H. H. Mockler.

DON'T forget the excursion to Niagara Falls on the 3rd of July. It leaves here at 6.30 a.m. The fare is 2.35.—Children between five and twelve half adult fare.

A SPECIAL meeting of Ben Nevis Camp will be held on Friday 26th June to make final arrangements for the celebration. A full attendance very desirable.

VISITORS to Durham on Dominion Day will be able to procure meals at the Town Hall, where a good table will be spread by the members of the Baptist congregation.

WE are pleased to report that Mr. Percy Daniels is recovering from his severe illness of the past two weeks. Also Mr. Wm. Ritchie who underwent an operation in Guelph hospital for cancer last Wednesday.

THE storm on Monday evening last was one of the most severe so far this season, and considerable damage was done throughout the country. The C.P.R. tracks between here and Hanover, were washed out in a couple of places, and three culverts on the public road also gave way to the flood. Mr. Caldwell had the misfortune to have one of a team of horses drowned in one of these, while taking some travellers over to Hanover. The men of the road lost their grips and hats in the accident and had to walk the remaining distance, about four miles. The cement engine left here that evening for the marl beds for a supply of marl, but were forced to return. They got through all right on Tuesday, and as they are to have a supply every night, it is likely the works will be running in full blast in a day or so.

BORN.

NELSON—In Glenelg, on Saturday, June 19th, 1908, to Mr. and Mrs. Jas. Nelson, a son.

MARRIED.

MARION—EVERITT—In Durham, on Wednesday, June 24th, 1908, at the residence of the bride's parents, Miss Edith Everitt, to Mr. P. Marion, both of Durham.

ALJOE—STUMPF—Wednesday, June 24th, 1908, at the residence of the bride's parents, Elmira, Mr. Arthur Aljoe, of Durham, to Miss Carrie Stumpf.

OBITUARY.

MRS. BENJAMIN MALE.

The remains of the late Mrs. Male, whose death we referred to last week, were interred in Durham Cemetery on Thursday afternoon last. She died at the home of her daughter, Mrs. McTavish, of Cedarville, where she had been for about three weeks prior to her death. Her maiden name was Sarah Putherbough. In January 1808 she married the late Benjamin Male, only one daughter resulting from the union. The deceased was a strong healthy woman until after the death of her husband in June 1905, when she began to fail. She was a member of the Baptist church here for more than a quarter of a century. Before removing the remains from her daughter's home a service was held by Rev. Mr. Riddford, Baptist minister of Mt. Forest, and the last burial rites were conducted here by her own pastor, Rev. W. L. Newton. Besides her daughter, Mrs. McTavish, she leaves two brothers at Kincardine and one at Sault Ste Marie. She died on the 16th of June at the age of 59 years.

LACROSSE IN HANOVER.

On Friday afternoon last, at Hanover, before a fair sized crowd, the Owen Sound lacrosse team went down to defeat at the hands of the Hanover twelve, to the tune of 10-9.

Though the game, to one not interested in either team, was not of the class the Durham spectators expected to see, it had its brilliant features, and occasionally a flash of combination and good team work would crop in and remind a spectator of the days gone by when lacrosse was the one great game of this part of the province. Altogether, the Sounders had the best combination, and though they lost the game it was due to the loose work on the part of their defense at critical stages of the game.

In the first quarter it looked all Hanover, the score standing when time was called, 4-1. The Owen Sound aggregation pulled together somewhat after this and for the next two sessions helped themselves to a series of seven goals to the Dutchmen's two. When the teams lined up for the final quarter, the score stood 8-6 with Owen Sound on top and playing strong.

At this juncture, the Owen Sound defense went to pieces, playing much the same game as in the first quarter, and, failing to properly cover their checks, the home team landed three into the nets to their one, and at full time the score was a tie, 9-9.

In the extra time, the Hanover bunch scored the winning goal in three minutes and it was all over.

For Hanover, Herman Wendorf played the best game on the field, and is easily the fastest and headiest man the Hanover aggregation can boast of, while Henning the goal keeper, is certainly a star in his position between the flags. Sam Wendorf, too, played a good game, such as it was, though his tactics at different stages of the game were not conducive to good, clean lacrosse.

Of the Owen Sound aggregation, Hare and Nevins were the chief actors, and easily have the Indian sign on anything on the line-up of Friday.

The game throughout was not particularly rough, thanks to Jimmy Farrell of Arthur who handled the whistle and penalized for the slightest offense, and though Durham's lacrosse sports haven't very much admiration for Owen Sound's methods in playing the National Game in days gone by, they are forced to admit that of the two teams, they were much cleaner in their tactics on Friday than their opponents—but we're going to see what they'll do at home before we give them too much praise.

CANADIANS aren't going to be behind in the way of inventions if they can help it. A Haliburton man has invented a powder that "is harmless until made air-tight," and "may be a world beater." A Haliburton despatch says:—For some time J. E. Holmes, of Haliburton, has been experimenting with explosives and has finally formulated one that should make his name famous to the world, the new explosive being not only very powerful, but absolutely safe for transportation, besides being quite inexpensive. Mr. Holmes and his friends have every confidence in the discovery and do not hesitate to place a quantity of the powder—for a powder it is—upon a rock, floor, or on the ground and set fire to it with a match, where it will slowly burn. They will also pound it with a maul or eat it and say it is perfectly harmless until excluded from the air and reached by an electric spark or fire from a fuse. The climate has no effect upon it, neither has the lapse of time, and it is evidently destined to become the best known and most used explosive for blasting purposes, if not for heavy firing guns, throughout the world. A charge of it was placed in a hole about three feet deep in a rock, and after the fuse was in place the hole was filled with earth only packed in by hand to exclude the air, and the power displayed was greater than either dynamite or powder. Mr. Wigmore, an expert who has had wide experience with explosives in South Africa and elsewhere, says "It is a world beater." A company is formed to promote the enterprise, consisting of the discoverer, and Robt. Cain, Henry Brohn and William Hudgins, of Haliburton; R. E. Southbey, of Port Hope, and a Mr. Cowan, of Toronto, all of whom were present and saw the demonstration. The new explosive is covered by patent for all Canada, and patents are being applied for covering all other countries.

A Great Showing of Men's and Boys' Clothing

We are showing an extra large stock of Men's and Boys' Clothing, composed of the very latest styles—made from the new shadow stripe and over-plaid effects in fine tweeds and English worsteds in great range of colors in greys, browns, blues, and blacks.
