

VICKERS.

Continued from page 3.

Mrs. James Turnbull is in the sick list but we hope to hear of her speedy recovery.

One of Mr. John Adlam's children was kicked by a horse one day last week. The wound was so bad the Doctor had to raise the skull off the brain. The child is doing as well as could be expected.

Mr. and Mrs. Robert Smith, of Artemesia, called on the latter's parents Mr. and Mrs. J. W. Vickers, on Friday last.

The Rev. Rogers preached his farewell sermon on Sunday last. Sorry to lose Mr. Rogers from our midst. Mrs. John Bailey took in the excursion to Niagara Falls on Friday and remained till Monday.

A few from around here went to Hampden Picnic on Saturday last and report a good time.

Mr. and Mrs. Robert Lindsay, of Glenlog, spent Sunday last in this vicinity.

On Monday evening, June 29th., a large number of invited guests assembled at the home of Mr. Thomas and Miss Adeline Reay to bid farewell to Miss McLeod who has been teacher here for the past three years.

Miss McLeod has won the hearts of young and old, which is easily seen by the expressions of sorrow at her going away and the best wishes of all for her in the future. A good program was provided for the evening, including songs, recitations and music. After a lunch was served the school children gathered in a group and the following address was read by Miss Blanche Wise and Miss Lina Torry presided her with a handsome suit case. Miss McLeod was taken by surprise, as she knew nothing of part of the programme until the children gathered round her. She was almost moved to tears at parting with her little friends, and thanked them for their kindness to her and for the beautiful present. She also received other presents from some of the children.

THE ADDRESS.

S S. No. 3, Bentinck. June 1908

Dear Miss McLeod,—We are very sorry to part with you as our teacher. You have been so faithful and kind. We thank you for your sincere labors with us to get us an education which we will no doubt come to see will be good for us, and for your steady, honest, Christian example, so before us. Be assured that you have our love and good wishes wherever you go, and in our prayers we will not forget you. May we meet in heaven.

Friend after friend departs,
Who hath not lost a friend?
There is no union here of hearts
That hath not here an end.

Will you kindly accept this little present as a token of our love for you.

Signed on behalf of the school,
ADELINE REAY,
MARION COUTTS,
SARAH PARK,
BLANCHE WISE,
TINA TORRY,
MARION COUTTS.

North East Normanby.

Wedding bells are ringing around the corners.

Miss Lottie Fee is spending a few days near the Rocky.

The U. School and Sunday School picnic passed off very pleasantly. The main feature of the program being the presentation of a beautiful gold chain, a parlor clock and stationery to the teacher, Miss Adair. Much sorrow was felt at her departure among those she had labored among for three years.

Mr and Miss Adlam, of Collingwood spent a short time at our picnic Tuesday.

Mrs. John Marshall and Master James took in the excursion to Niagara on Friday.

Glad to report Mrs. Ferguson is improving after her recent illness.

Muloch.

Mr. and Mrs. Wm. Brown visited with Rev. and Mrs. McLellan of Walkerton last week.

Mrs. Rogers of Holstein, nee Miss Adams, who taught here about twenty years ago, visited friends here a few days.

We have stiff opposition in the peddling business this year.

Our teacher, Miss Harrow has gone home to spend the holidays, after which she will attend Normal. We wish her pure success, and hope we may get another teacher as good.

We are pleased to see Miss Mary Britton out again, even with the aid of a stick.

Mr. and Mrs. Clare of Washington, have arrived here to remain with the latter's parents Mr. and Mrs. John McGilivray.

The base-ball game between Ebenezer and Muloch was played here on Friday evening last with a result of 16-0 in favor of the home team. Owing to the late start they could only play two innings.

On July 1st the little three-year-old son of Mr. John Adlam received a kick from a horse which fractured his skull and left him unconscious. Dr. Gan was speedily called, who put several stitches in the little lad's head. At time of writing the little fellow is doing fine.

Traverston.

Mr and Mrs. Wm Firth and Mr. John Greenwood Sr. took in the Niagara trip on Friday and had a most enjoyable time.

Miss Anabel Blair arrived home on Thursday last after spending over a year with relatives in southern Minnesota. She is the picture of health and gracefulness.

Mr. and Mrs. Bright and bright baby of Toronto are visiting their cousins, the Peart families.

M. S. Geo. Robertson with Bonnie Misses Annie and Mabel of Moleworth are having an enjoyable holiday time at Mr. John Greenwood's cosy home.

Mr and Mrs. Will Reed, of Lansing, Mich., who are touring in a handsome automobile spent a day last week at Councilor Hunt's and gave the family a jolly ride around the block. If all automobilists were as careful and considerate as Mr. Reed there wouldn't need to be much anti-legislation.

Mr. John O Greenwood and baby boy spent part of last week with relatives in Bentinck.

So far as our observance goes, the crop outlook is as follows:—Hay will not be heavy, may average three fourths of a ton to the acre; oats are looking well, but are threatened with the blight of last year; peas are good; barley, only fair; fall wheat not so heavy a crop as last year but a good average; corn and roots doing extra well.

Mr. W. L. Falkingham has disposed of 25 acres of the land adjoining the river at the Falls to Munis Bros. for a handsome figure. He is having his house, stables and barnyard illuminated by electric light.

Townsend's Lake.

Abundance of rain these times which is keeping crops growing rapidly.

Misses Mary and Maggie Brodie arrived home from the city a couple of weeks ago to spend a month around the lake. They intend to return again.

During the heavy electric storms on June 21st and 22nd, Mr. James Brodie had his barn struck with lightning, but not much damage done. He also had a three year old heifer killed which was standing nearby.

Mr Chas. Boyle and son Wm. have got the re-roofing of their barn about completed. They have used upwards of forty thousand shingles.

Through persistent coaxing, we did happen to get a couple of small road contracts let around the Lake.

A gag of hustlers gathered at the school yard for the purpose of erecting a flag pole. After having the pole in shape they ran up the Red, White and Blue which floated beautifully in the evening breeze, then, falling into line, gave three rousing cheers, making everyone feel more loyal to King and country.

The Public School picnic held in McArthur's bush was a happy event for the children. The section was fairly well represented. About the middle of the afternoon Mr. Joseph Boyle was called upon to take the chair and after a few words from him, a good program followed, which consisted chiefly of drills and recitations by the scholars. By the way so many little folks get up before an audience and go through drills and recite, there is a great future in store for this country.

NERVOUS?

Do You Brood?
Have Morbid Fears?
Toss In Your Sleep?

Try Ferrozone.

All the vital activities of the body are quickened into new vigor by Ferrozone, which contains all the constituents necessary to make nerve strength.

Its first action is upon digestion. It stimulates the secretion of gastric juice, ensures perfect digest and prepares the food so as to be easily assimilated.

Thus everything you eat is converted into nourishment that enriches the blood and lends new strength to the nerves.

By Ferrozone the mind is relieved of those brooding tendencies, of morbid unnatural fears, of unwillingness to concentrate attention on things that should be done.

Won't you try Ferrozone?

Won't you give it a chance to win you back to health; it will do it, just as it did for Mrs. Creighton Zinck of Palm St., Lunenburg, N. S., who says: "I want to give my experience with Ferrozone because I believe it will be of assistance to thousands of women who need it badly. I was very thin, run down in flesh and lacked color. My nerves were in a dreadful state. If anything fell I would jump and start. At night I would suddenly wake up, heart palpitating and all keyed up. Ferrozone went right to work. It restored my poise and balance, gave me self-control, cured my nervousness. Ferrozone increased my appetite and my weight came up so fast that I simply didn't need to eat any longer. Eight boxes cured me."

Why won't you use Ferrozone also, it certainly will do you good in many ways—sold by all druggists in 50c. boxes.

Twenty-five years ago it was difficult to sell spring wheat flour for pastry at any price. People didn't want it—they were using soft, winter wheat flour, and saw no reason for changing.

But hard wheat flour was persistently pushed and prejudice has been overcome. The women tried it, succeeded with it and appreciated it.—To-day hard wheat flour is the favorite for pastry as well as for bread. The flour that is doing the most for the reputation of hard wheat flour is the brand known as

Ogilvie's Royal Household

It is hard wheat flour at its best—milled by modern methods, retaining all of the good of the wheat and none of the bad—it is without an equal for every kind of baking in which flour is used.

Talk to your grocer about it—if he isn't enthusiastic it's only because he isn't informed.

Ogilvie Flour Mills Co., Limited.
MONTREAL.

Killed by Lightning.

Tuesday's thunderstorm brought sorrow to the home of Mr. Michael Hayes, near Dalston. About two o'clock a bolt struck the house in two divisions, one entering from the chimney and emerging from the stove, the other entering from the eave traversing the studding and finding its way through the plaster to the kitchen floor. Three of the children were sitting on the lounge at the time near the stove. All were struck. Frank, aged nine, lingered until six o'clock. Lauretta, aged five, was so seriously injured that at time of writing little hope is entertained for her recovery. Stella, aged seven, was only slightly affected by the shock. The cellar joists were converted into kindling wood by the terrible force of the bolt. Much sympathy is felt for the prostrated parents.—Elmvale Lance.

\$10 counterfeit bills of the Farmers Bank are in circulation. The fact that the highest number borne by any genuine \$10 note of the Farmer's Bank in circulation is 3,750 afforded an easy method of detecting the counterfeit bills.
