FLESHERTON. (Continued from page 8.) evening last, a resolution was unanimously adopted instructing the secretary to convey the sincere sympathy of the Lodge to the sorrowing widow of the late Mr. Wm. Strain, who passed away on the 26th ult. The deceased was one of the oldest members of Prince Arthur Lodge, in which he was initiated into Masonry over 32 years ago. Miss Allie Wilcock left on Monday with her brother to spend a month in Buffalo. There is the usual exodus from here of visitors to the Toronto Exhibition. Thetford Mines, Aug. 20.—(Special.)—A very pretty house wedding was quietly celebrated on Wednesday morning, August 19th, 1908 at the residence of Capt. Jos. Gilchrist, Thetford Mines, Quebec, when Miss Isabella Gjerdrum was united in holy wedlock to Mr. Frederick Ashfield, of Ottawa. The bride was becomingly attired in a handsome hand-embroidered grey silk gown and carried in her hand a white shower bouquet. She was attended by her sister, Miss Christene Gjerdrum, of Brooklyn, N. Y., who was also gowned in grey silk and carried a pink shower bouquet. The groom, who was supported by Mr. H. Usher, of Ottawa, presented as a memento of the happy occasion a ring set with three whole pearls to the bride, a solid gold English bracelet to the bridesmaid, and a gold tie pin set with pearls to the groomsmen. As the clock struck eight, the bride entered the parlor, which was attractively decorated for the occasion, leaning on the arm of her step-father, Captain Gilchrist, and took her place beneath a floral canopy beside the groom, while Miss Parker played the wedding march. The ceremony was performed by Rev. Robert Keefer, of Jordan Station, Ont., uncle of the bride, and Rev. A. O. Watts, of Leeds, Quebec. After partaking of the wedding breakfast, at which Miss Ida Gjerdrum, sister of the bride, and Misses Parker and Johnson, of Thetford Mines, served, the bridal party entrained for their home in Ottawa, spending a few days in the Ancient Capital, and the Canadian Metropolis en route. On the Saturday evening preceding the wedding, several members of the choir and congregation of the Methodist church took peaceful possession of the home of Captain Gilchrist. Mr. William Smith accounted for the invasion of the home by reading a beautifully worded address and calling upon Mr. Lipsey, who presented Miss Gjerdrum, the bride-elect, with a handsome cut glass water set as a slight token of the appreciation of the congregation which she had served for some time as organist. Numerous other costly gifts received from friends near and far bore eloquent testimony to the esteem in which the happy couple are held by their many friends. —Sherbrooke, Que., Daily Record.

HURT IN A RUNAWAY. They Took Possession of a Rig in St. Catharines and the Horse Became Frightened. St. Catharines, Sept. 4.—Two Thorold girls, Alice Dundas and Lena Crick, had an experience last night that they will not soon forget. About nine o'clock they took possession of a rig standing on Albert street belonging to Burwell Dilts, of Decow Falls, and went for a drive. After going around the square they were returning, when the horse became frightened and ran away. It continued on its mad career until Merriton trolley station was reached, when it fell. The girls were thrown out in front of the Riordon Paper Mill.

Can't Hang Around the Station any More. If the parents of a number of boys, between the ages of 7 and 14, are called upon to defend their sons in the police court some of these fine days do not be surprised. It is strictly against the law for children not accompanied by a proper guardian to visit the railway station. Out of twenty boys at the C. P. R. depot Monday night, who were questioned as to their business there, only six admitted being on the premises for the sole purpose of delivering the evening papers. To meet the trains and get their supply of evening papers is a necessity, but when the other 14 out of the 20 boys mentioned above are rip-tearing around the station, through the cars, in front of moving trains and into other mischief, such as cutting their initials on the station-house, etc., we do not wonder at the officials sending a detective to make trouble for the parents who allow their youngsters to run at large. After this only newsboys will be allowed to visit the station without a guardian and then they will be required to furnish proof that they are there for that purpose only. Others caught there out of idleness or mischief-making will be forced to give their names and the parents will be called upon to defend them on a charge of trespass. For quite a while a number of girls have been meeting the trains every night and making nuisances of themselves, and they, too, will be asked to vacate the premises. The girls' ages range from 13 to 17 years, and some of them have already started on the downward path. They have become such a nuisance at the depot that the railway authorities have determined to prohibit them hanging around the station, where they chatter to freight train hands and generally make fools and nuisances of themselves. Patrons of the C. P. R. will be glad to hear that measures are being taken to rid the station premises of the youthful male and female bums who have infested the place so long. —Orangeville Sun.

Hay Fever Positively Cured. Beyond any liability to relapse, it is guaranteed that Catarrhazone will at once relieve and cure Hay Fever. All druggists sell Catarrhazone. Two months' treatment, \$1.00. Mayor Kennedy the New President. Matthew Kennedy, Mayor of Owen Sound, was elected president of the Ontario Municipal Association in Toronto on Thursday. The other officers chosen for the coming year are: First Vice President, Mayor Geddes, St. Catharines; Second Vice-President, Controller Hopewell, Ottawa; Third Vice President, Ald. J. H. Shepherd, Windsor; Fourth Vice President, Reeve S. Oakes, Carleton Place; Fifth Vice-President, Controller Spence, Toronto; Secretary-Treasurer, Mr. K. W. MacKay, St. Thomas; Executive Committee, the Mayors of Toronto, Hamilton, Brantford, London and Dundas; City Solicitors W. C. Chisholm (Toronto), W. B. Doherty (St. Thomas), S. H. Kent (Hamilton), and S. R. Armstrong (Peterboro); and Reeve of Springfield and the Warden of Wentworth. A discussion on the advisability of amending the law in such a manner as to compel municipal councils to act on by laws passed by a vote of the electors was the chief feature of the closing session. City Solicitor Chisholm opposed the proposal. A number of cases had occurred in the history of Toronto when it had, in his opinion, been to the city's advantage that the Council had not acted on the mandate of the people. He thought it would be a great mistake to divest a Council of all powers of discretion. The members of the Council were responsible to the people. They were only elected for a fixed period, and should they depart from the instructions of the people the matter was usually corrected at the next election before any irreparable injury had been done. The question was finally referred to the Executive Committee for consideration. A resolution which was carried was that recommending that the Liquor License Act should be amended to make it illegal for the holder of a shop license in one municipality to establish an agency in another.

INDIAN FAMILY WAS WIPED OUT. Father, Mother and Girl Killed by Lightning. In a report sent to a local lumberman from his limits at the head waters of the Coulonge River in Quebec, the chief factor of the Hudson Bay Company's fort at Grand Lac Post, describes a serious accident which befell a family of Indians within sight of the fort, during a severe thunderstorm. The family, consisting of the father, mother, little girl and infant child, had gone to the island, a quarter of a mile south of the fort, to wash, and while there a severe storm arose, accompanied by thunder and lightning. Lightning struck a tree under which the family had taken shelter and three out of four were instantly killed, the father, mother and little girl. The baby in the cradle held by the mother escaped, suffering only a little burnt scar on the point of the nose.

Have You Warts? You can cure them painlessly by Putnam's Corn and Wart Extractor. Never known to fail. Be sure you get "Putnam's," in 25c. bottles. WESTERN FAIR. London, Ont., Sept. 11-19. The Western Fair from the standpoint of an agricultural exhibition is growing in favor year by year. The management are doing their utmost to make it successful along these lines. A large amount of money has been expended this year on horse barns, a new one having been built, thus making plenty of accommodation for all. Encouraged by the splendid exhibit of ponies last year the prize list has been adjusted in this department and a fine exhibit is looked for this year. In the cattle department a milking contest has been added, when \$50.00 will be given in prizes and also silver medal for the winners in this class. The Prize List in the other live stock departments has been carefully revised. Single entries have been given in the pigeon class, and a study of the list throughout will prove that the interests of Live Stock exhibitors have been well attended to. In the Dairy Department a new section has been added for best collection of cheese. The butter making competition will again be a centre of attraction, while cream separators will be in actual operation in the Dairy building. This year's exhibition should be well attended by the Agriculturists throughout the country. All information on application to the secretary. There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Whales. The largest of all mammals are not the elephants, but the whales. A large elephant weighs about six tons, but the largest whale reaches the immense weight of 150 tons and would furnish four carloads of flesh and blubber. About forty different kinds of whales and dolphins are known, and although they live in the open sea and look like fish, they are not fish at all, but are true mammals, breathing air and feeding their young on milk, like cows and horses. Sometimes Worse. A young lady was recently visiting an editorial office and being shown around by the editor. Approaching a case of drawers upon one of which was the label "MSS.," she said, "Now, how would you pronounce that?" "Oh," said the editor, "sometimes we pronounce it muss and sometimes mess." A Contradiction. "That young doctor is a queer contradiction." "In what way?" "He has an exceedingly good temper, and yet he is lacking in patients."

Royal Household Flour. If your flour doesn't act right whom do you blame? The grocer? He didn't make it. The travelling salesman told him it was good and somebody else told the salesman. When you buy your protection comes from us. We make it, know its goodness and guarantee it to both you and the grocer. It is always sold under our name and trademark, so you cannot go wrong. Ask your grocer for Royal Household Flour. It's the key to better living. Ogilvie Flour Mills Co., Ltd. MONTREAL.
