W. H. BEAN

COUNTY & DISTRICT

Swamp Fires Near Shelburne
Although the swamps are fast be-
coming few and far between in this
district there are still enough patches
of them left to ensure of the air
being filled with smoke from swamp
fires at this time of the year. Dur-
ing the strong wind of Sunday fire
in the patch of swamp on the Carr
farm, south of town, attained some-
what serious proportions and fences
had to be torn down to keep the fire
from spreading out of bounds.—Shel-
burne Economist.

Peculiar Pumpkin Vine
A very peculiar pumpkin vine has
grown this year in the garden of
Mrs. T. Donaghy, King street. The
vine in question begins with a cir-
cular stem about one inch in diam-
eter. After extending for six feet the
stem flattens out and continues this
for three feet farther until it resem-
bles a board from 3 to 10 inches in
width. At this point in the vine, the
offshoots stand perpendicular and
the eight pumpkins, the whole fruit
of the vine, grow in a cluster.—Strat-
ford Herald.

The Critical Age
Height of vigor is past—nature's
power slowing down—vitality ebbing
away, endurance decreasing. Stop the
progress of decay, tone up the weak-
ened nerve centres, impart vigor to
the tiring body—prepare for the cri-
sis. Best means for rebuilding is
found in Ferrozone; it brightens up
the whole being, imparts power,
strength, vigor. Old age is pushed
back twenty years, the reliance of
youth is restored, vigor, vim and
new life established. You'll try Fer-
rozone. 50c. at all dealers.

A Delicate Operation.
Mrs. Allan McKeenan, of Paisley,
who underwent an operation recently
for a blood disease, is progressing
favorably, and her case is being
watched with interest by medical
men. The operation was the last re-
sort to save the patient's life. She
was removed to the General Hospital,
and an artery in her arm was open-
ed. A similar artery was opened in
the arm of her husband and the two
arms bound together. The blood of
the husband was gradually infused
into the veins of the suffering wife,
and improvement in her condition
was at once perceptible.—Walkerton
Times.

He Slipped in and Out.
One day last week Mr. John Mc-
Kinnon of "Egypt" was pumping
water out of a well for some cattle
when the plank on which he was
standing broke and precipitated him
into the well in which was about 17
feet of water. He grabbed onto the
pump and by so doing kept his head
and shoulders above water and be-
gan to call for help, but getting none
he started to climb the pump log
which was like a greasy pole but by
perseverance he got out of the well
safely. Mr. McKinnon is to be com-
plimented upon his narrow escape,
and certainly if he was not active a
man of his years would never have
been able to get out.—Tiverton
Watchman.

A Serious Accident.
Yesterday morning Antonio Luduc,
an employee at the Carney Lumber
Mills was seriously injured while op-
erating a gang saw at the mills. His
jaw is broken in two places and an
operation will be necessary to-day,
before the exact extent of the injury
will be known. Luduc was engaged
in taking a sliver out of the gang
saw at the mill, and was using a bar
to accomplish his task. The gang
saw was swiftly moving at the time,
and at a moment when the man had
loosened his hold on the bar it flew
back and struck him on the side of
the jaw, fracturing it in two places.
A small portion of his tongue was
also taken off by his teeth coming to-
gether. Dr. H. C. Murray was called
and the injured man removed to the
hospital, where he is doing as well
as could be expected. Luduc is forty
years of age and this is his second
season in Owen Sound. His family re-
sides in Michigan.—Sun.

A Travelling Man's Experience.
"I must tell you my experience on
an East bound O. R. & N. R. train
from Pendleton to Le Grande, Ore.,
writes Sam A. Garber, a well-known
travelling man. "I was in the smoking
department with some other travel-
ling men when one of them went
onto the coach and came back and
said, 'There is a woman sick and
death in the car. I at once got up and
went out, found her very ill with
cramp colic, her hands and arms were
drawn up so you could not straight-
en them, and with a deathlike look
on her face. Two or three ladies were
working with her, giving her
whiskey. I went to Chamberlain's Colic,
got my bottle of Chamberlain's Colic,
(I Cholera and Diarrhoea Remedy (I
never travel without it), ran to the
water tank, put a double dose of the
medicine in the glass, poured some
water into it and stirred it with a
penicil; then I had quite a time to
get the ladies to let me give it to
her, but I succeeded. I could at once
see her effect and I worked with
her, rubbing her hands and in twen-
ty minutes I gave her another dose.
By this time we were almost into
Le Grande, where I was almost done.
I gave the bottle to the busi-
ness man, but he was in case another dose
should be needed, but by the time the
train ran into Le Grande she was all
right, and I received the thanks of
every passenger in the car." For
sale at all Drug Stores.

A Case of Poisoning
Not infrequently caused by cheap
acid corn salve. Be safe and use Put-
nam's Corn Extractor. Purely vegeta-
ble, harmless and always cures. In-
sist on "Putnam's."

Boy Nearly Killed.
A fifteen-year-old son of Mr. James
Stinson, gravel road, got a bad shake
ing up one day last week. He is for-
tunate in still being in the land of
the living. He was engaged in plow-
ing and had the lines tied around his
waist when the horses became rest-
less and started off, dragging him
from his feet. In some way things got
so badly mixed up that one of the
horses fell on top of the boy, who was
badly bruised, but no bones were
broken.—Flesherton Advance.

Boy Run Over.
A small boy named Gibbons was
run over on Poulette Street yester-
day morning and slightly injured.
He was running across the road and,
not looking where he was going,
got in front of a loaded wagon, was
knocked down, and the wheels went
over his leg. He was carried into
Parker's drug store, where Dr. Cowper
attended to his injuries. They were
not serious, though painful, the leg
being cut and slightly crushed. How
he escaped without a broken leg is a
marvel, as the heavy load went
right over him.—O. S. Sun.

Head Crushed Flat.
A fatal accident of a peculiarly
shocking nature occurred on Thurs-
day in Egremont at the barn of Mr.
Wm. Rogers, of the 12th concession.
Wm. Moore, of Nenagh, was thresh-
ing for Mr. Rogers, assisted by his
thirteen year old son John. When
slewing up, the belt between the
engine and separator flew off and
the engine, for some reason or other
started to back down the incline
leading up to the barn door, on which
it was placed. In attempting to get
out of the way of the engine John
Moore stumbled and fell so that his
head was immediately in front of the
engine wheel, which rolled upon it,
crushing it in a most terrible man-
ner. Death was of course instant,
and the whole community is horri-
fied at the casualty.—Confederate.

A Double Misfortune
That misfortunes never come singly
was the experience of James Milloy,
8th line Erie, one of the most popu-
lar young men in this section. Mr.
Milloy was one of the worst suffer-
ers from the great hail-storm on
August 4th, losing nearly all his
crops. However, after much hard
work he had managed to rake up and
out the beaten down straw in the
fields, and it was while hauling this
on Saturday, 22nd, that the second
misfortune occurred. Mr. Milloy had
put the best horse that he owned,
quite a valuable animal, up in the
loft over the shed of his barn to
tramp the straw. By some means or
other the horse went through the
floor and fell into the shed below,
a distance of twelve feet, and was so
severely injured that it had to be de-
stroyed the following day.—Hillsburg
Beaver.

Eat What You Want
But Find the way to Digest What
You Do Eat

The first thing to do in the case of
indigestion or stomach weakness is to
strengthen the muscular walls of the
stomach and intestines, so that they
will care for the food that is eaten.
In no other way can this be done as
well as by taking a Mi-o-na tablet
before each meal. This restor-
es strength to the stomach mus-
cles and stimulates the pouring out
of gastric juices, then the food dig-
ests readily and you begin to get
the full benefit from what you eat.
Use Mi-o-na whenever you have
sick headache, heartburn, bad taste
in the mouth, coated tongue, spots
before the eyes, sleeplessness and
the many other symptoms that are
the direct result of indigestion.
Macfarlane & Co. give with every
50 cent box of Mi-o-na a guarantee
to refund the money unless the rem-
edy cures.

A Small Man.
A man built so close to the ground
that his coat tail sweeps the side-
walk struck town this week and
when seen by the writer was wrest-
ling with a schooner of lager at the
Station Hotel. How he did away with
so much beverage on so small a cap-
acity was sufficient to puzzle a
casualist and made local option ad-
vocates sit up and stare. But drink-
ing beer was only a side issue with
the man, playing on a flute being his
principal occupation and entertain-
ment. Besides being the smallest, he
was the most industrious player we
ever saw, and the amount of music
he took out of the flute was even
more surprising than the amount of
beer he put into himself. He didn't
pretend to beg, but he hadn't the
courage to refuse any sums offered
him. His hat was always turned up
like a collection plate and as there
was no politico-religio stop-cock on
his compassion any individual was al-
lowed to contribute. The man claims
to be 49 years of age and says he
came from England 19 years ago.—
Bruce Herald.

Don't be afraid to give Chamber-
lain's Cough Remedy to your chil-
dren. It contains no opium or other
harmful drug. It always cures. For
sale at all drug stores.

ONE BAD MISTAKE
Is Frequently Made by the Wisest of
Durham People

It's a serious mistake to neglect
backache. Backache is the first
symptom of kidney ills. Fatal com-
plications may follow. Booth's Kid-
ney Pills act quickly to overcome
kidney ills do not delay until too
late, it may mean Diabetes, Brights
Disease. Read what a Durham resi-
dent says.

Mrs. Hugh McLean, of Main St.,
Durham, Ont., says: "My son had
suffered with kidney trouble for over
a year. His back was very tender
and weak at times and sharp pains
would shoot through the kidney
region. Doctors had told him his
kidneys were affected but they didn't
seem to benefit him. He would
often be unable to stoop or lift any
thing of consequence. He procured
a box of Booth's Kidney Pills at Mr.
McFarlane's Drug Store and found
the best of results from the first of
the treatment. His back was soon
freed from the severe pain and he
strengthened. He has enjoyed the
best of health since and says he
would not be without a box of Booth's
Kidney Pills in the house."

Sold by dealers Price 50 cents.

Erie, Ont., Sole Canadian Agents.

A Lost Boy
On the morning of Aug. 22, very
early, George Wilbelove, an English
home boy of 13 years, who has been
at Harry Whaley's, Bowling Green,
for some time disappeared shortly
after being wakened, and for almost
a week kept the family in a high
state of excitement. Mr. Whaley
fit to reprimand him that morning
and the chap struck off to the bush
where he remained until discovered
the following Friday. In the interval
all he had to eat was chokecherries,
beechnuts, and a turnip he got in
Mr. Grier's field. A representative of
the Home came on being notified of
lad's disappearance, and took him
away Saturday morning. It has since
been learned that it is not the lad's
first experience of disappearing from
his employer, as he fell out of sight
for a couple of weeks on another oc-
casion.—Grand Valley Star.

"Show Me" Proof
That is what Hyomei will do in all
forms of Catarrh and Troubles
of the Breathing Organs

It's not a question of Hyomei hav-
ing cured some one else but will it
reach your own particular case. If
its cold in the head, Catarrh, Bron-
chitis, Pneumonia, Croup or any af-
fection of the breathing organs, Mac-
farlane & Co. say yes, and will refund
the money if it fails. No other pre-
paration for the same purpose can
successfully do this, because the Hy-
omei system of treatment is differ-
ent from anything else.

You simply breathe and inhale its
medication in dry air form which de-
stroys the germ life that causes op-
pressed breathing, Nasal Catarrh,
Throat Irritation and Lung Troubles.
It brings to these suffering organs
the balsam laden air they would get
in the Pine and Eucalyptus forests.
The air that stamps out Bronchial
troubles.

The prince of entertainers Marshal
F. Wilder says: Hyomei is easy to
use and swift to cure. It insures
against coughs and colds. It gives
you pure air and kills the germs of
disease. It helps the voice.
Hyomei complete outfit, \$1.00.

That Hold Up
Jos. H. Hughes went to Mansfield
on Monday to investigate what was
supposed to be an attempt of some
tramp to hold up the mail carrier
there. To his surprise Mr. Hughes
learned the hold-up was nothing more
than an attempt made by a couple of
men in a field some distance from
the road shouting to attract the mail
carrier's attention to bag a little to-
bacco for a smoke. Thinking he was
about to be held up and robbed or
possibly murdered the latter lashed
up his horse and made off down the
road as fast as the animal could car-
ry him to give the alarm and tell
the story of his hair-breadth escape.
—Orangeville Post.

Burglars At Gorrie
On Friday evening last our burg-
lar was visited by some knights of the
road who were out to loot a few
stores. They succeeded in breaking
into the Post-office, Munro & Co's.,
and John Douglasses' but their ef-
forts were not heavily rewarded as
at the former place they got only
\$1.85 while the others never left
money around. Mr. Munro didn't miss
anything in the line of goods but Mr.
Douglas was shy some pocket knives
They were also into A. Moffat's shop
but nothing was missing. A report
says three suspicious looking char-
acters were seen going west the next
morning who were in all probability
the guys who did the looting.—Vi-
dette.

Burglary At Lucknow
On Tuesday morning Mr. D. Adair,
G. T. R. agent, on entering the sta-
tion was surprised to find the place
in disorder and upon investigation
found someone had entered in the
night, having effected an entrance
by forcing a window. The till was
broken into by forcing down the
runs that support the drawer. There
was no money in the till, and as no
goods have been missed it is evident
that the thieves went away empty
handed. The fact that the papers in
the drawers were scattered around
indicates that only money was
sought. There is no clue yet as to
who the guilty party may be. Mr.
Adair reported the matter to the
officials and the G. T. R. dete-ctives
are working on the case.—Teeswater
News.
