The South Grey Fair at Flesherston on Thursday and Friday last was fairly well attended, the gate receipts amounting to something in the neighborhood of \$200. Like some of the other small fairs, it seemed to be a little behind previous years. There were some good exhibits, however, but the attractions were very limited. Our correspondent will likely give us fuller particulars. The concert at night was well attended.

The East Grey Agricultural Society's Concert was held on Friday night last in the Flesherston rink. Donald C. McGregor and Will J. White were the artists engaged for the occasion. Mr. McGregor is losing none of his old time charms as a vocalist, and though well-known in Flesherston he was forced to respond to every number. It seems time for the people of Durham to have another visit from him again soon. Mr. White, the comedian, evidently delighted the large audience who forced his re-appearance after every number. Some of his were very good.

A most deplorable fatality occurred at the home of Mr. and Mrs. W. H. Hargrave, Egremont, on Friday morning last, when their little three year old son passed away, as a result of a bean lodging in his throat and choking him. The little fellow with his younger sister were playing together in the house while the mother and grandmother were performing their duties in another part of the building, and had as their playthings a number of small white beans. The first Mrs. Hargrave knew of the danger was when her boy ran to her for assistance and in answer to her enquiry was unable to convey the intelligence of his condition, other than by the single word "bean," and pointing to his throat. The little sufferer was fast becoming black in the face, and though his mother was successful in inducing him to vomit, this failed to remove the obstruction, and in less than five minutes he was dead. Coming as it did from such an apparently harmless cause, and with such suddenness, the feelings of the grief-stricken parents can be better imagined than described, and Mr. and Mrs. Hargrave have the sympathy of everyone in their loss of their son, who, for his age, was an exceptionally bright and intelligent child. The funeral took place on Sunday last to Dromore cemetery.

See the new fall dress goods we are showing.—S. F. Morlock.

3 cans salmon for 25c., 4 10c. packages jelly powder for 25c., 5lbs. 25c. tea for \$1.00 on Saturday.—The House of Quality.

A new long distance telephone circuit has lately been completed by the Bell Telephone Company of Canada from Mt. Forest to Durham. This is found to be a great convenience in this district.

Work on the Camp Creek bridge was commenced on Friday last. Mr. John Walker, of Southampton, has the contract, and expects to have the structure completed in about two weeks' time. The bridge will be of concrete, reinforced with steel.

Messrs. Andy Thompson, Art. McDonald and Mulvey Cowan had a big load of nearly a hundred chickens and their parents at the Flesherston Fair. They had them in coops, and the lot made a big, if not a heavy load on one of Mr. Walpole's livery wagons. They captured fourteen first and fourteen second prizes.

Matthews & Latimer wish to announce to their many customers that they intend to change their system of doing business to cash or produce. Those indebted to them will please take notice of the change and settle all accounts as soon as possible, as all accounts not in by the last of October will be passed out of their hands for collection.—3.

Great 50c. special sale of dress goods. 20 pieces of bright, up-to-date dress fabrics, 400 yds. in all, comprising Panamas, Poppins, Serges, Cashmeres, Lustres, Crispines, and Tweeds. Three shades of red, four shades of green, four shades of navy, also brown, black, sky and Copenhagen blue, regular values 60c. to 75c. per yd. On sale Thursday, Friday and Saturday, 50c. per yd.—The House of Quality, H. H. Moekler.

During the past week the tailor shop occupied by Mr. J. A. Glass has been undergoing extensive improvements, and now he has one of the most up-to-date in town. Mr. Glass has taken possession of the whole building he occupies, and has converted the north room into a commodious work-room, retaining the whole south portion as a sample and cutting-room. This is quite an improvement on his former quarters which were becoming too small for his increasing trade.

Gentlemen.—Don't forget to call and see my shop, or, I might say, two stores. Big improvements inside. Don't make a mistake, call and see me. I have the goods you want, and you will have the best of work put in your suit, as I have gone to a great deal of trouble to get first class hands. You will see the goods in the store, not in the window, exposed to the sun. No faded goods, all new. I would like to get you up a first class overcoat. Ready-made overcoats not in it. No comparison. Prices no higher than the rest.—J. A. Glass, Tailor and Draper.

On this Thursday evening at eight o'clock, the people of Durham will have an opportunity of listening to addresses by two of the leading men of the Conservative party in the Dominion and Provincial Houses, Mr. R. L. Borden, Leader of the Opposition, and Hon. W. J. Hanna, Provincial Secretary. The addresses will be delivered in the town hall and a special invitation is extended to ladies to be present, for whom seats will be reserved. It is to be hoped they will take advantage of the opportunity to hear the Conservative leader, and turn out in large numbers. The 31st Batt. Band will be in attendance.

PERSONAL.

Mr. Brad Jamieson returned to Toronto to resume his medical studies.

Mrs. Jas. Mach, of New Westminster, B.C., is visiting her mother, Mrs. Samuel Lawrence.

Miss Gertie Campbell has been quite ill for the past few days. It seemed like an attack of appendicitis.

Mr. and Mrs. Mark Wilson and family, of Flesherston, attended the fair here on Wednesday last.

Mr. W. Irwin and daughter, Miss Rita, attended the East Grey exhibition at Flesherston on Friday.

Mrs. Wm. Hanna and son James, of Fergus, are visiting with Mr. and Mrs. James Eden, Egremont.

Mrs. W. Mountain and family, of Hamilton, is visiting her mother, Mrs. Geo. McDonald, here.

Miss Mary Duncan left Tuesday morning to attend the funeral of her aunt, the late Mrs. Coutts.

Mrs. A. Duncan left Saturday to spend some time with her sister in Egremont, who is ill.

Miss Annie Weir, nurse-in-training at Fergus Hospital, and Miss Edith Lloyd of the same institution are holidaying for a couple of weeks at their respective homes here.

Messrs. Wm. Buchanan and John I. Graham, of Vandeleur, were in town as judges of fruit at the Fair last week. We were pleased to have a short call from them to renew old acquaintanceship.

Mr. Thos. Tucker visited friends in Huron Co., and while there a cousin of his, Mr. James McCallum, fell into the cylinder of a threshing machine, feet first, and was torn to shreds as far as the body when the machine stopped.

Mr. John Williams left for his new home in the West on Thursday afternoon last and carries with him the best wishes of the community for success in his new venture. During his long residence here he has made many friends who regret his departure. Mr. Williams leaves Durham with the kindest remembrance of the treatment accorded him by the residents, especially on the eve of his departure, when he was assisted materially by the young men and old in loading his household and farm effects on the car that was to carry them to his destination, and he desires to thank them very sincerely for their assistance.

SOUTH GREY FALL FAIR.

The South Grey Fair was held on Tuesday and Wednesday of last week. The weather was all that could be desired, and the rural community had an excellent opportunity to make a good exhibition.

We must admit our belief, however, that the Fair was not equal to that of many of the former ones. There was a good exhibit, but not a large one of flowers, fruit and vegetables. The grain did seem to be up to former years in quantity, but the quality was good. The dairy products were light, but apparently good.

In some respects the fair was not so good as in former years. The flowers, fruit, roots and vegetables were good, but we imagine the grain was not so largely represented as in many previous years but the quality was good in all exhibits. The dairy products were few but good what there was of them. The Ladies' work was quite below the average in the number, but as to merit of work compared with other years we are not capable of passing an opinion that would be of any value.

The interest is well sustained by Fowl fanciers, if we are to judge by the large number of birds on exhibition. There seemed to be very few exhibitors from a distance. Judging from the names of the prize-winners most of them are from Durham and vicinity.

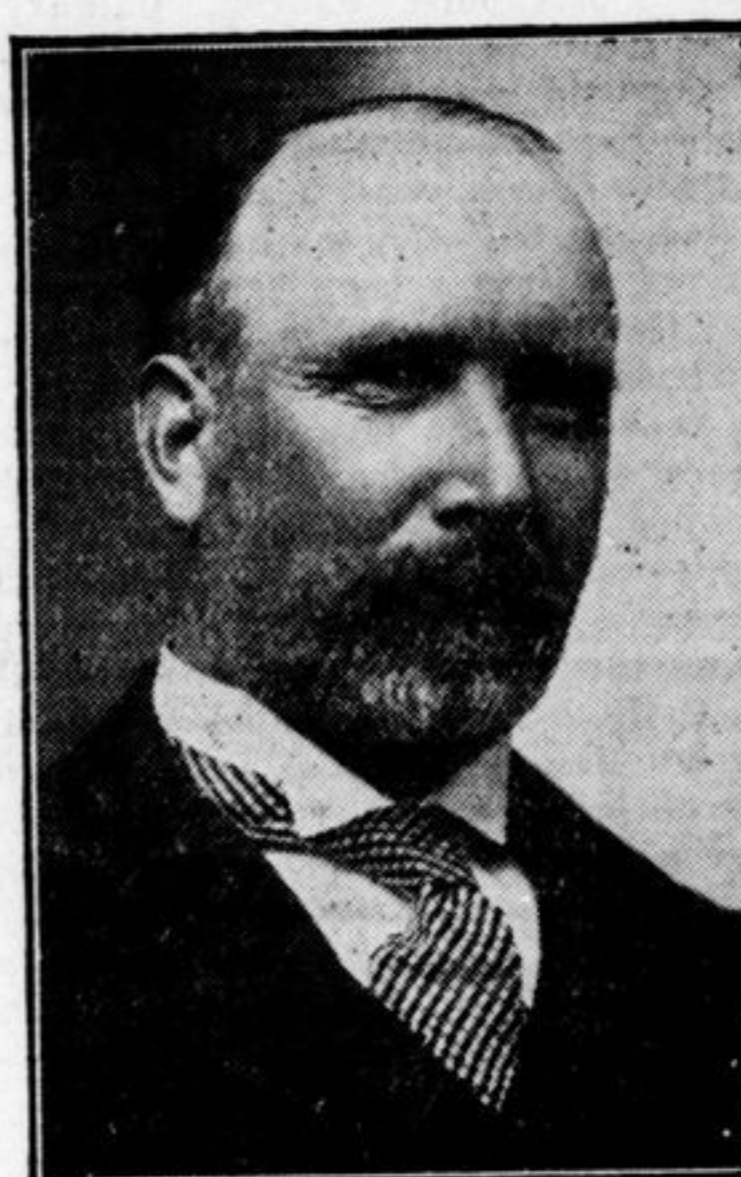

The sheep exhibit was the largest and best ever shown in Durham. There were many exhibitors, some of them for the first time, and all the pens provided were filled to overflowing. Wm. Livingston, Wm. Willis, Brigham Bros., and H. G. Brigham, of Bentinck, were on hand as usual, and of course Alex. Muir, of Artemesia was in attendance with

several fine specimens of the Leicester and Cotswold breeds. John Fairbairn, Wm. Paton, M. W. Byers and J. A. Swanston were in from the adjoining townships of Egremont, Normanby and Proton with several good specimens deemed worthy of prizes.

In the horses, though the exhibit was fairly good, the best exhibits were confined to the gelding and filly class, of which there were several good ones shown.

The sports on the afternoon of the second day were exceptionally good, the trials of speed surpassing anything of the kind ever before put on by the society. In the free-for-all, all former records on the track here were broken in two heats, which were paced in 2:23 and 2:24. A football match between Pomona and Durham, in which the latter were victorious by the score of 1 to 0, was also a pleasant feature of the afternoon in which considerable interest was taken. At intervals, and in the lull between the amusements, the 31st Regimental Band favored the crowd with many meritorious selections.

In the evening, the usual concert in the town hall was put on, which was attended by a well satisfied audience who thoroughly enjoyed themselves, many of them pronouncing it the best concert ever held by the society.

R. J. BALL
LIBERAL-CONSERVATIVE CANDIDATE
for South Grey.

R. J. Ball, the Conservative candidate for South Grey, was born in the Township of Benincok, County of Grey, near Allan Park, on the 15th day of January, 1857. When but a child his parents moved to Hampden, in the Township of Normanby, where he resided until 1875, working on the farm during the summer season and attending Public School in the winter. In 1875 he wrote for and obtained a teacher's certificate and for about three years he taught in the Township of Sullivan and Township of Normanby. In 1879 and 1880 he attended the Collegiate Institute in Collingwood and the Normal School in Ottawa. In 1881 he took charge of Allan Park Public School, where he remained till August 1886. He then took charge of the Knechtel Furniture Company's office, where he remained for five years, after which he spent three years private banking. During all these years he was manager of a farm held by him, as well as operating for the Excelsior Life and other insurance companies. In 1896 he went into the manufacturing of chairs, which business he has followed successfully to the present time, being the chief stock-holder and manager of the Ball Furniture Co's large factory. For the last seven years he has represented the town of Hanover in their local council and during four years of the time he has represented them at the County Council, being this year Warden of the County.

Mr. Ball comes before the people as a man having a long, varied and successful business and municipal experience, trusted by his people and as one who has served them faithfully and well. He should well understand the needs of the farmer and the manufacturer as well as the general business public, and promises to contest strongly in the interests of his party and good government, the riding of South Grey. His platform is that of the Conservative party so long as their policy is that of good honest and practical administration of the affairs of the Dominion of Canada.

Anniversary Services conducted by Rev. C. L. Campbell will be held in Knox Church, Normanby, on Sunday next, followed on Monday evening by a Sunday School Entertainment, when Rev. Mr. King, of Holstein will be present.
