Our Fall Millinery

openings were held on Wednesday, September 16 and 17. An unusually large crowd visited our show-rooms to see the display. We have a larger stock of Millinery at present than any previous season. We show all the leading styles and colors, and always a good selection of black hats and mourning goods. We invite any who have not been able to get out to the millinery opening to call any time when they are in town or when they have the inclination to see our millinery. We will always be ready and willing to try and please you. Parisian Millinery Parlors Miss Dick, Prop.

Sackett's Corners.

Well, Mr. Editor, it is some time since our budget has found its way to your very valuable paper, but there is nothing to write about but smoke, heat and dust, and for a change heat, dust and smoke.

Threshing is the order of the day at present, and grain is about an average crop. Potatoes are a fairly good crop.

Mrs. Geo. Atchison, of Courtney, N. D., is visiting the parental home at present. It is six years since Mrs. Atchison went to N. D. She speaks well of that country and would not like to make her home here now.

Mr. Wesley Atchison, of Dallas, Oregon, is visiting his father, Hugh Atchison, of this place, and renewing acquaintances around the Corner.

Mrs. Ronald McDonald gave the Corner a friendly call. Mr. and Mrs. McDonald intend making their home in Collingwood. We wish them success in their new home.

The Sabbath School of this place closed on the 27th inst. for this year. The school had an average attendance during the summer months, four pupils winning diplomas for memory verses. We trust that another year will find more to come forward and help in the good work.

"Mother says such buns require a steel oven, scientifically constructed, uniformly heated, perfectly ventilated - 'PANDORA' OVEN EXACTLY."

When you see a "Pandora" Range the sale is made.
