**COUNTY & DISTRICT**  
**Dobbinton Man Robbed.**  
 An English emigrant drifted into Dobbinton a few days ago and called at the house of Mr. James Thompson and asked for lodging. Mr. Thompson being of a kind disposition granted him the request, and the generous hospitality was evidently not appreciated, as during the night the man arose and got his hands on a hundred dollars, which he made off with. The authorities have been put on the trail and it is hoped the thief will be captured.—Hanover Post.  
**Can't Find the Needle.**  
 Miss Gertrude Wainsley, employed in Balachy, Leidlav & Co's millinery department, met with a peculiar mishap on Tuesday, a needle penetrating her fore arm and remaining there. The needle had been left sticking upright in the sewing table, and in reaching over for something the young lady's arm struck it with considerable force. Unsuccessful efforts were made by her companions, and also by the doctor to extract the needle.—Paisley Advocate.  
**32nd Reg't's New Band Leader.**  
 At a meeting of the band last week, Mr. David Mason was installed in the position of leader of the 32nd Regt. Band. Mr. Mason's temporary leadership of that organization has been most satisfactory and the band feel that they might go farther and fare worse in the choice of a leader. A member of the band for about a quarter of a century, Mr. Mason has sufficient musical experience to eminently qualify him for the position.—Bruce Times.

**The Hunting Season's Here.**  
 Three young men of our quiet little village started out on Saturday with a rifle to look for game. We do not know whether it was for bear or for deer for which they were looking, but before they had brought down either, one of the young men received a bullet through the arm just above the elbow. One of them was manipulating the rifle, and in some way it was discharged with the open top. We are very glad to announce that the young patient is progressing nicely, but a rifle in the hands of boys is a rather dangerous plaything.—Gorrie Vidette.  
**For Chronic Diarrhoea.**  
 "While in the army in 1863 I was taken with chronic diarrhoea," says George M. Felton, of South Gibson, Pa. "I have since tried many remedies but without any permanent relief. We are very glad to announce that the young patient is progressing nicely, but a rifle in the hands of boys is a rather dangerous plaything.—Gorrie Vidette.  
**Passed Fourscore and Twelve.**  
 Mrs. William Neelands passed away away at the residence of her son-in-law, Mr. S. G. King, on Thursday day. The deceased with an open top is located in the back yard and his father was pling wood near the eastern. Jim fell in while his father was some distance away. Fortunately Mr. Tanner immediately discovered what had happened, but it was with great difficulty that he managed to get his son out alive as the water was deep enough to cause drowning, and the raising of the lad out of the eastern through the narrow opening was a very difficult task.—Mount Forest Representative.  
**As Unexpected as Burglars.**  
 That's the way cramps come—strike without warning. Nothing so sure to instantly relieve as Nervine, just a few drops in sweetened water is all that is required to stop the pain. Nervine's very fine is true comfort to every family, for a stomach and bowel derangement is an absolute specific. Guaranteed to have at least five times the strength of any other pain relieving medicine, perfectly safe, pleasant and useful for external use. For a reliable household medicine—Nervine supplies all that's necessary. Large 25c bottles sold everywhere.

**Escaped From Drowning.**  
 Master Jim Tanner had a narrow escape from drowning in the eastern at his father's residence the other day. The eastern with an open top is located in the back yard and his father was pling wood near the eastern. Jim fell in while his father was some distance away. Fortunately Mr. Tanner immediately discovered what had happened, but it was with great difficulty that he managed to get his son out alive as the water was deep enough to cause drowning, and the raising of the lad out of the eastern through the narrow opening was a very difficult task.—Mount Forest Representative.  
**Dead at Eighty two.**  
 One of the oldest residents of the village passed away last Saturday evening in the person of Thos. Roma. He was a few days over 82 years of age and for some time had been very feeble. A native of Dumfriesshire, Scotland, he came to this country 52 years ago, sailing on the same vessel as carried Mr. James Johnston, blacksmith, across the Atlantic. For a number of years he lived at Ayton, where he worked at his trade, being a carpenter. Later he moved to the Township of Carriek, and for many years owned and worked a farm near Balaklava. He came to Teeswater between seven and eight years ago with his wife, who died six years ago. He since then has lived with his son, Andrew, and a daughter, Mrs. Moore, who are the only surviving members of the family.—Teeswater News.  
**Will Stay in Teeswater.**  
 Some Wingham citizens think that it would be a good idea for the C.P.R. company in rebuilding the round house to make their town, instead of Teeswater, the road terminal. It has been suggested that some speculation as to the kind of building to be put up. In view of the fact that they have lost three round houses here within nine years one would expect the company to put up something fire-proof. Those in the position to know something of the minds of the officials however, think that the building to be erected will be the same as the one burned down.—News.  
**Lamb Breaks Window Pane.**  
 There is at least one business man in town who has lost all confidence in the making of the lamb. Mr. Grant, one of our local butchers, owned a pet lamb and on Thursday, or last week it decided to promenade the Main street. In its travels it got in company with some little girls and followed them into the store of Messrs. Craig and Sangster. It evidently did not receive the courteous treatment at that usually meted out customers and in its hurry to exit, slammed the screen door against one of the large window panes, breaking it into pieces. The cost to Mr. Grant to replace the glass was about \$4.00. The lamb has since been killed.—Teeswater News.  
**Excitement Galore.**  
 A team of horses belonging to Wm. Lytle of Brant, took flight at a racetrack on Wednesday last. The team, consisting of a pair of horses and a driver, was being driven by Mr. Bend over the Bend they collided with Alex. Ernest's team and caused the latter to seek their liberty in flight. Alex. tried to stop them but was broke in his hands. The excitement started Leslie Rudolph's team out, and for a few moments three runaways were in progress at the Bend. But all's well that ends well, and when the dust of excitement had cleared away, the damage was found to consist of a few bits of broken harness.—Bruce Times.

**Canadian Pacific Railway Time Table.**  
 With the opening of the new Canadian Pacific Line another milestone has been reached in the history of our town.  
 The following time table will be in effect until further notice:  

Read down	Read up
6:30 a.m. 2:55 p.m. lv	Walk 10:45 p.m. 1:25 p.m.

**Holland Pioneer Dead**  
 William Davidson, one of the most respected residents of Holland township, died at the residence of his son, George, on Tuesday, September 27th. Mr. Davidson had reached his 86th year and had been in failing health some time. Deceased was a generous and kind neighbor and was held in high esteem by all who knew him. He leaves to mourn his loss two daughters and two sons, Mrs. J. S. Deering and T. W. Davidson, of Oregon; Mrs. W. Hampton, of Manitoba, and Gertrude Davidson near Williamsford. The funeral took place to St. Luke's cemetery, Williamsford, Rev. W. G. Reilly of Chatsworth, conducting the services, and was largely attended.—Chatsworth News.  
**Lane Back.**  
 This ailment is usually caused by rheumatism of the muscles of the small of the back, and is quickly cured by applying Chamberlain's Liniment two or three times a day and massaging the parts at each application. For sale by all drug stores.  
**C.P.R. Officials Visit Hanover.**  
 D. McNeel, Montreal, vice president of the C. P. R., and J. Osborne, Toronto, general superintendent, went through Hanover on Thursday last on their first tour of inspection over the new C. P. R. branch. They arrived here just at the time of the fatal accident of Conductor Clark. Perhaps not often do the men at the head of affairs view the gruesome fatalities which seem to be inseparable from railroading—are not often eyewitnesses of the accidents which "the boys" at the front end bring time subjected to. These men were fully affected and no doubt the name of Hanover will remain long in their memories and be recalled with a shudder as they remember the fate that gallant Clarke met here.—Post.  
**Los: A Horse.**  
 Mr. James Whyte had the misfortune to lose one of his horses. About ten o'clock he heard a noise outside and found that his horse had broken through the wall of the well. It is supposed that she was trying to reach her colt which was shut up in another field. Mr. Whyte immediately endeavored to secure her from falling, but after a struggle she went to the bottom, falling about thirty feet. There was no water in the well and she was unable to get up. She was brought to the surface by a neighbor and was found to be breathing. She was windless and Captain Snider went down and hitched the chain, but in raising her the unfortunate brute slipped through the nose and it was decided not to renew the attempt. The casing had been broken. This was brought to dispatch her she breathed her last. Mr. Whyte has had several losses and everybody shares his present misfortune.—Hampton Cor. in Hanover Post.  
**Killed at Ayton.**  
 An accident occurred out in this country, a short distance from the village on Wednesday last, which goes to verify the truth of the old adage which says that in the midst of life we are in death. On the afternoon of that day Mr. Charles Hopf went to the bush and while trying to dodge the limb of a tree that was hanging onto another, making a death trap for cattle or other animals that might seek for shelter thereunder, the hanging limb broke loose sooner than he anticipated, and in its descent struck Mr. Hopf on the thigh, rupturing a large artery. Some of the members of the family who were with him made all haste in removing him to his home and summoning medical aid. Drs. Brown, Neustadt, and Mearns, of Hanover, worked with the injured man, but were unable to stop the flow of blood, and he practically died at death, inside twenty-four hours after the mishap.—Advocate.  
**More Than Enough is Too Much.**  
 To maintain health a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control, and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by all drug stores.

**Death of Mrs. Charles Gordon.**  
 The news of the death of Mrs. Chas. Gordon, wife of the town clerk, which occurred at seven o'clock on Monday evening, was received with sincere sorrow by the many friends and acquaintances of the deceased. Mrs. Gordon was well known in town and was held in the most affectionate esteem by all who knew her. It was known that she was ill, but her death came as a great surprise. About six weeks ago Mrs. Gordon caught a chill which developed into pleurisy. Her condition gradually became worse and last week Dr. Madielbro and Lang held a consultation, which resulted in their informing the sorrowing family that there was little hope for their loved one's recovery. After this, however, Mrs. Gordon seemed to improve and was much brighter and cheerier than she had been the preceding month. In fact on the very day of her death it seemed to the members of the family that she would be spared to them, but about seven o'clock in the evening she was seized with a violent fit of coughing and perspiration and died. Her name was Josephine Gimby and she was a daughter of the late Joseph Gimby. She was born in Derby township fifty-five years ago and was married to Mr. Charles Gordon in 1877. She is survived by seven sons and two daughters.—S. S. Times.  
**URGENT DANGER**  
 When a Harsh Catarrhal Cold Fastens on the Breathing Organs a Life is Threatened.  
 There are times when a Hyomel puff is worth a life and having it at hand will save a life, no safer precaution can be suggested than calling at Macfarlane's drug store and getting a supply for use in following cases.  
 When a child shows the first sign of croup a breath of Hyomel through the inhaler will check the trouble permanently.  
 When through catching cold you seem to be choking up, difficulty to breathe, pain or soreness over the lungs and other symptoms of pneumonia, the instant relief from Hyomel air is marvelous.  
 It penetrates quickly to the inner recesses of the bronchial tubes and lungs where no liquid or moist medicine can reach.  
 When an asthmatic condition presents unusual wheezing and oppressed breathing, Hyomel will bring rest, complete outfit \$1.00.

**Why Colds Are Dangerous.**  
 Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Every one knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgment. It is the same with infectious diseases, Diphtheria, scarlet fever, measles, and whooping cough are more likely to be contracted when the child has a cold. You will see from this that more real lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The Chamberlain's Cough Remedy, this preparation have made it a staple article of trade over a large part of the world. For sale by all drug stores.  
**Two Barns Burned.**  
 Two more barns went up in smoke the past week entailing heavy loss to the owners thereof. The first reported was that of Mr. Rimmer, on the Keth farm, Egremont, on the Arthur township, a few miles this side of Com. The cause we understand was bush fires which raged fiercely in that neighborhood last week. It is said Mr. Rimmer had no insurance and that all his season's crop and implements were burned. The second loss was the barn of Chas. Fratzky, also a tenant on a farm in Normby, but the cause of the fire is not known. All the contents were also destroyed in this case, but no report has been received as to the insurance.—Mt. Forest Representative.  
**Mount Everest of the Himalayas is the highest mountain peak in the world, being over 29,000 feet high. The 18,000,000 packets representing one year's output of "Salada" Tea would if placed end to end, produce a pyramid 5,600,000 feet in height, or 193 times higher than the highest mountain in the world. Can you grasp the magnitude of the demand for "Salada" Tea?**
