## Consumptives.

It is poor consolation to needy consumptives to say that the Government should make provision for the thousands who suffer and die from tuberculosis in Canada every year.

The Government should do a great deal more than they have yet dreamed of doing. But they are not doing it, and in the meantime twelve thousand die annually in the Dominion, from this dread disease.

As the situation is to-day, what would be the fate of many consumptives in Canada were it not for the two Homes for Consumptives in Muskoka that during the past eleven years, against many odds, have cared for upwards of three thousand patients in the earlier stages of the disease, whilst in the two sister institutions,

This work in Muskoka is one of pure philanthropy. From the day the first patient was admitted to the Muskoka Free Hospital for Consumptives in April, 1902, not a single applicant has ever been refused admission because of his or her inability to pay.

The Government contribute \$1.50 per week per patient. The cost of maintenance is \$9.25 a week. The difference in the cost of maintenance of all needy patients has through these years been made up by private philan-The Secretary-Treasurer of the Association, Mr. J. S. Robertson, 347
