Christmas Stamps

A Million to be Sold Before Christmas.

Every penny from the stamps, after paying for printing and distribution, will be used for the maintenance of poor PAPPY NEW YEAK | patients at the MUSKOKA FREE HOSPITAL FOR

CONSUMPTIVES, and for extending the fight against the dread White

This Christmas Stamp idea was started in Denmark about four years ago, where the cash returns have built and financed a Consumptive Hospital. A year ago, the Red Cross Society of Denmark sold over 400,000 with the co-operation of stores, churches, clubs, and boys and girls. In fact, everybody helped in this popular movement, and this year their National Red Cross Society is selling the stamps all over the States.

A STAMP FOR CANADA

The neat little stamp in red and white, like above cut, and selling at one cent each, is published by the National Sanitarium Association in the interests of the Muskoka Free Hospital. The stamp does not pay postage, but may be put on letters, packages and Christmas cards of all kinds, and will bear the happy Season's Greetings everywhere.

Willing workers all over the Dominion are organizing little bands for stamp selling. The hospital board is hoping that over a million stamps will be sold before Christmas, and the work for the consumptive poor from sea to sea will be greatly strengthened. i 847 King Street West, Toronto.
