Death Lurks in the Kidneys! They are Responsible for Nearly Half of the Human Ills. Responsible, death lurks in the Kidneys. These delicate organs are a receptacle for all the poisons that germinate in the entire system. Few people realize how quickly disease of the kidneys develop into the most dangerous form of Bright's Disease. Sometimes the heart is poisoned, and dropsy appears. The nervous system is affected, too—poisoned, and convulsions occur. For at least half a century the most eminent minds in the medical profession have been puzzled to find a positive cure for Kidney disease. This honor fell to Dr. Root, for no remedy has received so strong an endorsement, both from the public, the press and the medical profession as DR. ROOT'S KIDNEY AND LIVER PILLS. Both Feet Amputated. Walter Bishop, a twelve year old Barnado boy who was living with Mr. Henry McLeod, near Ripley, is in the hospital here. The boy did not want to go back to the home to which Mr. McLeod intended shipping him and hid in the barn where he remained over night and when found both of his feet were frozen. He was brought here to the hospital and it was found necessary to amputate both feet a little below the knee. He is doing as well as could be expected and will likely recover.—Bruce Herald.

A Case of Interest. A case of considerably local interest was aired at the Quarterly Sessions here this week, when Mr. C. Smith, a Walkerton feed merchant, sought to recover \$200 damages from Mr. C. Schnitzler of Carrick for the loss of a horse. On August the 20th Smith in company with John Wolfe, was returning in a buggy from Inniskillen, and when near Schnitzler's farm, the horse became frightened at a number of sheep, the property of Schnitzler, which were at the time lying on the road. Wheeling to the right the horse upset the buggy and dumped the occupants out and after a lively run was caught some rods up the road. In the mix-up the horse cut the tendons on the left hind leg which protruded through the wound and incapacitated it for further use. It was taken to a neighboring farm where an unsuccessful effort was made to bring it around again, but after many weeks' it had to be shot. The defence tried to prove that the driver had been careless and the horse rather vicious, and that these combined had been largely responsible for the accident. The plaintiff, it was claimed, was looking towards some cattle on a field about the time of the mishap and consequently was not properly attending to the driving. On the other hand it was alleged that Schnitzler had been warned about letting his sheep run on the highway. Mr. Wm. Cousins, who testified in the matter claimed that his horse fell over Schnitzler's sheep and that he told him to get them off the road. Judge Barratt, who presided at the Court, charged strongly in favor of the plaintiff. The Jury brought in a verdict of \$175 and costs for Smith. O. E. Kinn for the plaintiff; D. R. B. S. C. K. C. for defendant.—Bruce Times.

Letter From a Forty-ainer. Here is a simple, interesting and sincere letter from a rugged pioneer of '49, who braced the dangers and hardships of the overland trail to California. It should appeal to cattarh victims.

Santa Rosa, Cal., May 5, 1908. Booth's Hyomei Co., Buffalo, N.Y.

Dear Sirs.—I was afflicted with cattarh and took a number of remedies, but received no relief. I purchased an outfit of Hyomei, and before I had used the bottle I noted a marked relief. I used it for a month or so and thought I was cured, and stopped using it for a year or so. Thought I was getting cattarh again, and started using it again. I used it every morning, and keep myself clear of cattarh. I consider it the best cattarh medicine that is used. I have often recommended it to my friends. I am 81 years old. I came to California in 1819, and of course am not as vigorous as I was 58 years ago. My address is 841 4th Street. Yours truly, W. M. Dock.

Hyomei, pronounced High-o-me, is guaranteed by Macfarlane & Co. not only for cattarh, but for grip, coughs, colds, bronchitis and croup. A complete outfit, including inhaler, costs only \$1.00; extra bottles of Hyomei, if afterwards needed, cost but 50 cents.

The Traveller's Opinion. Charles Cook is the somewhat suggestive name of the star defendant in the Owen Sound local option prosecution. It is the current opinion of commercial travellers who have recently visited Owen Sound, and they are pretty shrewd guessers, that local option will be sustained there, especially as they do not come under the three fifths clause of the Act, a bare majority being sufficient, and public opinion being against repeal so far as they could see it up—Harrison Review.

Paris is Full of Them and Nearly all Use Parisian Sage. In the beauty show at the metropolis two years ago Gold Medals were awarded to five different women. The most beautiful woman between 20 and 25; between 25 and 30; between 30 and 35; between 35 and 40 and between 40 and 45.

A society reporter who interviewed all five women in the interest of his papers, reported that all of them had beautiful hair and that each of the five enthusiastically attributed her luxuriant hair to Parisian Sage.

Macfarlane & Co. sell Parisian Sage for 50 cents a large bottle. He guarantees it to cure dandruff in two weeks, to stop falling hair and itching of the scalp. It makes any woman's hair beautiful, soft and luxuriant.

Series of Burned. A most distressing accident occurred at Walters' Falls on Monday morning, with the result that the victim passed away last night after suffering untold pain. Miss Lizzie McLean, while on attendance to her father, Mr. Wm. McLean, sr., who has been helplessly ill for some time, was seriously burned by a lamp which set fire in some unaccountable way to the curtains. In her efforts to extinguish the fire her night clothing caught fire, and before assistance reached her she was seriously burned about the body. Almost from head to foot she was burned. Dr. McCullough was called and found the injuries of a most serious nature. Everything was done to relieve her sufferings and a trained nurse was brought from Toronto, to be in attendance, but the sufferer gradually sank until she passed away on Nov. 30th. Deceased was about fifty years of age and leaves a number of brothers and sisters. Her brother, Mr. W. McLean, formerly secretary of the Central Fair, Walters' Falls, had his hands badly burned in endeavoring to rescue his sister from the flames. The family is well-known and the sympathy of the community is with the bereaved ones.—Clarksburg Reflector.

SURE CURE FOR HAY FEVER. Recommended by Deputy Collector of Inland Revenue at Sarnia.

After years of suffering from Mr. W. H. Hicks has been cured by Cattarhazone, and he says—"I experienced grateful relief in a few hours. Cattarhazone worked marvels immediately and cured me of Hay Fever. I heartily recommend it as the most effective remedy in the market. It will cure any case of Hay Fever ever known."

A guarantee goes with every \$1.00 package of Cattarhazone to permanently cure Hay Fever and Summer Asthma. Sold by all dealers.

Stole Shoes in Transit. The railway companies are still up against the freight thief. Last Friday Mr. Wm. Evans received a consignment of shoes from Hamilton. When the cases were delivered, only one was entirely empty, only the box was left to show that a shipment had been made. Another had been opened and about a third of the contents abstracted, while a third was less seriously depleted of its contents. In all about a hundred and fifty dollars worth of the shoes were stolen. The thieves evidently had time to make their selection as in every instance except one the shoes were picked for men and youths. Whether the goods were stolen before they left Hamilton or at some point on the road where the balance of the car load was made it is not stated by the police. The fact that it is a local and not through freight will make it more difficult to trace. The Canadian Pacific will do its best to locate the missing articles. It is suspected that some one has a sealing stamp and cars are broken in on sidings, goods abstracted and re-sealed and it is suspected that it is someone who knows railroading and did the act.—Owen Sound Times.

Improved Curling Rink. The curlers have got busy and there has been something doing since the organization meeting a fortnight ago. At the rink a cement concrete foundation has been laid in the south wing for one rink and notwithstanding the lateness of the season and the comparatively slow setting it was ready for covering with ice on Monday. Last night's weather fixed things nicely and if the frost continues the club will have once good rink at least to use at an early date. The two rinks in the main part of the building were not laid with concrete, but flooded on the earth floor. The club is also making a change in the interior of the rink which will give a balcony or gallery in front of the refreshment rooms and are also contemplating the construction of an elevated walk the full length of the building. There was some discussion as to the advisability of securing another site and erecting a larger rink, but the improvements made by the curling club will result in no action being taken to erect a larger rink.—Owen Sound Times.

For That Dull Feeling After Eating. I have used Chamberlain's Stomach and Liver Tablets for some time, and can testify that they have done me more good than any tablets I have ever used. My trouble was a heavy dull feeling after eating. —David Freeman, Kempt, Nova Scotia. These tablets strengthen the stomach and improve the digestion. They also regulate the liver and bowels. They are far superior to pills, but cost no more. Get a free sample at Macfarlane & Co.'s, drug store and see what a splendid medicine it is.

THIS APPEAL IS TO YOU!

The Hospital for Sick Children

REMEMBER That Every Sick Child in Ontario Whose Parents Cannot Afford to Pay for Treatment is Treated Free.

The Hospital is not a local institution, but provincial. The sick child from any place in Ontario, who can't pay, has the same privileges as the child living in Toronto. The Hospital had last year in its beds and cots 1,245 patients—368 of these were from 241 places outside of Toronto. Seventy-five per cent. were children of poor people who could not afford to pay.

This Charity appeals to fathers and mothers of Ontario for funds to maintain the hundreds of sick children that it nurses every year.

Since its foundation the Institution has treated 14,458 children. 10,800 of these were unable to pay and were treated free.

BEFORE. AFTER. There were 51 cases of club feet treated last year.

If you know of any child in your neighborhood who is sick, or has any deformity, send the parent's name to Secretary.

The Hospital's Cry is not for itself, but for the Children, as you Dollars go not to the Hospital but to the Children.
