Stomach Derangement Her Limbs Ached. Worn Out--Tired. Headaches, Dizziness. Mrs. Scholes Case Like That of Thousands Cured by the Celebrated Tonic, Ferrozone.

This is but one example of the sickness, the dull aching weariness that afflicts so many homes to-day. Hundreds of women, single and married, will recognize in Mrs. Scholes' statement symptoms from which they suffer continually.

PROOF OF CURE. "People in ordinary circumstances find sickness the greatest burden of all," writes Mrs. W. S. Scholes, the wife of a well known citizen in Russell. But the mother with young children must keep going whether sick or well.

"At last when thin, wrinkled and hollow checked, I was urged to use Ferrozone. For the first time in years I enjoyed freedom from headaches, my appetite improved, I grew stronger, felt better and slept soundly.

Because Ferrozone invigorates—braces—builds up—because it will make you feel the exultant thrill of vitalizing blood and strong nerves—because it will give you comfort, energy, sound lasting health, these are a few of the reasons why you should use Ferrozone.

Who May Vote on Local Option. The Consolidated Municipal Act says, "Men, unmarried women and widows of the full age of 21 years, and British subjects by birth or naturalization, who are residents of the municipality and all 'freeholders,' whether resident or not, and all resident 'tenants' who have resided in the municipality for one month, have the right to vote."

Reserve Strength is as necessary to men and women in ordinary life as to the Athlete. The regular use of "Bovril" builds up a large reserve of strength, which makes sustained effort of mind and body possible, and enables the system to resist attacks of disease.

COUNTY & DISTRICT Mr. A. W. Baines was presented with a gold headed cane and a beautiful gold locker on retiring from the Principalship of the Warton High School.

Edward Thryndie had his right foot badly mangled in a straw cutter while engaged on the farm of W. J. McNally, of Bant. Three toes had to amputated.

License Inspector Cannon who visited Lucknow on Friday of last week, brings back tidings of a hard fight there over the local option issue. Being as it is the centre of widowhood the female vote in Lucknow is no little factor in the coming contest.

Miss Maggie Lowry, who resides near Conn. was in town last week attending the revival services. On Saturday evening she was seized with a severe attack of appendicitis and on Monday morning an operation was performed.

E. Shackleton had his left hand shot off by the accidental discharge of a gun while hunting in Swale's swamp on the Oliphant road on Tuesday afternoon. The unfortunate man, who is the proprietor of the pool room, went on a shooting trip along with J. Krentzweiser, Jack Harris and Hal. North, and was standing with his hand on the muzzle of the gun when the weapon accidentally exploded with the above mentioned serious results.

Disposing of or concealing a colt with intent to defraud his creditor, Mr. John McVannell, is the serious charge that Mr. Wm. Henderson, of Warton will be called upon to answer at the next Spring Assizes in Walkerton. The preliminary hearing of the case took place in Warton on December 11th before Mr. B. B. Miller, P.M., and the evidence against the accused was such as to cause the magistrate to send him to Walkerton for trial.

One morning last week Dr. Meikle showed us a very queer looking object that had developed in the bran box in his stable. The doctor called it a formation and thought it was a fungus growth. It looked like a devil fish or some of these curious plants or animals that are found in the depths of the ocean; or like a bunch of strings three or four inches long that had been wet and then covered with bran or chop.

Walkerton is being disgraced today as it never was disgraced before. Within the past two weeks one man has been robbed of \$12.00 and another has been held up, and yet the authorities here are observing a sphinx like silence over the affair. A street corner fight or a noise in an opera house is sure to get into the courts, but a hold-up or a robbery is passed over as something beneath the dignity of the baton. The hold up artist seems to have things all his own way in Walkerton, for the police claim they can't get any evidence against him and so he goes his way as free as the air and as happy as the birds in May.

Do You Lack Self control? If you are constantly keyed up, nervous, perhaps depressed—look to your over-worked nerves for the cause. They are starving for the nourishment that Ferrozone so quickly supplies. Besides its tonic action on the nervous system, Ferrozone has marvelous blood-forming properties. It thus supplies strengthening materials to every nook and corner of the body and brings the system to a condition of perfect health.
