# 1910

The year 1909 with its ups and downs is now past and we thank you for the great increase in our business as compared with 1908.

Business, generally, is more promising and with better facilities and more experience, we expect even more of an increase this year.

Our stock of Dry Goods, Clothing, Boots and Shoes, House Furnishings and Groceries is very large and notwithstanding the great advance in raw cotton, wool, leather and rubber, we are selling cotton goods, woollen goods, boots and shoes and rubbers at the old LOW PRICES, but we would say buy early and often for the prices must advance.

Special reductions in Men's Clothing and Underwear.

### PRESENTED WITH A LOCKET

A few of the young people and pupils of S. S. No. 10 Proton, gathered at the home of Mr. and Mrs. Robert McKenzie to bid farewell to their teacher Miss Gertrude Backus, who has resigned her position in their school. The evening was spent pleasantly in games and music. The following is the address:

DEAR TEACHER:—On the eve of our separation as teacher and pupils, we feel it our duty to express to you, our appreciation of your end avors to instruct us in the various branches of secular education and through we have many times criticized you and sorely tried your patience you have always shown the same impartial christian character, chiding when needed, encouraging when necessary and always showing an example to your pupils worthy of imitation.

We are very sorry that you are leaving our school but what is our loss will be others gain, and ere you leave us, we take this liberty of presenting you with this locket, chain and collar pins, as a slight token of our esteem, trusting it may serve as a memento of the love and attachment of your pupils.

We would now wish you a merry Christmas and a happy New Year. Signed on behalf of the pupils and well wishers of school section No. 10 Proton.

## Make Each Animal Worth 25% Over Its Cost

On 1/2 of a Cent a Day

Nobody ever heard of "stock food" curing the bots or colic, making hens lay in winter, increasing the yield of milk five pounds per cow a day, or restoring run-down animals to plumpness and vigor. When you feed "stock food" to your cow, horse, swine or poultry, you are merely feeding them what you are growing on your own farm. Your animals do not need more feed, but something to help their bodies get all the good out of the feed they use so they can get fat and stay fat all year round; also to prevent disease, cure disease and keep them up to the best possible condition. No "stock food" can do all these things. ROYAL PURPLE STOCK SPECIFIC can and does. It is things. ROYAL PURPLE STOCK SPECIFIC can and does. It is things.

Not a "Stock Food" But a "Conditioner"

ROYAL PURPLE STOCK SPECIFIC contains no grain, nor farm products. It increases the yield of milk from three to five pounds per cow per day before the specific has been used two weeks. It makes the milk richer and adds flesh faster than any other preparation known. Young calves fed with ROYAL PURPLE are as large at six weeks old as they would be when fed with ordinary materials at ten weeks.

## Royal Purple

STOCK AND POULTRY SPECIFICS

One 50c. package of ROYAL PURPLE STOCK SPECIFIC will last one animal seventy days, which is a little over two-thirds of a cent a day. Most stock feeds in fifty cent packages last but fifty days and are given three times a day. ROYAL PURPLE STOCK SPECIFIC lasts but fifty days and is given half again as long. A \$1.50 package containing four times the amount of the fifty cent package will last 280 days. ROYAL PURPLE will increase the value of your stock 25%. It is an astonishingly quick fattener, stimulating the appetite and the relish for food, assisting nature to digest and turn food into flesh. ROYAL PURPLE POULTRY SPECIFIC will save many times its cost in veterinary bills. ROYAL PURPLE POULTRY SPECIFIC is our other specific for poultry, not for stock. One 50 cent package will last twenty-five hens 70 days, or a pair costing \$1.50 will last twenty-five hens 280 days, which is four times more material for only three times its cost. It makes a "laying machine" out of your hens summer and winter, prevents fowls losing flesh at molting time, and cures poultry diseases. Every package of ROYAL PURPLE STOCK SPECIFIC or POULTRY SPECIFIC is guaranteed.

Just use ROYAL PURPLE on one of your animals and any other preparation on another animal in the same condition; after comparing results you will say ROYAL PURPLE has them all beat in death, or else back comes your money. FREE—Ask your merchant or write us for our valuable 32 page booklet on cattle and poultry diseases, containing also cooking recipes and full particulars about ROYAL PURPLE STOCK AND POULTRY SPECIFICS.

If you cannot get Royal Purple Specifics from merchants or agents, we will supply you direct, express prepaid, on receipt of \$1.50 a pair for either Poultry or Stock Specifics.
