HOCKEY

The unfinished game between Chesley and Durham, which was ordered re-played on Durham ice took place on Wednesday evening of last week, and as promised, proved one of the best and most hotly contested matches of hockey ever seen here.

It was eight o'clock, however, before referee Wallie Hern, of Stratford, got the players together in centre ice and read to them his little epistle, and slightly better than 8.01 when he plunked the rubber between the two centre men's sticks and let them at it.

The second half started at 8.44, and in four minutes, the visitors notched one and took the lead. Six minutes more saw Lavelle even the score, and in two more, the Chesleyites sewed it up again, and went in the lead once more.

Though beaten by an almost doubled score, the Chesley team was not disgraced, by any means, and, speaking of the game generally, they gave the locals their hardest tussle this winter.

By winning this game, the Durhams rest on easy street, so far as district honors are concerned, and are in line to battle for the battered cream pitcher of the Northern League, which is at present held by Wingham, and has been for the past two seasons.

Seven to one is the woeful tale of defeat the locals brought back from Paisley on Saturday morning last, whither they journeyed, minus three of their regular line-up the day before, in their last schedule match of the season.

CURLING.

Four rinks of Durham curlers came out victorious on the Palmerston rink on Friday last, winning on all four rinks, with 19 shots up on the total.

Given Up To Die

No. 100 George St., Sorel, Quebec. "I suffered from womb disease for seven years, with dreadful pains over the front of the body, over the back and down the legs. I had indigestion and chronic constipation and the constipation was so bad that I went sometimes for ten to fifteen days without any action of the bowels."

Then I got a sample of "Fruit-a-tives," but I had no faith in them at all, and I would not have taken them only my husband begged so hard for me to try them. As soon as I began to take "Fruit-a-tives" I grew better, the bloating was relieved, the sleeplessness was cured, my stomach acted, and the bowels were moved, but above all the fearful womb pains were made easier.
