

# PUBLIC BROKER SALE

## And Fire Underwriters' Salvage Shoe Sale

IN FULL BLAST FOR NINE DAYS MORE

Saturday and Saturday night the greatest crowds yet. Crowds growing larger and larger as the days go on. People driving from 25 to 30 miles that never were in the great departmental store before. Mail orders coming from all over the country for the great bargain snaps that we are offering. No one disappointed at this great sale. Hundreds of new bargains arriving daily. The Broker's energies are devoted to picking up bargain lots, backed up by spot cash by G. & J. McKechnie. Cash talks very loud these days. Our large purchasing power gives us absolute under-selling supremacy. Manufacturers, wholesales, all throwing out baits. These baits picked up by the Broker and sold to the public away below the cost of manufacturing. We use the modern business way of doing things, nor can we conform to this old fashioned idea of carrying over stock from season to season. We put the bargain knife right into prices and make them go. We ask the people to turn out and make this the bumper wind-up.

**G. & J. McKechnie's Big Departmental Store, Durham**
