Corner Concerns.

Mr. Fred. Ball re-leased the Hillis farm, to work in connection with his Normanby farm.
Mr. Walter Nichol has the greater part of the material out for an addition to his barn.
Mr. Willie Patterson leaves this week to seek fortune in the West, and may be accompanied by one of his brothers.
We are sorry to report that Miss E. McLaughlin is laid up with inflammatory rheumatism, but hope to hear of her speedy recovery.
Mr. Joe Lennox bought a fine four-year-old mare last week from T. Johnson, the price being upwards of two hundred.
Messrs. Wm. and Robt. Lennox spent a few days last week with friends in Peterborough. They leave in a few days for their home in Sa-Patchewan, where they are expressing well.
Mr. W. R. Bone, of Beardsley, Minn., who with his eldest sister, is visiting relatives and old friends in Egmont and Glenelg, spent a few days last week with Mr. and Mrs. Jas. Tucker.
A young couple named Baker have moved into one of Joe Lennox's houses. They came from Orchardville to work out a livelihood in this part.

Mr. Fred. Noble has commenced life on the farm he recently bought from the Siers family. We welcome him to this part as a resident.
There was a very pleasant evening spent in the home of Mr. Jas. Matthews, town line, last Wednesday when the young people of the neighborhood enjoyed themselves in games and other amusements till near morning.

It is rumored around here that Mr. S.T. Orchard, of Saskatchewan has recently passed over to the great beyond, but we hope that it is not the case. Sam, was a jovial little fellow, and had many friends around here.

Mr. Wm. Jaques' sale last week was quite a success, satisfactory to himself, and reflecting credit on auctioneer Brigham. Horses sold as high as \$199, cows upwards of \$50 sows \$30 geese \$2.65 each, and hens 54 cents each.

The people of this place learn with sorrow that John R. Tucker, of Portage la Prairie, Man., is in a very critical state from cancer of the stomach. He was formerly an esteemed resident of this place.

Mr. Jas. Johnson has gone to Hoistein for a time to live with his parents. Before leaving, he secured the contract of building a cement house for Mr. Wm. Andrews. It is to be of cement concrete with block finish. He is sufficiently skilled in the art to ensure a good job.

Mr. Jas. Allan, we hear, has been engaged with a large newspaper firm at \$100 a month, to travel in their interests. It is not any feeling of rivalry that keeps us from giving full particulars. We haven't met him since, but can assure the company they have a good man.

If straws show which way the wind blows, to see the whole stack moving should be more convincing and that is about the kind of evidence we have in regard to a half dozen weddings that will take place here soon, yet it is not the interesting news without mentioning names, which we don't like to do.

So far there has been no trouble in this part from mad dogs, but we can't say as much for cattle, as last Wednesday night a steer with defective sight wandered away from its home into a neighboring field, where, from exposure in snow up to its neck, it became demented and when some neighboring fellows on their way to a sale, seeing its sad plight, went to relieve it, were attacked, and after some lively kicking and good dodging they got back to the sleigh in safety, but the animal followed close in their train, and when they were at last forced to stop to repair harness, it savagely attacked the rear end of the sleigh. Jim Allan finally got in a blow with a horse halter that saved the party from an untimely death.

In our rush last week to have our news in early, we neglected to extend the good wishes we bear for the McWilliamsville correspondent and his happy bride, or yet to express admiration of his fine photo, but we do so now, and also admit that the Darkies Corners man is both good looking and a good writer. If we have omitted mention of any of the others, we would just say, "here is to our noble selves,—very few like us."

We take this opportunity of extending best wishes to Mr. Palmer Patterson and Miss Susie Lawrence, who join heart and hand this Wednesday, and it will be Mr. and Mrs. the next time we have the privilege of addressing them. They will reside in this part, and are the kind of citizens we take pleasure in welcoming to our neighborhood. We also do the same thing for Mr. Will McFadden and Miss Olive Cook, who will be united this Tuesday. The bride, though a comparative stranger to many of us, comes highly recommended. The groom is o. k. and considered one of our very best young men.

The command goes forth "Muzzle your dog," and it is now a common thing to see dogs of the smaller class running along the street like captive songsters in a bird cage.

The Doctor's First Question

"How are your bowels?" This is generally the first question the doctor asks. He knows what a sluggish liver means. He knows what a long list of distressing complaints result from constipation. He knows that headaches, bilious attacks, indigestion, impure blood, and general debility are often promptly relieved by a good liver pill. We wish you would talk with your own doctor about this subject. Ask him at the same time if he approves of Ayer's Pills. Do as he says.

Make Each Animal Worth 25% Over Its Cost

On 2/3 of a Cent a Day

ROYAL PURPLE STOCK SPECIFIC contains no grain, nor farm products. It increases yield of milk from three to five pounds per cow per day before the specific has been used two weeks. It makes the milk richer and adds flesh faster than any other preparation known. Young calves fed with ROYAL PURPLE are as large at six weeks old as they would be when fed with ordinary materials at ten weeks.

ROYAL PURPLE STOCK SPECIFIC builds up run-down animals and restores them to plumpness almost magically. Cures bots, colic, worms, skin diseases and debility permanently.

Dan McEwan, the horseman, says: "I have used ROYAL PURPLE STOCK SPECIFIC in practically the full line of 'The Era', 2,022, largest winner of any pacer on Grand Circuit in 1908, and Henry Winters, 2,031, brother of 'Allen Winters', winner of \$36,000 in trotting stakes in 1908. These horses have never been off their feed since I commenced using Royal Purple Specific almost a year ago, and I will always have it in my stables."

ROYAL PURPLE STOCK AND POULTRY SPECIFICS

One 50c. package of ROYAL PURPLE STOCK SPECIFIC will last one animal seventy days, which is a little over two-thirds of a cent a day. Most stock foods in fifty cent packages last but fifty days and are given three times a day. ROYAL PURPLE STOCK SPECIFIC is given but once a day, and lasts half again as long. A \$1.50 package containing four times the amount of the fifty cent package will last 280 days. ROYAL PURPLE will increase the value of your stock 25%. It is an astonishingly quick fattener, stimulating the appetite and the relief of the stomach, and assisting nature to digest and turn food into flesh. As a horse fattener it is a leader. It will save many times its cost in veterinary bills. ROYAL PURPLE POULTRY SPECIFIC is the other Specific for poultry, not for stock. One 50 cent package will last twenty-five hens 70 days, or a pair costing \$1.50 will last twenty-five hens 280 days, which is four times more material for only three times the cost. It makes a "laying machine" out of your hens, summer and winter, prevents fowls losing flesh at moulting time, and cures poultry diseases. Every package of ROYAL PURPLE STOCK SPECIFIC or POULTRY SPECIFIC is guaranteed.

Mr. Thos. Swallow sold household goods by auction Saturday afternoon last and realized good prices as sales go. So articles went very cheap, of course while others reached a fair high mark. He has now disposed of nearly all his Durham property and leaves for the West to follow new acquaintances, and establish new business relations. Tom is quite a hustler when he gets right down to business, and everything considered, he has done well here. In business, he was always able to hold his own, and with opposition came, the boys seem to stay with him. His wife and family are going to Morden, Man. but Mr. Swallow himself intends going through to the coast before deciding on where to locate. It is altogether probable he will continue his business as a barber. We hope he may have good success.

A story in brief. Coming from town one day last week. The loss of a whip. The finding of same. The wild race of brief duration. The climax. A lady passenger.

Our brother correspondent of Bunessan, Mr. Chas. Kennedy, accompanied by his sister, Miss Susan, called at the home of Mr. and Mrs. Thos. McComb on Tuesday evening of last week and took in the literary entertainment at the school here.

February, while here, gave us a heavy share of the fleecy mantle and piled up the snow banks, but bade farewell with a smiling countenance, and we have had beautiful weather since her departure, until Monday, which was rough enough.

We regret that Mr. Arthur Weir president of the Green Grove Literary Society, has not, as yet, been able to attend any of the society's entertainments this winter. Thru this item, Arthur will learn that he is much missed, and we sincerely trust that he will soon be in the best of health again.

We notice by the Toronto News that the railway companies are growing about lost of time since the coming in force of a law requiring all railway trains to slow down to ten miles an hour at several dangerous crossings in Ontario. Here is what we think about it. Loss of time is of much less importance than loss of life, and is much easier remedied.

A very successful institute meeting was held at the home of Mrs. N. McCannel on Thursday last, when over thirty ladies assembled to discuss home affairs. Mrs. D. McCrie gave a talk on the benefit

of meeting together, and Mrs. Pettigrew followed on the same subject. A demonstration of fancy work was very much enjoyed. Before the meeting closed, Mrs. Pettigrew, who is leaving for the West, was presented with a ring. Everyone had a kind word for her and all are sorry to see her leave.

The postponed entertainment of the Green Grove Literary Society was held in the school here on Tuesday night last, and in our estimation, was fully better than the preceding ones. The school was comfortably filled, although the weather wore a threatening aspect, and the roads were in bad condition. Mr. T.A. Allan, vice president, occupied the chair in a very becoming manner, and called the meeting to order at 8.15, when the program was begun, a copy of which has been kindly handed to us and is as follows: Chairman's address; instrumental. Miss Leah McComb; secretary's report; Miss McPadden; chorus by the Glee Club. "My Bonnie"; gramophone selection; instrumental. Miss M. Matthews; the debate, "resolved that the platform is more benefit to the world than the press." The speakers on the affirmative were Miss E. Weir, M.J. Staples, J. McGirr. On the negative, Miss B. McGirr, A. Aljoe and W. Weir, who were victorious by three points; instrumental, Miss Leah McComb; editorials of G.G.E.O., read by Miss Clara Ritchie; duet Misses Lizzie Weir and Belle McGirr; gramophone selection; instrumental, Miss M. Matthews; the judges' decision announced by Rev. Mr. Carter, of Varney; chorus by the Glee Club, "Nellie Gray". God save the king. The judges were Rev. Mr. Carter, Mr. Chas. Farquharson and Mr. P. Ramage, who undoubtedly gave a very impartial decision.

A business meeting was held after the entertainment to decide whether or not they would accept a challenge for debate issued by Edge Hill Literary Society. The challenge was unanimously accepted, the opposing parties to fight it out to a finish in Edge Hill school on March 23rd. The subject is "Resolved that Washington was a better statesman and general than Wellington." Our boys are on the negative and the speakers are Messrs. R.J. McPadden, T.A. Allan and A.A. Aljoe. Remember the date, Wednesday, March 23rd, and come with the Darkies Corners boys and see them win.

Do Your Ears Ring?
This is the beginning of chronic Catarrh. If not checked, the result is deafness. A simple remedy that many physicians advise is to slowly inhale Catarrhozone a few times each day. The soothing vapor of Catarrhozone cures the catarrhal condition and hearing improves at once. Head noises, buzzing ears, are cured. For catarrhal deafness, throat, nose and lung catarrh, there is probably no remedy so efficient.
