An exceedingly sad and fatal accident occurred at the railway siding here on Monday morning of this week when the young son of Wm. Richardson of Swinton Park was instantly killed. Mr. Richardson and son along with a couple of other men have been engaged here for the past few days loading logs on cars for the Hanover Furniture Co. All was going well until they attempted to load a very large one. They had about completed their task when one of the guy wires of their gin pole gave way and the huge log and gin pole fell with a crash to the ground. The boy who was standing immediately under the pole was struck with terrific force on the top of the head, with the result that his life was crushed out without a moment's notice. Death in all cases seems sad, but it seems doubly so, on this occasion when one so young in years and ambitions in life, is so suddenly and tragically rushed from the field of earthly action. The exceedingly sad occurrence has thrown the community into a state of darkened gloom, but we can only extend our feeling sympathy to the ones who mourn. His remains have been conveyed to his home at Swinton Park, to await interment.

Mr. Archie Etor leaves this week with a car of gettler's effects for his home near Elbow, Sask.

Assessor John McDonald sized up the value of the property in this neighborhood on Friday last. He is a very popular public official.

The regular meeting of our Literary society, held in the school on Friday evening last, was a decided success. The program was provided entirely by the boys. Geo. Williams, Jas. Edge, Victor Williams and Arthur Edge each gave good recitations; Geo. Banks sang very acceptably; John Greenwood gave a humorous reading; and C. H. Moffat related experiences in a young man's unsuccessful courtship, and how it was he never married. Messrs. Geo. Ritchie, T. Ritchie, and J.L. McDonald, with violins, and Arthur Blair on the organ, rendered several selections of instrumental music, and were warmly applauded. John L. McDonald, in Highland costume, gave a couple of clever step dances. He is very active on his feet. A couple of dialogues, "A scene in a smoking car," and "The rival editors," proved very interesting. Perhaps the best number on the program was a drill by twelve boys in a unique Highland uniform. They marched to music in imitation of bag pipes, produced with organ and violin. For an encore, they sang a little snatch of Gaelic. The boys are quite as proficient in manufacturing kilts as they are in singing Gaelic. Another very amusing feature of the program was a mock trial. Ernie Greenwood was called on to sing "Annie Laurie," and performed his part so remarkably well that at the close of the first verse he was arrested by Policeman Edgar Ritchie on a charge of murder. Court was then opened by Judge Firth, with Herb. Ritchie as clerk. W.J. Ritchie was prosecuting lawyer, and W.G. Firth conducted the case for the prisoner. John L. McDonald and Jas. Edge were witnesses, who were questioned and cross-questioned. The lawyers and judge addressed the jury, and the jury after a short deliberation, brought in a verdict thru their foreman, Victor Williams, that the prisoner was guilty. The judge then passed a rather amusing sentence on him, and the court was adjourned. The National Anthem closed the meeting.

MOTTOES.

The starting point in the career of a great man is an interesting study. In many an instance, a seeming trifle has been the inspiration to which such a one has owed his success in life. Perhaps this inspiration has been found in a book, a magazine article, a kind word or deed, or an uplifting motto.

Many famous men and women, who have greatly influenced the world have had mottoes which served to inspire them constantly. Ruskin always kept on his desk a piece of chalcidony inscribed with the word "to-day." A school teacher, whose life and work inspired all of his students, used to keep on the back of his note-book to which he referred daily, this motto "Always expect to succeed, but never think you have done so."

When Arago, the celebrated French scientist, was almost discouraged he happened to pick up a piece of paper on which were the words "Go on, sir, go on!" and the inspiration of this brief sentence started him on the road to fame.

The oblique affability with which King Edward VII, when Prince of Wales, acted on his motto, "I serve," in performing a kind of tedious functions, made him the most popular man in England.

Every youth, early in life, should choose a personal motto, one that will be a battle cry to inspire and encourage him in his conflict with the world. Let it be one that will be a constant uplifter, toward a life of broad usefulness.

"It is not birth, nor rank, nor state; but 'get up and get' that makes men great."
