We would likely have had a racy account of a race to write up this week had anyone else but those participating in it got in their story first. As it is, it was a neck and neck race for some distance with their tongues out, a broken tongue, some slight bruises and a long walk. Joe Lennox and R. Morrison were the principals in it.

All dogs are being placed under restriction this week and many that are of little worth are being laid under the snow.

One Doctor—Only One

No sense in running from one doctor to another! Select the best one, then stand by him. No sense either in trying this thing, that thing, for your cough. Carefully, deliberately select the best cough medicine, then take it. Stick to it. Ask your doctor about Ayer's Cherry Pectoral for throat and lung troubles. Sold for nearly seventy years. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

Why try this thing, that thing, for your constipation? Why not stick to the good old reliable family laxative—Ayer's Pills? Ask your doctor if he approves this advice.

Make Each Animal Worth 25% Over Its Cost On 1/3 of a Cent a Day

Nobody ever heard of "stock food" curing the bots or colic, making hens lay in winter, increasing the yield of milk five pounds per cow a day, or restoring run-down animals to plumpness and vigor. When you feed "stock food" to your cow, horse, swine or poultry, you are merely feeding them what you are growing on your own farm. Your animals do need more food, but something to help their bodies get all the good out of the feed you give them so they can get fat and stay fat all year round; also to prevent disease, cure disease and keep them up to the best possible condition. No "stock food" can do all these things. ROYAL PURPLE STOCK SPECIFIC can and does. It is not a "Stock Food" But a "Conditioner."

ROYAL PURPLE STOCK SPECIFIC contains no grain, nor farm products. It increases yield of milk from three to five pounds per cow per day, and the specific has been used two weeks. It makes the milk richer and adds flesh faster than any other preparation known. Young calves fed with ROYAL PURPLE are as large at six weeks old as they would be when fed on ordinary material at ten weeks. ROYAL PURPLE STOCK SPECIFIC builds up run-down animals and restores them to plumpness almost magically. Cures bots, colic, worms, skin diseases and debility permanently. Don W. E. Van, the horseman, says: "I have used ROYAL PURPLE STOCK SPECIFIC persistently in the feed of the K. J. 2024, largest winner of any pacer on Grand Circuit in 1898, and Henry Winters, 2001, brother of Allen Winters, winner of \$38,000 in trotting stakes in 1898. These horses have never been off their feed since I commenced using Royal Purple Stock Specific almost a year ago, and I will always have it in my stables."

Royal Purple STOCK AND POULTRY SPECIFICS

One 50c. package of ROYAL PURPLE STOCK SPECIFIC will last one animal seventy days, which is a little over two-thirds of a cent a day. Most stock foods in fifty cent packages last but fifty days and are given three times a day. ROYAL PURPLE STOCK SPECIFIC is given but once a day, and lasts half again as long. A 50c. package of ROYAL PURPLE STOCK SPECIFIC will last 280 days. ROYAL PURPLE will increase the value of your stock 25%. It is an astonishingly quick fattener, stimulating the appetite and the red blood for food, assisting nature to digest and turn feed into flesh. It makes a "laying machine" out of your hens, summer and winter, prevents fowls losing flesh at moulting time, and cures poultry diseases. Every package of ROYAL PURPLE STOCK SPECIFIC or POULTRY SPECIFIC is guaranteed.

Just use ROYAL PURPLE on one of your animals and any other preparation on another animal in the same condition; after comparing results you will say ROYAL PURPLE has them all beat. It is to death, or else back comes your money. FREE—Ask your merchant or write us for our valuable 32-page booklet on cattle and poultry diseases, containing also cooking recipes and full directions for using ROYAL PURPLE STOCK and POULTRY SPECIFICS.

If you cannot get Royal Purple Specifics from merchants or agents, we will supply you direct, express prepaid, on receipt of \$1.50 a pair for either Poultry or Stock Specifics.

HYMENEAL

ARNETT-WEIR.

A very pretty wedding was solemnized at the home of Mr. and Mrs. H. Weir, Beechwood, Owen Sound on Wednesday, February 23rd, when their daughter, Sarah, was united in the holy bonds of matrimony to the man of her choice, Mr. T. Frederick Arnett of Durham.

The nuptial knot was tied by Rev. Mr. Rodgers, of Owen Sound.

Precisely at ten o'clock a. m. the bride entered the parlor leaning on the arm of her father, where the groom awaited them under an arch of maiden hair and fern. The bride was beautifully attired in cream silk trimmed with lace, and carried in her hand a bouquet of white carnations. The bride was attended by a flower girl, little Miss Fletcher, who carried a bouquet of white geraniums. The wedding march was played by Miss White, cousin of the bride. After the ceremony, the guests repaired to the dining room, where a sumptuous dinner awaited them. The bride's cake was a five-storey one, and was beautifully decorated. The bride received many beautiful presents, among them a costly set of Persian Lamb furs, the gift of the groom. The happy couple left on the afternoon train to visit Toronto, Hamilton, and Niagara Falls. On their return, they will take up their home in Owen Sound. The best wishes of the community are extended to them.
