BLACK KNIGHT STOVE POLISH

Has the "Black Knight" come to your home?

Let him show you the quick and easy way to shine the stoves.

"Black Knight" takes all the hard work and dirty work out of stove polishing.

It's a paste—so there is no watery mixture to be prepared.

Just a few rubs with cloth or brush brings a mirror-like shine that "you can see your face in".

Most dealers handle and recommend "Black Knight" Stove Polish. If your dealer cannot supply it, send loc. for a big can—sent postpaid.

DAN McDOUGALL

Dan. McDougall is one of the best known and most esteemed residents of the township of Bentinck. Born in North Grey 63 years ago, he moved with his parents when eight years of age to his present homestead and has had a full

DAN. McDOUGALL.

share of the common experience of the pioneers of those days, and also of the pleasures and sorrows of many in all ages. The writer well remembers him relating his first day going to school, hand in hand with his future wife, and of their friendship increasing with their years. He was married on the twenty-fifth day of November, 1875, and was blessed with a family of five sons and three daughters all of whom are in a fair way to success, having more than the average of the advantages of a good education. The youngest, Catharine, now attending the Durham High school, captured the Diploma for the District last year.

The sustaining and cheerful influence of a loving and faithful wife and mother for about nineteen and a half years, made the break all the greater, when, on the 10th day of May, 1895, his beloved wife was called to a better home. Added to this, the care of a young family, the eldest girl about thirteen years of age, and the youngest about three months.

Those who have had a somewhat similar experience can better understand his loss, and the credit due him for maintaining a cheerful appearance in the face of difficulties, and although so much of his time is spent in public service his particular interest is for the welfare of his family. His gratitude to those kind friends who gave him timely assistance in time of trouble are to the front when Dan. refers to his private affairs.

His well-kept farm and surroundings, and also about four thousand dollars realized for personal property sold, or on hand this past winter, is evidence of his industry and business ability. The large number attending his recent sale, and the handsome present from his school section and the many outside of it who would like to do him honor is evidence of the esteem in which he is held by the public after his many years of service, being thirty years school trustee, and twenty-nine years in succession Collector for his township.

He was one of the Executive of the Grey and Bruce Fire Insurance Company for twenty-six years, eleven years of which he was President, and needless to say, the Board regret very much losing so valuable an assistant.

He was twice nominated for M. P. for South Grey, but refused the honor. He was also returning officer for South Grey.

One thing generally admitted about Dan. is that whatever he took in hand to do he did with all his might. As he was generally acknowledged one of the leading and most successful wire pullers in his party, his opinions were not to be slighted, and although a Grit first, last and all the time, Tories were always ready to extend to him the right hand of good fellowship as a foeman worthy of their steel.

All regret the departure of Mr. McDougall and his family from our midst, and join in wishing them success and prosperity, and the best of blessings in their new home in Southern Alberta, Winnipeg P. O., or wherever their lot may be cast.

Darkies' Corners.

Mr. Geo. Newell purchased a fine horse at Mr. Geo. Arrow-smith's sale recently for a handsome figure. Geo. likes good spirited animals.

Mrs. John Collier, accompanied by her daughter, Miss Nellie, and son, Thomas, spent Friday night last at the home of Mrs. Chas. Ritchie.

Prayer meeting was held at the home of Mrs. Chas. Ritchie, Thursday night last, and was well attended. Mr. Alex. Aljoe took the opening, while Mr. Wm. Glass conducted the lesson. Mr. Thos. McComb closed the meeting with prayer.

An address and presentation to Mr. and Mrs. Wm. Matthews and family has been kindly handed in by a friend, and forms a part of this budget. We are always pleased to receive items of news, and appreciate every effort of the citizens of our burg, who give us the same.

An item in the McWilliamville correspondence of last week, referring to a party being given recently by Mrs. Chas. Ritchie, of this place, has been brought to our attention, and Mrs. Ritchie has requested us to contradict the statement. She had a few intimate friends for tea one evening about five weeks ago, in honor of Mr. and Mrs. Thos. McComb, who are leaving this corner of the section, but it did not take the form of a party, as far as we can understand. The McWilliamville cor. has been misinformed.

The monthly Horse Fair in Durham on Thursday last brought out an immense crowd, and fifteen buyers were present from different places, including Toronto. There were not as many horses sold as were at the previous fair, owing to the fact that the class of horses put on the market was not up to the standard. However, thirty-three changed hands, ranging in price from \$15 to \$250, which means that a large amount of money was distributed. One farmer was offered \$550 for a team, and refused to sell. This shows that the Horse Fair is proving a benefit to town and farmer both. Farmers are beginning to look upon Mr. Wm. Black as a benefactor, as well as a progressive business man. Mr. Black is the originator of the movement which has caused an increasing demand for good horses and the advance in prices.

ADDRESS AND PRESENTATION.

To Mr. and Mrs. Wm. Matthews and family.

It is with feelings of sincere regret that we have met to-night to sever the bonds which have existed among us so long as friends and neighbors. Your repeated kindnesses to many of us have marked you as a friend indeed. Your hospitality has never diminished. Your place, like that of the mighty oak, will take years to fill. You have contributed to our picnics, our socials, our literary meetings, and to our prayer meetings, and at the recollection of each of these, loving thoughts will go out to you and yours.

As a slight token of our respect we would ask Mr. Matthews to accept this chain, Mrs. Matthews this silver cabinet, Margaret, this toilet set and John this perfume set.

Our prayer now is that you and yours may be attended by every blessing.

MRS. A. CRUTCHLEY, MRS. P. BLACK, MRS. J. MATTHEWS.

ADDRESS AND PRESENTATION

To Mr. and Mrs. Geo. Arrowsmith and Miss Maggie May.

Dear Friends,—It was with sorrow that we learned some time ago of your intentions of removing from our midst. We have learned long ago to value your friendship, and we have been witnesses of the many acts of kindness which you, as neighbors, were ever ready to render.

Therefore we, your friends and neighbors have assembled here to-night, and ask you, Mr. and Mrs. Arrowsmith, to accept one each of those chairs, and Miss Maggie May, this album, not for their intrinsic value but to merely show you, in a small degree, our high appreciation of you as neighbors.

In future years, in your moments of leisure, as you sit in those chairs your memory will wander back to the many happy days in the old neighborhood. In parting, we hope that health, happiness and prosperity will ever be your lot.

Signed in behalf of your many neighbors,

E. J. SULLIVAN, GEO. CAMPBELL, HUGH McINNIS.

THE "CHRONICLE" DOG DEAD

On Sunday last about five o'clock our little yellow dog, Fred, was found dead beside the kitchen door. He was going in and out as usual during the day, and his death was not expected. He may have taken to heart the cruel efforts of the legislature to impose a higher tax on dogs, which, together with the muzzling regulations, seemed more than he could bear. He was about sixteen years of age, and known by everybody here.

It is well to have on hand a remedy, simple, effective and easily applied, for mosquito bites, insect stings, sores, bruises, sunburn, and injuries to the skin, and forty other ailments not always dangerous, but which can be cured by outward application.
