Inspector Campbell is attending the meeting of the Ontario Educational Association in Toronto this week. We notice he is down for a paper on "The Relation of the Public School Inspector to the Department and to the General Public."

The Cement Mill is now undergoing a series of repairs preparatory to opening for the season as soon as the ice is cleared off the lake and good working conditions prevail. The outlook at present is most optimistic and the chances are that the mill will have a good run this season.

Have we a game warden and who is he? We are told that nothing but musk rats can be taken at this season of the year, yet indiscriminate shooting is being indulged in. This is only a hint, but the law breaker who is wise enough will do well to regard it as a solemn warning. He may soon run against a snag of the law.

The annual Vestry meeting of Trinity church was held on Monday night last. The financial report was very gratifying and is said to be the best in the history of the church here. Edward Kress and John Cuff were re-appointed wardens, and Joseph Atkinson and John Cuff were appointed lay delegates to the Synod.

Settlers' one-way excursions to Western Canada, April 5th and 12th, via Grand Trunk Railway System from stations in Ontario. Kingston and west to principal points in Saskatchewan and Alberta. Particular attention is called to the fact that low rates apply to certain points on Grand Trunk Pacific Railway, a new territory full of "Golden Opportunities." Last week Mr. John A. Graham purchased the John McKechnie property up town, adjoining the Presbyterian manse. The house is a good substantial two-story brick dwelling, beautifully situated and in every way a desirable spot to live. We congratulate Mr. Graham on his lucky purchase, and hope that his proximity to the manse and rectory will improve him morally. All his future swearing must be done in a whisper, in order to preserve the good name of the locality in which he has decided to dwell.

The District meeting of the Independent Order of Oddfellows, held Good Friday in Palmerston, was largely attended, and a great deal of fraternal interest was shown by the brethren. The initiatory and second degrees were beautifully exemplified by Gordon Lodge, of Palmerston. Garnet Lodge, of Mt. Forest, made a fine showing in the actual working of the first degree, and Listowel Lodge exemplified the third degree. Grey Lodge, No. 169, of Durham, was represented by W. B. Vollet, Adam Robertson, A. H. Jackson, John Ritchie, Wm. Ritchie, Dr. J.F. Grant, John MacKenzie, J. Levine and W. Irwin. The exercises closed about midnight.

Strong purgatives have killed many a good man. Costiveness is bad—violent cathartics are worse. If bothered with stomach trouble or biliousness, try Fig Pills. They are so mild you can scarcely feel their action, yet so effective that the entire system is cleansed of waste.

"DAVIE" McCLOCKLIN

"Davie" McClocklin is not dead yet, but a real living personality and apparently in the full enjoyment of health and with all the cheerfulness of a boy who visits his first girl.

If we call him "Davie" we don't do so through any feeling of disrespect. He was 79 years of age on Tuesday last and when he happened to make the remark on the street he had no thought that we were going to tell anything about him. Generally the good things are said about people after they die, but about our old friend "Davie" McClocklin a great many things may be said about him truthfully while he is yet in the flesh. Everybody respects and admires the cheerful old man who always enjoys to give a joke and would enjoy the jokes that are fired at him frequently if he could only hear them as they are uttered. He can scarcely hear anything, however, that sense being impaired about 30 years ago through cold contracted while building a chimney. He gradually grew worse and now he is almost entirely deaf.

He was born on the Isle of Jersey, March 29th, 1831. When 20 years of age he came to Canada and first settled in Hamilton. Shortly after this he engaged in the construction of the great Western Railway at Flamboro, and in the spring of 1852 he moved to Guelph and built the Rockwood bridge.

In 1852 he gave up his trade as a mason and went to Osborn where he engaged in farming till 1875 when he again returned to Guelph where he resumed his trade. He was married in 1851 to ——— by Rev. Mr. Langtry father of Lily Langtry.

The first store he ever did business with was in Kirkton, and was conducted by the late Timothy Eaton & Co.

His Grit politics were fixed through some business he had with the Canada Land Co., when he got "fleece" but we cannot now explain how it was. He knows nothing about this little write-up and we don't want to ask him any questions. He'll likely tell us all about it when he sees what we say about him. We'll give him full swing to go on and talk, but we regret the difficulty we would experience in asking him any questions.

He has been a constant subscriber to newspapers since 1851 and never read a paper sent in his name till his subscription was paid in advance. What a paradise newspaper man would have if everybody would do the same. May he live for years to come is our sincere wish.
