

A GREAT ENTERPRISE COMES TO DURHAM

Robert Macfarlane makes an Important Connection with the largest Co-operative Corporation in America, backed by men doing an annual business amounting to \$75,000,000 PEOPLE OF DURHAM BENEFITED

Robert Macfarlane of this town has with characteristic enterprise demonstrated his ability to keep well abreast of the times by connecting himself with the largest druggists' co-operation in America. The men connected with this enterprise do a yearly business aggregating over \$75,000,000, which well emphasizes its soundness and magnitude.

About three thousand retail druggists throughout the United States and Canada have organized themselves as a co-operative company, for the purpose of producing a line of medical preparations, which they recommend absolutely guarantee and back up with their own names and personal reputations. The formulas of these remedies are thoroughly known to every one of these druggists; and the ingredients of each will be truthfully described to the public and the remedies sold with the distinct understanding that their purchase price will be instantly refunded without question or quibble if they fail to benefit the user.

One thousand different formulas were turned over to the company, each formula being selected because of its tested and proved value and established reputation, gained through continued and successful use by prominent physicians.

A research committee of expert chemists and physicians made a most thorough and exhaustive test of each one of these one thousand prescriptions until they had selected about three hundred as being the very best and most dependable known to medical science, each for the treatment and cure of a particular ailment.

These three hundred remedies are now manufactured by the company, which is known as the United Drug Co., Boston, Mass., and United Drug Co., Limited, Toronto, Canada, in the largest, most modern and best equipped pharmaceutical laboratories in America.

The tremendous output of this company enables it to purchase drugs, herbs, and other necessary material in very large quantities. The co-operation and professional advice of three thousand leading druggists guarantees the high quality of everything used and guarantees that only formulas of extraordinary merit are used in the manufacturing of their products.

The preparations of the company are shipped direct to the retail druggists who are connected with the enterprise. Thus their absolute freshness is assured, it is impossible for their quality to deteriorate, there are no middlemen's or jobbers' profits to be added to their cost, and the public can obtain these products at actual cost

of manufacture, plus a single retail profit. One noticeable feature of this business, and a very commendable one, is that no one remedy manufactured by this company is a "cure-all." Each one of the 300 different remedies is a known and dependable specific for a particular ailment. The confidence of the druggists interested in this enterprise is unquestionably demonstrated by this guarantee, which is printed on every package: "The United Drug Co., Limited, and the Rexall Store selling this preparation guarantee it to give satisfaction. If it does not, go back to the store where you bought it and get your money—it belongs to you, and we want you to have it."

This is certainly an innovation that must appeal to the people of Durham. It insures safety and satisfaction because our own local druggist, Mr. Robert Macfarlane, who is so well known and highly respected for his integrity, is connected with this enterprise, and is staking his own personal reputation on the quality of these remedies, and the very frankness with which he takes the people of Durham into his confidence insures an unprecedented success for these remedies, which are sold under the trade-name Rexall, which means King-of-All. From reports coming from thousands of towns and cities, the Rexall Remedies are certainly demonstrating their full title to the name.

Those who have previously refused to buy proprietary medicines because there was no way of ascertaining their ingredients, can now purchase Rexall Remedies, the formulas of which they can have for the asking. Besides, they are sold by a concern personally known to you and located right here in our own town, who guarantees that they are in every way as represented or they will cost nothing.

Rexall Dyspepsia Tablets are one of the first of the three hundred remedies which are being introduced. Anyone in Durham who suffers from stomach derangement, indigestion or dyspepsia should not hesitate to try this Rexall Remedy when they are so highly recommended and backed by such a strong guarantee.

Mr. Robert Macfarlane is so well and favorably known for his sterling honesty and square dealing that we predict a great success for him with the Rexall Remedies, and he is to be heartily congratulated in bringing this great and modern business enterprise to Durham.

We urge all who may be in need of prepared medicines to call on Mr. Robert Macfarlane, and learn about Rexall Remedies. Enterprise of this sort should be encouraged.

Corns Cured for 25c
A guarantee of painless cure goes with every bottle of Putnam's Corn Extractor. Use Putnam's and your corns go. Beware of substitutes.

SPRING SKIN SORES

At this season, scores of people, girls and women especially, find their faces marked with pimples, dark spots, eruptions, etc. The skin needs attention, needs renovating after the trying winter season. Just think what it has had to go through!

You have been out in rain and sleet and snow. You have been perspiring from skating, or some other exertion. Then you have stood to "cool off." You have spent hours of the day indoors at a temperature equal to summer heat. Then you have covered up your skin, except your face, and gone out into a temperature away below zero! No wonder that the skin of the face and neck shows signs of needing attention. Zam-Buk is a skin food. Smear it lightly over the spots, the eruptions, the scurf patches, at night, and notice how quick your appearance improves. As the rich, refined, herbal essences sink deep into the tissue, the hard scurf-like patches are removed. The cuticle is softened. The cells beneath are stimulated to healthy operation. The pores resume their work properly. Better color results. The cells of the skin being purified by Zam-Buk's stimulating balm, become transparent; the blood beneath is able to impart its proper coloring to the tissue, and the delicate bloom of health replaces the sallowness and pallor of disease.

Hepworth Had a Fire

The ringing of the English church bell, and blowing of the factory whistle called the bucket brigade into service about ten o'clock on Saturday night, the fire being in the rear of J.E. Cullen's furniture store. The brigade was soon out in full force, and after half an hour's strenuous work the fire was extinguished. It is thought to have been caused by a match having been thrown among the paint cans by someone after lighting his pipe, as a number of men had been in the store, and all had left only about ten minutes when the blaze was noticed thru the side window by someone on the sidewalk. Considerable damage was done in Mr. Cullen's workshop, his paint, hardware, some casket handles, chair legs, etc., being burned, and upstairs four caskets were damaged. The fire burned up through the inside of the wall until it reached the roof, quite a hole being burned in the south side of the ridge of the roof. Mr. Campbell considers the damage to the building about \$400, while Mr. Cullen figures his loss at about \$350. Both had insurance.—Progress.

Why Liquid Catarrh Remedies Fail

They go direct to the stomach, have very little effect on the linings of the nose and throat, and entirely fail to cure. Only by cleansing the air passages by relieving the inflammation and killing the germs is cure possible. No combination of Antiseptics is so successful as Catarrhozone. In breathing it you send the richest pine balsams right to the seat of the disease. Irritating phlegm is cleared out, hoarseness, coughing and hacking are cured. For a permanent cure for catarrh nothing equals Catarrhozone. 25 cts., and \$1.00 at all dealers.

Warrant Out for Williamsford Man

Mrs. Joshua Earls, of Williamsford, has had a trying time the last few days. For some time past she states, her husband has been treating her badly, and last week she made up her mind to leave him and go to her sister in Detroit. She left Williamsford last Friday, but got no further than Windsor. There she was intercepted by the American immigration officials, who refused to allow her to cross the border, claiming that she was not in good health, though, to all appearances, she is a fairly robust woman. Finding entrance to the United States refused, she returned to Owen Sound, and went to stay with some friends. Her husband, meanwhile, was searching for her, and on Wednesday he was reported to be in Owen Sound. He had found that she was staying in town, and it was reported that he had threatened to shoot her on sight. His wife fearing that he would carry out his threat, applied to the police for protection, and had a warrant issued for his arrest. The warrant was put into the hands of the police yesterday, but has not yet been executed.—Owen Sound Sun.

SPECIAL CLEARING Of Men's and Boys' Suits

This is a clearing lot and we should sell every one at the prices we have put on them.

- Men's Suits, splendid cloths, regular \$12, for.....\$8.00

What the "Crown" Gang Plow does

One man instead of two
Make this test: The first day give your hired man a single-furrow plow and two horses. Take another single-furrow plow and two horses yourself. Then, do one day's plowing. Together, you will plow three acres, under favorable conditions.

Three horses instead of four
Next day, use the "Crown" Gang plow and three horses. You'll find that you can still plow three acres.
The second day the same work has been done with one man instead of two, three horses instead of four, one "Crown" Gang instead of two single-furrow plows. What this saving means to you in dollars and cents you can figure out for yourself. But it is enough to pay for the "Crown" Gang in a few weeks.

One "Crown" Gang Plow instead of two single furrow Plows
The "Crown" Gang stays right down to its work. It turns the furrows more evenly than a single-furrow plow. The easy-working levers are conveniently located. The wheels have dust-proof boxes with roller-bearings. You should learn more about the "Crown" Gang right away, and about our special orchard gang plows, too. So write for CATALOGUE
