McKECHNIES' WEEKLY NEWS

Large Sales Small Profits

As Others See Us

A large Ontario factory admits that we are its largest customers north of Guelph. A large Quebec factory admits that if their sales are a criterion of what business they are doing, it must be large. A leading citizen claims that we are selling at too low prices. Our customers claim that our prices are right and that our system of doing business is also right. The truest test is comparison and we cordially invite you to inspect our stock so you may know how "you may see us"
