Death of John Forster.

An old resident of these parts passed away at Bethune, Sask., on Tuesday April 26th in the person of John Forster. Deceased was 67 years, 3 months and 27 days old. He had been suffering from a complication of diseases for over a year and his death was not unexpected. Deceased was a farmer and for over 30 years resided on a farm at Mulock from where he moved to Hanover about six years ago. He resided there for about three years and then removed with his family to near Bethune, Sask., where he had since resided. A wife and seven children were left to mourn the loss of a kind husband and father. Deceased was a highly respected old gentleman and many old friends in this vicinity will learn of his passing with regret. The funeral took place from his late residence on Friday afternoon at 2 o'clock to the Bethune cemetery.—Post.

Minister Who Tested-Z m Buk

Rev. P. F. Laugill, "The Manse," Carp, Ont., writes, "Some considerable time ago I began using Zam-Buk with a view to testing it thoroughly. I am troubled with eczema, which is always worse in the early part of the winter and seems to leave me in the early part of spring. I tried Zam-Buk immediately my hands started to break out, and am pleased to say that it checked the disease which is more than I can say for anything I have ever before tried. We have Zam-Buk in the house continuously. The children use it for scratches, cuts, and any skin injury or disease, and I carry a small sample box in my pocket. One evening I happened to look in where an old man had met with an accident a week before and had lost a finger nail. His wife was dressing the wound. I dressed it with Zam-Buk and left the little sample box with them for the next dressing. I have seen the old gentleman since and he has now the same high opinion of Zam-Buk as myself and my family have. "On another occasion a farmer called at the Manse and I noticed a rag on his finger. Enquiring about the injury, I learned that he had some how taken a piece of flesh off and the wound had started to fester. He was afraid it would turn to blood-poisoning. I gave him about a third of a box of Zam-Buk and he applied it. A few days later I saw him and he said "That's great salve of yours; my finger is now doing fine." This is a Scotchman's opinion; it has taken a good while to convince him, but he wanted to make sure of Zam-Buk's merit before endorsing it. "It is well worth recommending." This is exactly the kind of testimony we most appreciate. Test Zam-Buk! Don't go by hearsay! You will find it gives the best results in all cases of eczema, ringworm, festering sores, piles, cuts, burns, face sores, eruptions, and all skin injuries and diseases. All druggists and stores, 50 cents a box or from Zam-Buk Company, Toronto, for price, but refuse cheap and harmful substitutes and imitations.

Watch For Him Next Saturday.

The Post has frequently called attention to the crowds of young men with the India Rubber necks, who occupy the doorways of the business houses, especially on Saturday and Sunday evenings. Constable Brodhoecker has called our attention to the matter again, and he has authority to make an example of the offenders one of these fine nights. Nothing can be more disgusting or embarrassing to a lady than to pass along the line of elastic throats and necks, who as a rule do not display as much common decency as their fathers did when they were half naked savages, running through the fields with an Ogilvie flour sack for a raglan overcoat. Nothing on earth would make a visitor think that he had landed in a centre of Rubber Necks as much as the long line of green individuals who display their lack of courtesy by occupying the doorways along the main street on Sunday evenings and other evenings after business hours. A lady remarked to a friend that if her chosen friend ever handed up in one of those doorways she would cut him as dead as a Dutchman would a Swiss cheese.—Hanover Post.

Are You Sleepless, Nervous?

Two horrors crowded into one life—the product of poor digestion and a poisoned system. There is just one cure for this terrible condition—plenty of food, but mind your food properly digested; that's the difficulty, to improve the digestive power of the stomach. Get rich nutritious blood, strengthen the system and drive out poisons, then comes vitality, endurance, power. Ferrozone does all this and more, it makes sick people well, weak people strong, changes "nerves" and insomnia into robust health. Take Ferrozone and health is yours. 50c at all dealers.

Looks Like Foul Play.

Mr. G. S. Hopkins, of lot 18, con. 2, Bentinck, has lost a couple of young lambs lately as the result of poisoning. About two weeks ago he found one of his lambs dead on the road, and not suspecting foul play buried it. Last Saturday, however, when he found another dead, his suspicions were aroused, and he called in a veterinary who pronounced death due to poisoning from Paris Green. Upon his examination it was discovered that the first lamb had died from a similar cause. The neighborhood is much alarmed and incensed over the matter, and if it is a case of foul play as the ear marks would indicate, an effort should be made to have the guilty party apprehended.—(Later. Since the above was put in type word has been received that Mr. Hopkins again found another lamb dead in his shed on Tuesday morning from the same cause. Surely this business has gone far enough!—Post.

Does Not Stimulate

Ayer's Sarsaparilla does not stimulate. It does not make you feel better one day, then as bad as ever the next. It is not a strong drink. No reaction after you stop using it. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic and alternative. We wish you would ask your doctor about this. He knows. Trust him. Do as he says. J.C. Ayer Co., Lowell, Mass.

What are Ayer's Pills? Liver Pills. How long have they been sold? Nearly sixty years. Do doctors recommend them? Ask your own doctor and find out.
