THE DURHAM CHRONICLE

W. IRWIN, Editor and Proprietor.
DURHAM, JUNE 9, 1910.

DURHAM BEATS CHESLEY

The first C. L. A lacrosse match to be played here in two years, was pulled off on the agricultural grounds on Thursday evening, by the Chesley and Durham juvenile teams. The game was called about 6.30, and in just seven minutes, the Durhams had a three to nothing tally hung up. The only goal scored by the visitors in the first quarter being accomplished after seventeen minutes of play.

The second quarter saw the Grant Thoroughbreds duplicate the performance of the first session, and half time saw the locals ahead six goals to two.

The third session, however, saw a change, and whether or not the fact that Trainer Grant was out of town had anything to do with it, the Colts kicked over the traces and before Chief Coach Ramagot could get the hoppers properly adjusted, the boys from Chesley had scored twice to their opponents' once, leaving the three-quarter tally seven to four, with the locals still on top.

The final period, though, was a disastrous one for the visitors, the locals scoring almost at will, while one lone tally was Chesley's share and the game was over, with the final score twelve to five in Durham's favor.

Though possibly not the best game ever seen in Durham, it was the first "kid's" exhibition, and it did the spectators a world of good to witness the sincerity with which they entered into the sport, and the determination evinced by both teams to do the best that was in them.

game, and have the makings of a good strong team before the season is much farther advanced. The next game, will, we feel positive, see a larger attendance than this one boasted, as the juveniles have showed their ability to play the game, and hold their own with the best of them.

Herman Wendorf, of Hanover, was referee, and gave good satisfaction to both teams.

The line-up is as follows:
Durham.—Goal, Laidlaw; point, Calder; cover, Fluker; defense field, Kelly and Whitmore; centre, Elvidge; home field, M. Saunders; C. McLachlan; outside, Aljoe; inside, R. Saunders.

Chesley.—Goal, Burns, point, Heimbecker; cover, Curtis; defense field, Bean, Taylor; centre, Kreuger; home field, Lustig, McKay; outside, Goodwin; inside, Clayton.

HYMENEAL

McARTHUR-DAVIDSON.
We tender our congratulations to Mr. Peter F. McArthur, of Priceville, who joined heart and hand on Tuesday afternoon with Miss Maud Davidson, one of Durham's fairest and most attractive young ladies.

The ceremony was performed at the Presbyterian manse, the nuptial knot being tied by Rev. Dr. Farquharson. The bride was attended by her sister, Miss Inno Davidson, and the groom by his brother, Dr. J. A. McArthur. The bride was neatly attired in a dress of soft green silk, and presented a very charming and attractive appearance.

Numerous costly, handsome and useful presents show the esteem in which the bride was regarded by those who knew her. The wedding took place at two o'clock, and the young couple left on the C. P. R. afternoon train for a short honeymoon to Toronto, and other cities, after which they will take up their residence in Priceville, where Mr. McArthur is conducting a successful mercantile business.

OBITUARY.

WILLIAM FILLINGHAM.

On Wednesday morning, May 11 death claimed William Fillingham. It is very seldom that a neighborhood expresses such sympathy and sorrow as it did for the young brother just departed, but his death for many reasons is particularly sad. Mr. Fillingham developed a most malignant type of Bright's disease, and no medical assistance could in any way stop the terrible ravages of the disease, and after a short illness, he was called "Home." For his many sterling qualities and jovial disposition, he was a favorite with young and old and particularly with the boys. This was evidenced by the beautiful wreath that was placed on his casket by his chums, with the words, "Comrades" written upon it. Many other floral tributes spoke the same beautiful message to his sorrowing friends. The funeral, which was largely attended, was held on Friday afternoon at Crown Hill cemetery, Rev. E. Brown officiating. His pastor spoke very feelingly about his young brother, whom he had known only a short time, but loved dearly. He leaves a young widow, an aged mother, who resided with him, two brothers, Joseph and Charles, of Michigan, and one sister, Mrs. Crowder, of Dakota. Mr. Fillingham was a son-in-law of Mr. S. Putherbough, of Aberdeen, to whose daughter he was married five years ago.

MRS. J. N. JOHNSTON.

At the residence of her son, Mr. J. G. Johnston, Con 18, Egremont, the above lady passed away very suddenly on the 12th ult., full of years, being in her 83rd year.

She was born near Brockville in 1827, and came to the township of Peel in 1854, where she was married to the late J. N. Johnston, who predeceased her 27 years ago.

She leaves to mourn her loss, one daughter and one son, Mrs. J. C. Adams, near Dromore, and John G., on the homestead. The eldest son, Thomas H., died seventeen years ago.

Interment took place on Saturday, the Revs. Berry, of Priceville, and Kendall, of Dromore, officiating at house and grave.

TENDERS WILL BE RECEIVED by the undersigned up to Friday, June 17th, for the erection of a clerk's office and market scale. Plans and specifications may be seen at Clerk's office. Lowest or any tender not necessarily accepted.

NEWS AROUND TOWN.

Mr. Wm. Caldwell is quite ill, and confined to his bed a portion of the time.

Big millinery sale, commencing June 11th, will last 21 days. A grand chance to get a good hat for small money. Just the hat you want for the excursion to the Model Farm.—Miss Dick.

The town council met on Monday night, passed a number of accounts, appointed T. R. Whelan as inspector of construction of sidewalks, introduced a by-law to readjust the fire limit area, and decided to ask for tenders for the erection of a clerk's office and weigh scales.

The Ontario Agricultural College is emphasizing the value of drainage again this summer, for which purpose drainage demonstrations are being held in many parts of the province. On Wednesday, June 15th at two o'clock in the afternoon, one of these demonstrations will be held on the farm of Mr. W. G. Henderson Hampden, Concession 18, Normanby. This meeting should be of special interest, as some difficult places to drain are involved. Besides the discussion of the particular problems of this farm, there will be a demonstration of methods of finding the fall over a ditch determining the grade, digging true to grade, etc. Those of our readers interested in drainage should not miss this meeting. Anyone wishing information about the drainage work should write Prof. W. H. Day, O.A.C., Guelph.

McWilliamsville.

Miss Mae Scott left Monday last for her home in Nanton, Alberta. The farmers are all busy with the root crop at present.

Mrs. R. Teft of Hanover, visited her father, Mr. John Eckhardt, recently.

Mr. and Mrs. John Hooper, of Englewood, visited Mr. and Mrs. Jos. Lawrence recently.

Mrs. John Andrews, of town, spent Sunday with her parents here.

Mrs. Charlie Falconer, of Palmerston spent a few days with her parents. Mr. and Mrs. Thos Daly.

Mr. John Eckhardt intends raising his barn this week with the block and tackle process. Mr. B. Sharpe, of town, is the contractor. The prevailing cold, wet, dreary weather is not causing a very rapid growth with our spring crops, but pastures and meadows have a good appearance.

We did not think, as we saw Mr. T.J. Moore departing from his home on Wednesday afternoon last that he was off on a voyage over the matrimonial sea, but when we learned the true facts, he had the same day shaken off all the joys of bachelorhood, and united himself in the holy bonds of wedlock to the girl of his choice, Miss Tena Firth of Edge Hill. We have no particulars whatever of the interesting event but we know Tom to be a model type of humanity, progressive and well to do, and we bid his fortunate young bride a welcome to our neighborhood, and extend to them both our hearty congratulations and best wishes for their future welfare.

3,000 YEARS AGO THE EGYPTIANS CURED DISEASE WITH FRUIT

To-day, Canadians Are Doing It With "Fruit-a-tives"

—The Famous Fruit Medicine

We are apt to consider the age we live in as the most wonderful age that the world has ever known. It is, in many respects. Yet the ancients surpassed us in some things. Engineers of our 40-story sky-scrapers still marvel at the massive pyramids and the sphinx. So, too, the Egyptian physicians of 3,000 years ago, used fruit juices as a medicine for treating blood trouble, liver and kidney disease, and stomach weakness. Their method of mixing fruit juice as a medicine, is also one of the lost arts. A well known Canadian physician, however, perfected a method of utilizing fruit juices, which is one of the greatest discoveries of modern medical research. "Fruit-a-tives" is the natural cure for Chronic Constipation, Biliousness, Indigestion, Torpid Liver, Kidney Disease, Pain in the Back, Bad Complexion, Rheumatism, Nervousness, Headache and Neuralgia.

By-law 246 to issue debentures for \$200 to build a new school in section No. 4 was passed. The sum of \$109.74 was placed to the credit of P. V. trustees, yearly settlement according to agreement, and \$200 was granted to the P. V. trustees to aid in erecting a cement bridge at south end of village.—Trustees agreeing to widen roadway and to assume all responsibility re said bridge and street in the future.

It Seems Strange!

That anyone should have to be told about the goodness of so helpful a preparation as BEEF, IRON AND WINE. When you think of it everyone knows that beef is very strengthening, that iron gives tone and color and stiblet, and that wine is a very highly nutritious, perfect natural tonic. There is of course a great deal of difference in the different makes.

Gun's Beef, Iron and Wine

Is a scientifically constructed, perfectly blended combination, in which only those ingredients, in their highest quality, are used, and is made very palatable with the extracts of pleasant tasting spice, which also have a good effect on the stomach in increasing the flow of gastric juices and toning up the organs of assimilation.
