Hanover vs Durham.

Friday evening at 6.30.

Miss Priest, of Rama Chandra Param, India, will occupy the pulpit of the Baptist church on Sunday next, morning and evening.

Notice.—Ladies' hair combings made into braids and switches. All orders promptly attended to. Box 65, Durham.

The Canadian Order of Foresters will attend service in a body at the Baptist church on Sunday morning, June 26th. All brethren requested to be present.

Our millinery reduction sale has brought crowds to our showrooms and it would be to your advantage to come in the morning, if possible, to select your hat, as the afternoon brings hundreds, who cannot get here any earlier.—Miss Dick.

Next Sunday will be observed as Flower Sunday in the Methodist church. The church will be beautifully decorated. The children will assist the choir at the morning service. In the evening the pastor will preach on "Consider the Lilies."

If you are troubled with your sight or headaches, neuralgia, etc., even though the vision be keen, see the specialist at Hillmer's jewellery store, Friday, June 24th and make sure what part the eyes are playing.—G. H. Wright, Optical Specialist, at Hillmer's jewellery store, Friday, June 24th.

A lady from Toronto, representing the Woman's Home Missionary Society, will speak in the Presbyterian church on Monday evening, the 20th inst., at 8 p. m. Both sexes will be welcome. The local branch of the W. H. M. S. ask a special thank offering on that evening in aid of their funds.

Services preparatory to the communion will be held in the Presbyterian church on Thursday of this week, when the Rev. J. W. McNamara, of Drayton, will preach. The services will be at 2.30 and 8 p. m. Friends will kindly note that the day is Thursday, and not Friday, as has been the usual custom.

The Bell Telephone Co. is after the parties who run into their neighbors' place of business, and request the use of his phone. Orders have just been issued, for Durham, at least, that non-subscribers will hereafter be obliged to pay a toll of 5 cents for each local connection. It is the intention of the company to make those who really need a telephone service, and are not subscribers, to put in an instrument or pay for using the other fellows'.

Tuesday morning last came nearly by a sad one for Mr. and Mrs. John Watt, and the only reason that it wasn't due to the treachery of mind of Mr. Watt himself. Their little son, Ailan, was riding around in Firth's butcher cart with Jim Vollett, and when the latter stopped at Mr. Harry Holmes' residence, near the cement works, and went in for their order, the horse ran away, and came north on Garafraxa Street on a full gallop. Mr. Watt, who was on his way up town, had heard the child cry, and recognizing the voice as that of his son, instantly gained the middle of the road, and stopped the on-coming animal in front of the Chronicle office. Happily, not a strap had broken, and the little fellow, who had in some unaccountable manner succeeded in keeping on the narrow seat of the butcher cart, was lifted down unharmed. He was a badly scared boy, however, and it is doubtful if he could have stayed in the rig much longer. Had he but lost his balance and fallen out of the rig, it is hard to tell how seriously he might have been injured.

The annual district meeting of the South Grey Women's Institute was held in the town hall, Durham, on Wednesday, June 9th. Vice-Pres. Mrs. Schnell, Ayton, took charge of the meeting. The Secretary's Report showed quite a balance in the treasury. The officers were elected as follows: Pres. Mrs. D. McCreie; Vice Pres. Mrs. J. W. Blyth; Sec. Treas. Mrs. T. McGirr. After electing Directors and Auditors, Mrs. Roeddin, Ayton, spoke a few words suggesting the idea of inviting gentlemen to be present at one meeting in the year. A paper on "Unselfish Mothers," was read by Mrs. Rogers, Holstein. Several others gave some good ideas. Mrs. D. Hamilton was appointed delegate to Owen Sound convention on June 14th.

All dog taxes not paid on or before the 20th inst. will be placed in the hands of the Police Magistrate for collection.—Jas. Carson.

Miss Edith Lloyd, graduate nurse from the Royal Alexandra Hospital Fergus, is in town with her parents and will engage in her profession here.

Messrs. Angus Tuohy, who has been with Mr. Black in the Mid-daugh House, and Angus Morrison, left last week for Drayton, where they have purchased a hotel property.

Take advantage of the 21-day big millinery reduction sale. Summer hats in lace, mohair, outing hats and suit hats. All to be sold at unheard of low prices.—Miss Dick.

Wool wanted. — Cash or trade. Highest prices. We keep always in stock, a large assortment of blankets, all wool sheeting, tweeds, yarns, and general dry goods and groceries. Big values in tea. Carding and spinning attended to promptly.—S. Scott.

We have just learned with pleasure that Mr. W. F. Dunn, who left here a few weeks ago to practise law at Moosejaw, Sask., has been eminently successful in passing the requisite examination, in which he headed the list with a large percentage. We tender our congratulations.

Rev. Mr. Newton preached a very appropriate farewell sermon on Sunday night last. Though he told the congregation at the commencement that he felt utterly unable to make preparation under such circumstances, we never heard him do better. His remarks were based on Phil. 1—27-28.

'Tis not only the men folks who have "hotel" on the brain. The other evening a call came over the telephone from Harriston for a Durham young lady. She was told Harriston wanted her at the "Central." Instead of the central telephone office, she made her way to the Central Hotel, and now she wonders why everybody smiles as they pass by.

Mr. Jos. Brown's boats arrived the latter part of last week, and are now launched on the Saugeen above the McGowan Milling Co. dam. So far, they have enjoyed most liberal patronage, and when the people become thoroughly familiar with the sport, it is likely the demand will necessitate the placing of a few more in commission before the summer is over.

Wednesday of last week was a banner day at the Cement Works here, when the shipping department loaded twenty-six cars, containing in all 4,025 barrels, or 18,100 sacks of cement. This was shipped in one special train to Toronto, and was consigned to points all over Ontario. The mill is this year enjoying a steady run with plenty of orders to fill, and should the present run of business keep up will possibly prove the red letter year of the cement industry here.

Germany is building her cities as Bismark perfected the army before Sedan and Sedan; as the Empire is building its warships and merchantmen; as she develops her waterways and educational systems. In city building, as in other matters, all science is the hand-maiden of politics. The engineer and the architect, the artist and the expert in hygiene, are alike called upon to contribute to the city's making. The German cities are thinking of to-morrow as well as of to-day, of the generation to follow as well as the generation that is now upon the stage. Germany alone sees the city as the centre of the civilization of the future and Germany alone is building her cities so as to make them contribute to the happiness, health and well-being of the people. This seems to be the primary consideration. And it is unique in the modern world.—June Busy Man's

CANED AND SHELTERED

South Grey Temperance Association met in the Baptist church on Friday evening last. At the conclusion of the evening's business, the following address was read by Mr. J. M. Latimer, Mayor Laidlaw presenting Rev. Newton with a

Rev. W. L. Newton

gold headed cane and Mrs. Newton with a gold mounted umbrella. Rev. Mr. Newton thanked the friends of the Association in a very kind and masterly way, assuring them that his best and happiest days had been spent with brothers and sisters of this Association in what he considered a noble work. Temperance and moral reform work brought the members of the different churches together, and uniting in this great work, brought about the best brotherly feeling.

Mrs. Newton also, in a very able way, thanked the friends for remembering her in so kind a way, assuring them that she prized a gift from what she considered the best people of the town, for she did not hesitate to say the men and women that stood out strong for temperance and moral reform were the best people of any town and the salt of the earth. These are only a few of the remarks Rev. and Mrs. Newton made in thanking their friends in Durham for their kind treatment.

After several other addresses all complimentary, and expressing regrets for the loss of such staunch friends of the cause, and best wishes for success in their new field of labor, the meeting came to a close.

The following is the address: To Mr. and Mrs. Newton.

The members of the South Grey Temperance Association, and others, take this opportunity of expressing appreciation of the interest you have taken in all that pertained to the welfare of the community. Amidst the care for your own people, you did not forget your responsibility to the town in which you have lived during these years. Our Association could always count on your support to the full extent of your powers, and your influence has been a tower of strength to our cause. We regret that you are leaving us, but trust that you may find fuller scope for service on the larger field on which you are entering. We do not wish to pay our debt of gratitude, but to give you a parting token of our affection, we ask you, Mr. Newton, to accept this staff the time honored symbol of our earthly pilgrimage. May you have comfort in its use, joy in the love it bears, and realization in the aid it symbolizes. We ask you, Mrs. Newton, to accept this umbrella as a token of like esteem, and appreciation of you. It is but a frail tabernacle, little fit to bear the storms of life, or to testify to our abiding affection, but it will serve its mission if it convey to you the knowledge of our trust that you may all your days walk under the cover of Him who is a shadow of a great rock in a weary land.

Signed in behalf of South Grey Temperance Association. A. BROWNING.

The "Montreal Herald" office was destroyed by fire on Monday morning, and thirty-three lives were lost. A water tank, which crashed through the roof, started the conflagration.

The juvenile lacrosse team went down to a ten to 2 defeat in Walkerton on Friday last, but we have it on good authority that there were players on the Walkerton team who would have quite a time proving they were not over age. Anyway the game was played under protest, they not having any certificates. To do the Durham boys justice, it should be stated that they were without the services of two of their regular men, who found it impossible to accompany the team. This Friday evening, the locals play the Hanover team on the agricultural grounds here, when an exciting contest will be witnessed.
