Flower Day in the Methodist church last Sunday was full of interest. The church was magnificently decorated with flowers, fern and foliage. A fountain was playing in one corner of the platform, and a large number of canaries assisted in the singing. In the morning, the children of the Sunday school were on the platform, mingling their voices with the choir, and the choruses of eleven girls added to the interest. The sermon by Rev. Mr. Wright was especially to the boys on keeping the door of their lips, warning them particularly against profanity and the use of tobacco. The congregation was especially large in the evening, and the sermon was on the many valuable lessons taught us by the flowers.

NEWS AROUND TOWN

Our story, "The Man from Brodney's" appears on pages 3, 6, and 5.

Owing to the change of schedule on the C.P.R., the afternoon mail for Toronto will hereafter close at 3.10, instead of 3.30 as heretofore.

Our large staff have been rushed all week with orders for summer hats. Call and see our beautiful stock of trimmed hats for the holiday trade.—Miss Dick.

Mrs. Thos. McAnulty received the sad intelligence last week of the death in Munro, B. C., of her brother, Mr. Chas. Braithwaite, in his 61st year.

We are rushed with orders for light summer hats for the holiday. Call early and leave your order, and give us an opportunity to suit you.—Miss Dick.

Commencing Friday, 8th July, and for the future, the local banks will close every Friday at one o'clock, p. m.—Standard Bank, J. Kelly, Manager; Traders Bank, H. D. Batchelor, Manager.

Trinity church Sunday school will be opened at 9.30, a.m., during the warm weather. The Rector will be in attendance at the Sunday school, and will teach the Bible class, to which all adults will be welcomed.

The Canadian Order of Foresters will attend Divine service in the Baptist church on Sunday morning next. The band will be in attendance. Brethren are requested to be in their lodge room not later than 10.30.

We are selling our enormous stock of hats, trimmed and untrimmed, at greatly reduced prices. We are adding daily to our already large stock of trimmed hats. Give us an opportunity to suit you.—Miss Dick.

Mr. Wm. Hunter sr. is a proud man these days. A few days ago, he caught a trout in Wulder's Lake weighing 2 lbs., 3 ounces, and measuring over 18 inches. This is said to be the largest trout ever taken from the Lake.

Miss Olive Thompson, daughter of Mr. and Mrs. John Thompson, of Normanby, is being married today, Wednesday, at five o'clock, to Mr. Stockley, Toronto. Rev. Mr. Kendall, of Dromore, will perform the ceremony. We extend our congratulations.

Rev. Mr. Hartley, of Trinity church, was in St. Marys on Tuesday last, and took charge of the annual church service of the I.O.F. of that place. Mr. Hartley is High Orator of the I.O.F., and as a compliment to him, the service was held in St. James' Anglican church.

The funeral of Mrs. Hugh McCall who died at the residence of Mr. B. Campbell, Swinton Park, on Wednesday, June 16th, was held to the Rocky Saugeen cemetery on Friday afternoon last. Mrs. McCall was ninety years of age, and for many years was a resident of Glenelg.

A number of citizens formed a little association recently for the purpose of stocking the Saugeen River with mountain trout. Raising a few dollars, they sent to Caledonia Springs, N. Y., where they secured a few thousand fry, which they put into the McGowan dam, expecting to have good fishing there in a year or two. Stimulated by the example, other citizens raised additional funds and are sending for a much larger supply, which, we understand, they intend putting into the river in and below the town. These are said to be good fish, and that they will thrive in much warmer water than is required for our ordinary speckled trout. It is to be hoped the enterprise will prove a successful one, and that the sport of fishing may soon be materially increased.

NEWS AROUND TOWN

Vacation time is here, and the swimmin' pools are working overtime.
We are pleased to introduce the Fairy Queen, of Saugeen Valley, to our many readers. She is only a little girl of twelve or thirteen years of age, and desires to become a correspondent. We congratulate her on the success of her first contribution, and hope to see improvements as the weeks roll by.

Commencing on Monday last, the C. P. R. has issued a new schedule whereby the morning train, due here formerly at 7.28, is now due at 6.53, and the afternoon train for Toronto leaves at 3.32 instead of 3.52. The noon train from Toronto arrives at 12.17 instead of 12.12, while the night train is due at the same time as formerly, 2.57.

The Farmers' Institute excursion to Guelph on Friday last was a great success. Though the number leaving here did not seem to be as large as usual, great additions were made along the line, and the aggregate was quite equal to former years. The weather was ideal, and the excursionists had every opportunity to enjoy themselves fully.

The Listowel races on June 30th and July 1st this year promise to be better than ever. There are big entries in all the events so that close and exciting finishes are assured, and a full program of racing each afternoon with baseball and athletic events, will provide a big quarter's worth. The admission to the grounds having been cut to 25c. Single fare on all railroads, good for the two days.

As the result of a brief canvass made by Organizer Mine, of Perth, three new members were added to the A.O.U.W. Society here. This organization is doing excellent work, and is making rapid progress. Several death claims have been paid to families of deceased members of the lodge here. With a sound basis of assessment and a good substantial surplus, the society is standing on solid ground.

Don't forget the rink races on Tuesday evening next in the skating rink. Messrs. McAnulty and Black, of Swinton Park, McMillan, of Palmerston, Dowie Henry, of Toronto, and a number of other celebrated runners have signified their intention of being present. An instrumental program will be rendered by the Regimental Band, fresh from the camp, where they have perfected their musical selections. Admission 25c. Ladies and children, 15c. See bills.

We have just received notice of the death of Mrs. Frank Shiel, formerly of Bentinck, but latterly of Dauphin, Man. The notice advising us of her death, which occurred in May, does not give the exact date. Besides her husband, she leaves six sons and two daughters, William, Frank, Russell, Nelson, and Alvin, at home. James, in Aberdeen, Washington, Mrs. James McIntosh, Dauphin, Man., and Miss Lena, at home. The remains were interred in the Dauphin cemetery.

The Canadian Pacific Railway Co. has handed out an answer to the petitioners for better train connections between here and Owen Sound. Mr. J. W. Leonard, in a recent letter, expresses regret that it is not possible for the company to accede to the request of the petitioners. The train service from Walkerton is primarily arranged for Toronto, and while it is possible to have a little over two hours in Owen Sound with the present service, the additional service asked for, would not, in his opinion, be justified. The present service is certainly very unsatisfactory to travellers from this branch to Owen Sound. Four hours at Saugeen Junction, two hours in Owen Sound, with another four hours' wait at the Junction on the return trip, is not very inviting. We have not yet seen Saugeen Junction classed as one of the pleasant and attractive summer resorts, but this may be an oversight.

HYMENEAL.

Tuesday, the 21st inst., was an eventful day at the home of Mr. Robt. Heslip, when his daughter, Margaret, was married to Mr. Edward Bell, of the same township. It seemed as if everything combined to add to the joy of the occasion. Friends from far and near came with beaming faces and substantial tokens of affection. The sun put on his most genial smile, and the verdant fields responded to his glow.

Punctually at four o'clock, Miss McMitchell, of Willamsvord, struck up the inspiring strains of the wedding march, the groom took his place by the front window, the bride was led up to his side by her brother, hands were joined, the "I will's" duly pronounced, the ring put on the finger, the sealing kiss given, the knot pronounced well and truly tied, congratulations presented, and the event was a thing of the past.

The bridal gown was of silk mull trimmed with all over lace and ribbon, and the travelling suit made of navy blue broadcloth, tailor made. The large company sat down at a sumptuous wedding breakfast, and Dr. Farquharson and others offered hearty congratulations and best wishes to the bride and groom on their entering married life. Plans for the honeymoon include a trip to Toronto and other places, after which they are to devote themselves to the time-honored profession of agriculture.

The Chronicle joins with their many friends in wishing them health, wealth, and happiness.
