Western Lands For Sale Re E. 1-2 Section 19, Township 39, Range 17 W. 2nd M. Location.—This half section is situated in the famous Quill Plains, about twenty miles north of Watson Station on the C.N.R. It is in the midst of a good settlement, chiefly of Canadians and Americans, with some Germans and Norwegians. It is about two miles from school, store, church, post office, etc. It is in a very fertile part of the West, which is claimed to be equal to the Portage Plains, one of the most fertile areas in the world. Besides immense yields of wheat, the neighboring farmers raised as high as 100 bushels of oats to the acre in some instances in 1909. The survey of the Thunderhill branch of the C.N.R. is near, and the road is already completed to within 70 miles of it.

Water.—A fine spring creek runs along the East side, and cuts off the North-east corner of the half section. Water can also be easily obtained in wells almost anywhere in the neighborhood. The low land near the stream furnishes excellent hay and pasturage.

Wood.—This is convenient and plentiful for fuel. A few miles distant good building timber can be got, and also timber large enough for sawing into lumber.

Game.—Fish are abundant in the lakes, and game in the woods and on the lakes.

Soil.—The soil is dark and deep, rich with vegetable matter, and in short, is a strong clay soil that is not too heavy to be easily worked.

General.—This is a very desirable property, sloping gradually to the creek, the greater part of the farm commanding a fine view of the surrounding country. It is surrounded by prosperous and progressive farmers, one of whom has a fine steam threshing outfit, and steam plough. There is a little scrub on the farm, but nothing to hurt. Many consider a little scrub an indication of greater richness in the soil. Anything else you may require to know, I will be pleased to supply on request.

If the aforesaid land is not what a buyer wants, I have several other sections at my disposal, some quite close to a railway station, and others entirely free from scrub.—W. L. DIXON, Dromore, Ontario. 62310

Miss Kate McNally, and Miss H. Miller, both of the Queen City, are the former's parents, Mr. and Mrs. James McNally.

Mr. Stanley McNally left for Gull Lake, Sask., on Tuesday last, where he will spend the summer. We wish him a pleasant journey and a safe return.

The Glorious 12th is once more a thing of the past, and Durham can safely jot down on her history pages that such a multitude of people never graced her streets on any previous occasion.

Saugeen bridge is in a very bad state of repair at present. The top rail, which carries the bottom girder, has a set of about eight or ten inches. This should receive prompt attention, as, in case of accident, it would cost the township nearly as much as a new bridge. An ounce of prevention is better than a pound of cure.

While riding a colt, which proved to be a trifle contrary, Mr. Jas. Atkinson received some internal injury a week ago Monday, which has thrown him off work for some time. When galloping up the road Jim felt something give way inside and he is under the doctor's care, although nothing affects him except walking, which gives him the most trouble. We hope no serious results will follow.

Sackett's Corners.

Mrs. D. Ferguson, of Durham, and daughter Sadie, are visiting at Mr. and Mrs. G. Sackett's.

Mr. G. Bruce, who got his leg broken some time ago, is not improving as well as we would wish.

Mr. J.C. Caldwell, of Galt, visited Mr. and Mrs. G. Sackett, and renewed old acquaintances around the Corner.

A very heavy rainstorm visited this part of the country, which was much needed, and will mean tons more of feed for the winter.

Mr. W.M. Sackett had the misfortune to lose one of his cows by being chased by a dog. She fell in the ditch and broke her leg, so she had to be killed.

A great many attended the celebration of the Glorious 12th in Durham. A very nice arch was erected at this corner, with flags flying to honor 1136 Pro
