### NEWS AROUND TOWN

**Caretaker wanted.**—For Presbyterian church. Apply to Jas. R. Gun, Durham.

**Mr. Jas. Ireland** was elected District Deputy at the meeting of the Masonic Grand Lodge, held at Belleville, last week.

The railway strike on the G. T. R. is still unsettled. A peculiar feature of the situation is the perfect satisfaction of both parties.

The Epworth League of Zion Methodist church will hold their annual garden party on Monday evening next at the home of Mrs. George Blair. Good programme and refreshments. Admission, Adults, 25c.; children, 10c.

Photographs taken on post cards Wednesday and Saturday evenings during the summer months. Daylight not necessary with our new apparatus. Gallery open until 10 p. m. on these nights. —F. W. Kelsey. 728ft

Announcements are out for the marriage of Mr. Robt. Whitmore, tonsorial artist, of this town, to Miss Pearl Hopkins, daughter of Mr. and Mrs. James Hopkins, of Glenelg. The nuptial knot will be tied on Monday, the first day of August.

The council have had men engaged lately cleaning up the highways and by-ways around town, by cutting the weeds and burdocks along the sidewalks and streets. We'll soon be known as "Durham the Beautiful," if the good work is kept up.

The dog-muzzling order, though not yet rescinded in Western Ontario, is a thing of the past in Durham, so far as observance of the same is concerned. For the past couple of weeks, the cages have been gradually disappearing till one will soon be regarded with as much curiosity as when the order first came into force.

Though Chief Carson has been considerably on the alert this summer, and has kept the by-law restricting animals running at large well in hand, an occasional bossy jumps the fence and wanders into town without authority. So far, however, no serious damage has been reported, though a couple of gardens have had a close call.

The Durham branch of the Women's Institute will hold their regular monthly meeting at the home of Mrs. R. Allan, Varney, on August 4th, when the delegate will give the report of the County convention, and a paper on "Cheese Making" will be read by Mrs. J. Blyth. Other important business will also be transacted, and a large attendance is hoped for. All women welcome.

Mr. Ramage has an interesting description of his trip across the Atlantic in last week's Review. To cross the ocean now is a mere picnic outing, the time occupied by Mr. Ramage being less than four days from land to land, or about six days from Quebec to Liverpool. How different from the early times, when our fathers and mothers spent more than as many weeks. In a transatlantic trip nowadays, there's scarcely time to get sick and get well again. Twenty years ago, Ye Editor had the pleasure of a trip across the Atlantic, and some of the incidents in connection with it will never be forgotten. We can beat Mr. Ramage all hollow on the iceberg exhibition, as we remember quite distinctly counting fifty-three, large and small, all in sight at the same time. It was a clear day, on the return trip, almost in sight of Belle Isle, and the gorgeous grandeur of some of the nearer "bergs," as they glistened in the sunshine, was a sight long to be remembered. Well do we remember, too, the piercing coldness, as we stood on the deck, fairly entranced at the amazing grandeur.

The Meaford Express is conducting a voting contest, the prize being a \$450 Gerhard-Heintzman piano.

Twin girls arrived at the home of Mr. Geo. Lawrence, Egremont, on Monday morning. Mother and babies are doing well.

"Weary in Well Doing," and "What is a Christian," will be the subjects of discourse in the Methodist church next Sunday.

The Zion people have their eyes open for business and have selected Durham's Civic holiday for their annual garden party. They chose the same day last year, and as they put up a good quarter's worth of eatables and amusement, it is more than likely that there will be a large attendance from here next Monday.

Dr. and Mrs. Macdonald and two children, of St. Catharines, accompanied by a couple of friends, were in town last Wednesday night. On Thursday morning, the doctor made good use of his time in shaking hands with many of his Durham friends, who were delighted to see him appear in such good health though about a year ago, he was given but a few weeks to live. The Dr. says he is thoroughly well now, and never felt better in his life. The party left in their auto on Tuesday for Toronto.

Mrs. Samuel Lawrence, who spent the last two years with members of her family in Vancouver, New Westminster, Kamloops, Revelstoke, B. C., Dinsmore, Sask., and Los Angeles, California, returned last week in the enjoyment of much improved health. She was accompanied home by her daughter, Mrs. A. E. Iliff, and two daughters, of Vancouver, B.C., and visited all along the line as far as Port Arthur, where they had a pleasant time with Mr. and Mrs. Geo. Lawrence, formerly of this town. They were over three weeks from leaving Vancouver and enjoyed the trip very much. Mrs. Iliff and children will spend five or six weeks with relatives in this vicinity.

The Walkerton juvenile lacrosse club has been expelled from the C. L. A. for playing a man under an assumed name at the Durham-Walkerton game at Walkerton. The juvenile series of this district has been a farce all summer, the Durham and Chesley teams being the only ones that bear the marks of a clearly juvenile aggregation as to size, to the disinterested observer. But there's no use in kicking, as the local management have found out. In questioning the Hanover management especially, they were not even given the satisfaction of being told that they were not over seventeen years of age, but were told to go ahead and prove that they were not. This, to an observer, would apparently not be hard to do, were the records searched, or else, to the daddies of Hanover belongs the honor of being able to raise the biggest seventeen-year-old kids in this part of the country.

While driving down one of the big hills in Egremont last week, Mr. Thos. Ryan, of this place, had a mishap that laid him up for a few days with a sore knee. In the descent, the breaching gave way, letting the wagon run up on the horse, which started to kick and run. After a short struggle, the animal was steered into the bank, where everything turned turtle, horse buggy and all. In the mix-up, a cream separator tumbled out of the wagon, striking Tommy on the ankle, and in trying to get the horse unhitched, he got a clout on the knee from one of its feet. Happily, nothing was broken, except a gear on the separator and the whip, and after a short delay, Mr. Ryan proceeded to his home here. This might not have been the case, however, had the animal not been run into the bank when it was, as a few feet farther on, a gully, fully fifteen feet in depth, would have proved a not very inviting or safe place to be dumped into.

Mr. Chas. Lawrence, of Redickville, is spending the holidays on the farm near Vickers. His ability as a teacher will not be impaired by the exercise of a few weeks of muscular effort.

Miss Rita Irwin, musical instructor on piano and organ, wishes to enroll a limited number of pupils for hourly or half-hourly lessons. Terms on application at her residence, Garafraza St., Durham.

The congregation of St. Paul's church, Egremont, will hold their annual garden party on the evening of Friday, August 5th, on the lawn of Mr. Jas. Tucker. The 31st Regimental Band will furnish a good program of music for the occasion.

The Durham Furniture Co. has placed an order for several new machines, which, when installed, will increase their output about twenty per cent. They are also increasing and modernizing their drying kilns as well. The machines to be installed will cost in the neighborhood of \$3000.

The annual garden party, under the auspices of Knox church Christian Endeavor, will be held on Watson's school grounds, S. S. No. 1, Normanby, on Tuesday, August 2nd. Program and refreshments free. Admission at the gate 10c. and 15c. 31st Regimental Band in attendance.

The prolonged spell of dry weather a few weeks ago, caused much fear amongst farmers that the crops would be a failure, but the frequent showers of the past two or three weeks has changed the whole face of nature, and from many localities we hear excellent reports, and strong indications of a good crop generally. Though we find fault at times with the kind of weather that's given us, and express our several wishes for something different, it is just as well we can't all have our own way. Perhaps "whatever is, is best," if we could only think so. Unfavorable reports have come from the West, where crops are not likely to come up to the general average. Prospects are better since the late rains.

The death occurred in Buckley, Mich., on July 15th last, of Mr. John Telford, son of the late Mrs. Hugh MacKay. Mr. Telford lived here some twelve years ago, subsequently moving to the States, where he has since resided. Some time ago, he was taken down with cancer of the stomach, from which he never recovered, and which was the immediate cause of his death. Mr. Telford was 33 years of age, and besides a widow, and son, 8 years of age, he leaves six sisters, Mrs. Geo. MacKay and Miss Mamie MacKay, of this place; Mrs. Thos. Menzie, Seattle, Wash.; Mrs. Shook of Buckley, Mich.; Mrs. Chapman and Miss Rebecca of Syracuse, N. Y.; and Miss Marie, of Toronto. The funeral took place on July 17th last, and interment was made in the cemetery at Kingsley.

On Sunday last the Canadian Order of Foresters had a decoration ceremony in memory of their deceased brethren. At two o'clock, about fifty of the members were in readiness at their lodge room, and led by the 31st Regimental band, they marched to the cemetery, notwithstanding a heavy rain, which, to a considerable extent marred the journey and prevented many from attending. The ceremony was conducted very nicely and floral offerings were laid on the graves of the seven who are quietly sleeping the sleep that knows no waking in that city of the dead. Rev. Dr. Farquharson was in attendance, and in the cemetery made a very appropriate address to the assembled brethren. The deceased members whose graves were visited in order were Thomas Noble, Dan, Campbell, John Reid, George Morton, Jacob Kress James Warmington, and Wm. Benton, all of whom passed away during a comparatively short time, and, with the uncertainty of life, there's no telling who may be added to the list on the next decoration day service.

The school at Uxbridge was destroyed by fire on Monday. The fire started in the woodshed and destroyed the shed, the school, and a stable across the street. Loss about \$15,000, partly covered by insurance.

Mrs. Walter Jones, of Moffat, near Guelph, disappeared from her home about ten days ago, and notwithstanding a vigilant search she has not since been heard of. She was about forty years of age, and attractive in appearance. There is some reason to believe she made away with herself, it being thought she acted strangely for some time past.

The renting of Russell's old stand in the McIntyre Block, by Mr. Levine, who purposes moving in his stock of dry goods about the first of the month, has played havoc with the bowling alley, which has been packed up and stored away until another suitable stand can be secured for it. We understand there is a likelihood of its locating in H. H. Mockler's old stand, on the opposite side of the street, which Mr. Levine is vacating.

The garden party under the auspices of Amos church, on Thursday last, held on the premises of Mr. A. Henry, Tartan, was not so successful as anticipated, the heavy showers and general inclemency of the weather keeping many away. Though the committee had gone to considerable pains and expense in erecting a platform and seats in the bush, it was impossible to hold the festival there, and the crowd repaired to Mr. Henry's barn, where a superior line of refreshments was dispensed. The weather also prevented the attendance of many who were on the program, and the 31st Regimental band, of this place, rendered the greater part of the evening's entertainment.

Writing from Moosomin, Mr. J. C. Jopp, says: "It is generally known that the crops in parts of the West, including Dakota, are an entire failure, and the fine promise of May and June is 'like the last rose of summer.'" South of the main line of the C. P. R., from Winnipeg to the foothills, in Alberta, there are thousands of acres being plowed under. Saskatchewan is the exception, where 90 per cent. of the wheat area will give an average crop. This is, however, a failure in a strip 30 or 40 miles wide, north of the American boundary, but from there onward, they improve, till the limit is reached of the wheat growing country. On the last day of June and first of July, we had a heavy rain, and under a tropical sun every day for three weeks, people were beginning to get anxious, as wheat on spring and fall plowing was beginning to show the effect of the drought. When all anxiety was set at rest, at 10 p. m. last night, July 22nd, when a fine, gentle shower fell, and has continued for twelve hours, which settles for good any doubt as to results in this part as there were many who claimed, even before this rain, that their crop had as good an appearance as last year. I notice wheat is quoted at Winnipeg at \$1.17 1-2. We have had now a few weeks' experience of local option, when all the terrible bugaboos of blind pigs and wild tigers would infest the town, and be found in every livery barn and feed stable, in fact in every hole and corner where they could cover up a keg of whiskey, and drunkenness would be such that temperance people would regret the passing of the by-law. But what are the conditions as we found them yesterday, the day of our adjourned, owing to rain, 1st of July sports. Only one drunk reported at the Mounted Police Barracks, and he was disorderly on the railroad platform on coming off the train from a Western town. I was on the ground and street all day, and did not see a single person under the influence of liquor—quite different from former celebrations, when four bars and a liquor store were in full blast, and a dozen or more men handing out the booze.

### A Wonderful Showing of Fashionable Dress Goods

Never before have we had such a wide range of stylish and up-to-date Dress Goods as we are showing at present. You will find here the very newest weaves and shades in Shantung, Panamas, Broadcloths, and Fancy Worsted Suitings in a wide choice of prices.
