Western Lands For Sale Re E. 1-2 Section 19, Township 39, Range 17 W. 2nd M.

Location.—This half section is situated in the famous Quill Plains, about twenty miles north of Watson Station on the C.N.R. It is in the midst of a good settlement, chiefly of Canadians and Americans, with some Germans and Norwegians.

Water.—A fine spring creek runs along the East side, and cuts off the North-east corner of the half section. Water can also be easily obtained in wells almost anywhere in the neighborhood.

Wood.—This is convenient and plentiful for fuel. A few miles distant good building timber can be got, and also timber large enough for sawing into lumber.

Game.—Fish are abundant in the lakes, and game in the woods and on the lakes.

Soil.—The soil is dark and deep, rich with vegetable matter, and in short, is a strong clay soil that is not too heavy to be easily worked.

General.—This is a very desirable property, sloping gradually to the creek, the greater part of the farm commanding a fine view of the surrounding country.

Water! Water!

Classic City Chronicles.

Miss Alma and Master William Blakeston have returned from a very pleasant visit with friends in Artesia and Proton.

From present indications, there will be a very large attendance at the Normal School when the classes commence next month.

The Hydro - Electric power scheme will soon be a reality. The towers are nearly all erected, and it is expected that the plant will be ready to distribute power by October 1st.

We are receiving so many conflicting reports regarding the state of the crops in the Northwest that we wish someone would write to the Chronicle and let us know if they are good, bad or indifferent.

Hay and fall wheat were bumper crops in this district. In many cases, the latter will yield from 35 to 40 bushels per acre. The heavy showers of late are materially benefiting the root crop, but retarding harvesting operations.

We heartily congratulate our old friend, Principal Allan, on the fine standing of his school at the recent departmental examinations. The staff and student deserve untold praise for their good work. The Public-High, or better, the High-Public schools are here to stay.

By a practically unanimous vote, the Classic City recently granted a street railway company the right of way over our streets. According to agreement, the company promises to make substantial progress in building operations within six months from the passing of the By-law.

The cool, pleasant weather of the past ten days has been very acceptable after the intense heat of the preceding weeks. As an old lady, who lived near your scribe's home, used to say: "It is nice and warm, and cool." The old lady's oxymoronic state sizes up the situation pretty correctly.

The most important event that has affected our city since my last letter is the recent strike of the conductors, etc. For a time, about 2000 men were off work on account of it, and the repair shops and the White Packing Co. were closed down. Had the strike continued for a month or six weeks, our large furniture factories would have been compelled to close also for lack of lumber, as they use an average of 14,000 feet a day. Whether or not strikes are justified, is doubtless a debatable question, but one thing is certain, that in the present case, neither party gained practically anything, and the public suffered and lost a great deal. It is to be hoped that future differences between railway men may be settled by arbitration, as the tying up of a railroad is an exceedingly serious menace to the prosperity and happiness of our country.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used, in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by all dealers.

Priceville

Our new doctor, Dr. Lane, is getting along well, and is kept busy attending to his patients.

Mr. and Mrs. Braithwaite, from the West, are taking up their residence, we are informed, in this place, and we welcome them as citizens.

Mr. Arch. McCuaig, of Top Cliff, and daughter, attended the funeral of Mr. McCuaig's uncle, the late Arch. McCannel, of Bruce Co., a couple of weeks ago.

Haying is only a thing of the past a day or two ago. Harvest is coming in slowly, and the grain is filling extra well. Some are at their peas, and further north, some are cutting their oats, and the harvest will be general in a week or so.

Our town is going to be an up-to-date one when our cement sidewalks are finished. Mr. Moore, the contractor, is getting along fairly well, and is making a good substantial job of it, as he goes along, and we can already walk on cement sidewalks on part of our main streets.

Two lady preachers are holding meetings in McCuaig's school for the last couple of weeks. They believe in giving their service free, and will not accept anything in the shape of money to help them along. They strongly condemn preachers who labor for pay, as their theme is that no minister should take anything for preach-

ing the gospel. As freely as ye receive, freely give. So ministers can defend themselves, for they cannot live on air.

A few weeks ago we were delighted to see a budget from another correspondent from Priceville, and we hope that the good work begun by him is not already going to cease. We do not claim to be a regular correspondent, but under the circumstances, we would like to hold up the reputation of our good town by giving some news once in a while. So Mr. Editor, if you happen to get a couple of budgets this week from Priceville, it's like having a feast or a famine, for it's some time since this place was heard from.

A number of visitors lately from different points. A few of the Walker family, Toronto, at Postmaster McKinnon's; Miss Alice McDougall, Toronto, at her friends' the McDougalls, south line; Miss Bertha McIntyre, Toronto, at her uncle's, Mr. Norman McIntyre, of the south line; Mrs. Chas. McInnes, of Paisley, at Duncan McDonald's, Durham Road, Glenelg, for a few days; Miss Florence McKechnie, of Toronto, at her mother's, Mrs. McKechnie, of Priceville; Rev. and Mrs. Husband, formerly of Priceville, at the Methodist parsonage and others for a week; Miss McLachlin, of Toronto, and her sister, Mrs. Nichol, near Durham, at their uncle's, Mr. Dugald McCormick, of this place.

Since writing before, death has entered some of the homes in this locality and elsewhere.

On July 31st, Mrs. Neil McDonald whose maiden name was Ann Graham, died at her daughter's residence, south line, at Mr. Wm. McLeod's place, after a short illness from pneumonia, at the age of 39 years. Mrs. McDonald was an old resident of Glenelg, coming there in the year 1857 with her parents, where they settled on the north line, near Bunessan, and was familiar with the hardships in early times. In the year 1865 she married the late Neil McDonald, who predeceased her some 12 years ago. She leaves two sons and two daughters, Mrs. Wm. McLeod, jr., of Top Cliff, Mrs. John Calder, of Alaska, Archie, in Portland, and Angus at Top Cliff. Two sisters, Mrs. McKechnie, Priceville, Mrs. McLachlin, of near Ottawa, and Mr. Donald Graham, of Priceville, Mrs. McDonald was Presbyterian, and in the absence of her pastor, Rev. Mr. Matheson, Rev. Mr. Kendall, of Dromore, and Rev. Mr. Berry, of Priceville, officiated at the funeral. She was laid to rest beside husband and daughter, in Priceville cemetery, on Tuesday, August 2nd.

On Saturday morning, the 6th inst., Mr. Patrick Sullivan, formerly of near Top Cliff, south line, but lately of Erin village, passed away at one of the Toronto hospitals from peritonitis. Deceased was the eldest son of the late Jas. Sullivan, of Pomona, being about 48 years of age. The funeral took place from the old home, from deceased's brother's, Mr. Edward Sullivan, and was very largely attended, the Rev. Father Ferguson, of Markdale, officiating. The remains were taken to the church, where the customary service was beautifully performed by the Rev. gentleman. Mrs. Sullivan and family have the sincere sympathy of all her old friends in this part in her sad and sore bereavement. The remains were laid to rest in St. John's cemetery, beside father, mother, and brother, and were it possible for the dead form laid in the grave to speak to wife and those two little daughters, and some who wept bitterly at their loved one was laid in his last resting place, his words would be "Go home, my loved ones, and cease your tears, I must lie here till Christ appears."

Darkies' Corners.

Mr. McKelvie, of town, called on Mr. and Mrs. A. Watson recently.

Miss Maggie Edge of Edge Hill, spent a few days last week at the home of Mrs. Robt. Bell.

Mrs. Wm. Watson, and her son, of Egremont, called at the home of Mr. and Mrs. Adam Watson, one day last week.

Mr. and Mrs. Jas Atkinson, accompanied by their son, Wm., spent Sunday at the home of Mr. and Mrs. Ben. Coutts, Vickers. Mr. Wm. Atkinson left Tuesday for Bender, Sask., where he intends helping his brother John, with the harvesting operations.

Mr. and Mrs. Alex Allan, and son accompanied by Mrs. Duff, of B.C., spent Sunday before last at the home of Mr. and Mrs. Jas Wilson.

We regret to learn of the death of Mr. Thos. Whitmore in the far West, formerly of this part, and a brother of Mr. Nathaniel Whitmore of this place.

On Saturday evening last, while Mr. Chas. Cotton was driving along near Councillor Weir's gate, an automobile made its appearance, and made things very lively and exciting for a while. Charlie jumped out of the buggy to hold the frightened animal until the car got past, and lucky for him he did so. The horse became unmanageable, upset the buggy, dishing one of the wheels, bending one of the axles, and also damaging the top considerably, smashed the harness and got clear of everything, hitting the high spots up the second in its mad career, until stopped by Dr. Gun in the vicinity of Thos. Banks', at Edge Hill. We are pleased to know that Charlie escaped unhurt.

Several letters to the editor have recently appeared in the columns of the Chronicle, re those weigh scales vs town park. By the way, there are a few who would prefer a park instead of those weigh scales. Now for some time past, there has been a certain amount of agitation in part of the different correspondence columns, on behalf of the farming community for a more convenient market place. And now that the Council have acted so commendably in getting the market building in by far a more convenient place, there are a few who have a kick coming. Oh, what a beautiful park it would make, they say, with trees, and flowers, and so on. This very same thing, we are told, was put before the citizens of Durham ten or twelve years ago, but there were none of them wanted the park, and none seemed willing to put their shoulders to the wheel to get a park there. But since the council have deemed it advisable to have things a little more convenient for the farming community, shippers and coal dealers, a few have got PARK on the brain. Let us size the thing up and see which of the two things would be most beneficial in general. First, farmers with hay, live stock, and so on, do not have to cross the C.P.R. track, nor slug their teams to death pulling a heavy load up Durham hill, and stand them on the face of it for probably an hour at a time, waiting for their turn to come on shipping day. Coal wagons, loaded with possibly 4000 lbs. of coal whether the fuel is for down town customers or not, have to climb the hill to the present stand of the weigh scales. On the other hand, the park, that is, if the park ever came to anything, would furnish people a little pleasure. Balance them up, and we find that the weigh scales come out on top, as the most beneficial.

WEDDING BELLS.

At Baldwin, Man., on July 23rd, Miss Honora Raynes was united in marriage to Geo. Tucker, of Tisdale, Sask. The ceremony was performed by Rev. A. McLean, in the presence of a large number of friends. After a short honeymoon, spent in Winnipeg, the happy couple have taken up their residence south of here. The Recorder joins their many friends in wishing them a long and prosperous life.—Tisdale, Sask., Recorder.
