Western Lands For Sale Re E. 1-2 Section 19, Township 39, Range 17 W. 2nd M.

Location.—This half section is situated in the famous Quill Plains, about twenty miles north of Watson Station on the C.N.R.

Water.—A fine spring creek runs along the East side, and cuts off the North-east corner of the half section. Water can also be easily obtained in wells almost anywhere in the neighborhood.

Wood.—This is convenient and plentiful for fuel. A few miles distant good building timber can be got, and also timber large enough for sawing into lumber.

Game.—Fish are abundant in the lakes, and game in the woods and on the lakes.

Soil.—The soil is dark and deep, rich with vegetable matter, and in short, is a strong clay soil that is not too heavy to be easily worked.

General.—This is a very desirable property, sloping gradually to the creek, the greater part of the farm commanding a fine view of the surrounding country.

It is surrounded by prosperous and progressive farmers, one of whom has a fine steam threshing outfit, and steam plough. There is a little scrub on the farm, but nothing to hunt. Many consider a little scrub an indication of greater richness in the soil.

Misses Alice and Annie Collier spent Sunday at the home of Mr. and Mrs. Henry Williams.

Mr. Wm. Newell has recently engaged for the threshing season with Mr. Robt. Grierson, of Bentinck.

Miss Blanche McCoskey, of Georgetown, is at present the guest of her cousin, Miss Tena Newell.

Miss Sadie Whitmore spent a couple of days last week, the guest of Miss Sadie McKeown, of Bunesan.

The last new name sign to appear on the gate post in this burg is that of Mr. J.G. Wilson. It would be well to see this method more commonly adopted.

Mr. and Mrs. Bovingdon, of the Soo, and baby boy, are at present spending a couple of weeks at the home of Mr. and Mrs. John Collier, and family. Mrs. Bovingdon is a sister of Mr. Collier.

One of the most severe electrical storms which some of the oldest residents of this part have ever seen or heard, passed over this section on Monday morning, between the hours of 1 and 6 a.m. and about 3.15, the barn of Mr. J. Bal was struck by lightning, and burned to its foundations, together with its contents, consisting of ten loads of hay, and about the same quantity of straw, also three or four smaller buildings adjoining the barn, which contained all his implements, viz., a new Massey-Harris binder, which he recently purchased, a new three-drum Bissell roller, a Massey-Harris seed drill, as good as new, three sets of harrows, scuffer, long plow forks, chains, and shovels. The only articles saved were a disc harrow, a gang plow, a buggy, and three scythes. The loss is partly covered by insurance, but Mr. Bell is a heavy loser, and has the sympathy of the community in his misfortune. What an awful force, that flung slivers for a distance of about eighty feet from the east end of the ill-fated building.

Again in the interest of the farming community in which we live, we would say a few words. As a country correspondent for the press, we consider it our duty to uphold the farmers, and do what little we can to forward their interests. In a letter to the editor of this paper in last week's issue, signed by Mr. W. Calder, we were surprised to see the farmer so completely ignored. The farmer, he says, would be the "only party" inconvenienced. "The only party" As if the farmer were nobody! And pray, where would the town be if the farmers for miles around did not transact their business there? And we would respectfully ask Mr. Calder, who, by the way has been engaged in the implement business at one time, who kept his business going, and if he should return to his former business, who would he be most dependent upon to make that business a success. The answer would be simply—the farmer. They are the backbone and muscle of the country. Take the farmer out of the country, and what would your town do? Where would your business men be? On their feet? No sir,—down and out. Mr. Calder says there might be a spot purchased convenient to one of the stations. Now, if there were scales placed at or near one railway station, what will the other station do? It would just say, "Well, the town erected a weigh scale at such a station, they will have to erect one here too." The unnecessary expense of building two weigh scales would be thrown on the town. A man cannot be in two different places at one time, therefore another weigh master would be required, which would mean more expense. Again, to put Durham on a par with Holstein, because Holstein has only one line of railway, and likely to remain so, for some time, at least, Durham, having two different lines of railway, with their stations a considerable distance apart, and not in a direct line, either, therefore, a central point between the two stations, where a market could be located, with lanes running to both, would be out of the question, owing to private properties having to be crossed. We cannot see why there is such opposition to making things more convenient for the farmers, several of whom we have interviewed on the question, and find them to a man in favor of the intended change.

Hampden.

Miss Maud Schantz returned to Walkerton, after spending a week the guest of Miss Mary Little.

Miss Fuller, of Toronto, is visiting at the Ford and Whiteford homesteads.

Miss May Waldon, of Neustadt, is spending her vacation at the home of Mr. Wm. Marshall.

Mr. Hugh Fulton had a fine new piano put into his house recently, and Mr. Wm. Sharp also, a new Sherlock & Manning organ.

Mr. Willie Crowthers, of Welland, is visiting at the home of Mr. Jas. Byers.

Miss Minnie McNeill, of Walkerton, spent a few days, the guest of Miss Etta Anderson.

Miss Minnie Whiteford returned to Toronto, after spending a month with her parents, Mr. and Mrs. R. Whiteford.

Mr. Michael Byers was first to finish harvest in this neighborhood.

Ls' blf Rfisz Ivrvd hxyrv, dszg droo blf yv hzbrnt mvvg? The Hampden garden party, which was held at Mr. Wm. Little's residence on Tuesday evening, Aug the 16th, was a decided success. The crowd that gathered was a large, but very orderly one, and the program was anything but M. D. The proceeds amounted to a little over thirty-five dollars. A game of baseball between the Ayton boys and Hampden was played in the evening. The game resulted in a victory for Hampden, the score at the end of the game being 12 and 14. Much excitement prevailed throughout the game, as it was to win until near the finish. Take off your hat and whoop for Hampden, Albert, and if you haven't any more whoops left, take off your hat anyway.

Corner Concerns. A few cases of typhoid fever have been reported around the lower corners—Mr. John Queen, and Mr. and Mrs. Wells. The latter two are in a precarious condition, but the former is likely to be a mild attack.

Mrs. Jos. Sharpe returned from Saskatchewan, where she has spent the past eight months, and is again doing service in the old home, looking after the comfort of her son John.

Mr. Joe Lennox, sr., spent a couple of weeks with his niece, Mrs. John McNally, of Glascott. Some of the surrounding young men have discovered that to prevent sleeping during church service, is to get there a few minutes after it is over.

Quite a number from this place attended the Durham League garden party at Jas. Lawrence's last Tuesday night, and considered it about an average one.

Mrs. Pratt, of Toronto, and her baby, have been spending the past two months at the home of Mr. D. Hamilton, invigorating by boating on Cement Lake, resting in hammock and swing, and living on the best of everything, and escaping the summer heat, and bad water, of the city.

Mr. Wm. Allan, jr., threshed last Thursday, and had a good turnout of all kinds of grain, the fall wheat being exceptionally good.

Mrs. Kendall has been spending the past few days the guest of Mr. and Mrs. D. Hamilton. She returned home on Tuesday from his vacation.

Mr. Wm. Allan took charge of the services in Dromore and Knox churches, one Sunday, during the pastor's absence. He had a good attendance at both places.

As most of the cutting is done, it all depends on the weather how soon the harvest will be finished.

Mrs. Jas. McMeeken spent a pleasant two weeks in Port Elgin with her daughter, Mrs. Kenzie, and in attendance on the marriage of her grand daughter, Miss Amos, to Mr. Mitchell, of Mt. Forest.

Mr. Jas. Tucker has received word of the marriage of his brother George, who was formerly of this place, but now living near Saskatoon. The lady of his choice is of that place.
