DURHAM, AUGUST 25, 1910

THEY LL APPLY THE LASH

A year in the Central Prison, with twelve lashes, was the sentence imposed by Judge Chisholm, at Berlin, Ontario, on Gordon Vaughan, an eighteen-year-old Englishman for indecent assault on a young girl. If the cat comes down good and heavy, the young cub won't feel so frisky for a day or two. This is the fourth sentence imposed in Berlin during the last month, where the lash was added to imprisonment.

WEIGHT OF THE SOUL

Experiments recently made by learned authorities go to show that the human soul has a real weight, avoirdupois. In six cases, where dying bodies were placed on scales, a gradual decrease of one-sixteenth of an ounce per minute was noticed, until the moment of death, when the beam end dropped suddenly, showing a decrease of three-quarters of an ounce. The loss of weight indicated by this sudden drop, is regarded by the learned authorities as the weight of the human soul, which is usually regarded as immaterial and imperceptible. Similar experiments with dogs showed no decrease whatever at the moment of death. The learned experimenters must have been working on favorable subjects. It seems to us that some of the people we meet have no souls at all.

VOTING ON THE BY LAWS.

The voting on the By-laws for extension of the Furniture Factory, the partial tax exemption of the factory property, for ten years, and the much discussed question of a market site and weigh scales will be voted on on the second of September, only a week from to-morrow. The three By-laws and the agreement between the town council and the company are fully set forth in this and the two preceding issues, and will appear again next week. It behooves every freeholder to know what he is voting on, and it would be well, in preparation for the event, if all interested would give the matter a fair share of consideration. Last week, we outlined the matter at some length, and endeavored to show the necessity for increased industries in order to give life and prolonged activity to the town. We feel that only towns with industries will be able to continue in the race, and that Durham's prosperity will depend to some extent on the success of the By-law to be voted on next week. There are a few, no doubt, who will vote against the factory By-law, but the number we think will be comparatively small. There always has been, and likely there always will be opponents to all progress, and it would be phenomenal indeed to think of almost any kind of a By-law going through without opposition. We believe the additional labor market created by the contemplated extension would be a very material benefit to the town as a whole, and for that reason we are anxious to see it carry.

Holstein.

Dr. Brown and Miss May have gone off on a holiday trip. The Dr. intends spending part of his vacation in hospital work in Chicago. Dr. Slater has charge of the practice in his absence.

Mrs. Grier returned from the West last week, after spending a month with her son in the prairie province.

Messrs. Manary and Irvine are getting things into shape for their work on the sidewalks and area.

Messrs. W.J. and Geo. Sharp returned from Rose City, Mich., on Wednesday of last week. They left hurriedly on Friday of the previous week to visit their sister, Mrs. Alex. Freeman, who was seriously ill, but before they reached their destination, she had passed away. The deceased was forty-six years of age. She was married to her bereaved husband, Dec. 15th,

1886, and resided in Dundalk until December, 1892, when they removed to Pinconning, Mich., after which they settled in Rose City. The deceased had been in poor health for a number of years, and the end was not unexpected. The remains were interred in the Rose City cemetery. The funeral services were conducted by the Rev. Mr. Grimshaw. She leaves to mourn her demise, her husband, and two grown-up sons, Fred and Harold, besides her brothers and sisters in Ontario. There is now the vacant chair.

The foundation work of the new residence being erected by the Misses Christie is about completed.

Misses Mabel and Birdie St. Leger leave Wednesday for the Queen City, where they purpose to remain for a short time before leaving for their home in St. Paul.

During the electric storm Sunday night, two of John Swanson's cows were killed, also R. Lewis' barn was struck and considerably damaged.

Mr. R.M. Tribe has settled in the village, and has already entered on his duties as cattle buyer for Mr. Jas. Main.

Rita and Blanche Sharp, of Dundalk, spent a week with their cousins here.

The Commercial Hotel has been treated to a fresh coat of paint, which improves the appearance in a marked degree.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared. Sold by all dealers.

Mr. John L. Cox, Principal of Oakwood High School, Toronto, died on Friday last from typhoid fever, after five days' illness, leaving a widow and one child. He was mathematical master in Collingwood Collegiate Institute for a number of years, in the later '70's and early '80's. Ye Editor, and many others in this locality were under his instruction. He was a clever mathematician, and successful teacher.

A well-to-do Chicago real estate owner came into a hardware store in that city and asked the proprietor for a pound of nails. The small package was made up, and the price, a nickel, handed to the merchant, when the customer asked if the purchase could be sent to his house, which was in a distant part of the city. The merchant assented, and, calling an errand boy, handed him the parcel, with the nickel he had just received for it, he said, "Johany, take the car and take this parcel out to Mr. Blank's house." "What," said the customer, "are you going to give that boy the nickel to take the parcel out?" "Why, certainly," said the merchant, "I would not think of asking him to walk so far." "Well," said the merchant man in Chicago, "if you would just as soon give me the five cents, I would take it out myself."

"I HONESTLY BELIEVE 'FRUIT-A-TIVES'"

The Greatest Cure For Rheumatism In The World"

KNOWLTON, QUE., Oct. 12th, 1909. "For many years, I suffered from severe Rheumatism, and the attacks were very distressing and prevented me from doing my ordinary work. I tried many remedies and physicians' treatments, but nothing seemed to do me much good, and I was becoming very anxious for fear I would become a permanent cripple from the disease. I tried "Fruit-a-tives" and this medicine has entirely cured me and I honestly believe it is the greatest Rheumatism cure in the world." E. R. MILLS.

Such a statement could not be bought from a man like Mr. Mills. He thinks too much of his good name, to sell it or sign it to an untruth. Mr. Mills tried "Fruit-a-tives" after all other treatment failed—and "Fruit-a-tives" cured him of Rheumatism. In the goodness of his heart, he wrote the above letter in order that sufferers in all parts of Canada would know that there is one remedy that actually does cure Rheumatism. This testimonial was entirely unsolicited on our part. We did not know that Mr. Mills was taking "Fruit-a-tives" until we received the above letter. It is a case like Mr. Mills' that proves the marvellous powers of "Fruit-a-tives" in arresting and curing disease. It may be stated, without fear of contradiction, that "Fruit-a-tives" will positively cure Rheumatism when properly used. "Fruit-a-tives" is the only medicine in the world made of fruit juices and is the greatest Rheumatism cure known to modern science. 50c. a box, 6 for \$2.50, or trial box, 25c. Sold by all dealers or sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

A Young Man's Advancement

Another instance of faithfulness to duty, and strict business integrity has been demonstrated in the promotion of Dugald Campbell, to the management of the John D. Gruber Company's business in Maxbass.

Vice-Pres. Conroy checked in Mr. Campbell this week, and the news is being received with a good deal of satisfaction by his many friends, as so many conflicting stories were afloat in regard to the expected change in the local management of this big corporation.

A successful business career is now open to the new manager, who is a bright, deserving young man, respected by the entire community, and we join his legion of friends, in wishing our friend, "Dug" Campbell, success.—Maxbass, N. D., Monitor.

Mr. Campbell is a son of Mr. Geo. Campbell, of Rocky Saugeen, and son-in-law of Mr. Thomas Greenwood, whose daughter he married only a few months ago. We tender our congratulations. Real merit will always find its reward.—Editor Chronicle.

JUST THINK

When you think of thinking, Are you thinking what you thought? You think you think you're thinking Of your thinking do you not? You think you're thinking. Think of that. The thought has come to you— But what do you think of what you think In thinking as you do?

In thinking that you think you think Of thinking that you thought, It makes you think you thought you thought Of thinking quite a lot. But then suppose your thinking was Of thoughts you did not think— Perchance an unthought thought you thought Was just on thinking's brink. You see, you'd think of thinking Of the thought you thought you thought, When thinking that you thought of thinking Thoughts that came unsought, So, did the thought you're thinking of Come thinking at your call, Or do you think you think you thought Of thinking, after all.
