A FREAK OF NATURE.

Frequently Nature makes a blunder and a freak is produced that is sometimes more beautiful than nature's pattern. Noticing a couple of old robins making quite a commotion in the orchard last Friday Joe Wallace went to see what all the fuss was about. He found the two robins hovering around a young one which had apparently fallen from the nest and were trying to get it back. The young robin was entirely white though bearing all the other characteristics of a young robin. Naturally when he found that the bird had pink eyes. He exhibited his find to quite a number in the neighborhood.—Walkerton Telescope.

MAKE THIS TEST.

How To Tell If Your Liver is Diseased.

Even if you have a luxurious head of hair, you may want to know whether it is in a healthy condition or not, 98 per cent of the people need a hair tonic.

Pull a hair out of your head, if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink, and full, the hair is healthy.

We want everyone whose hair requires treatment to try Rexall "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.

It is because of what Rexall "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c. and \$1.00. Sold at our store—The Rexall Store, Macfarlane & Co.

BOYS THAT RUN THE FURROW

You can write it down as gospel. With the flags of peace unfurled. The boys that run the furrow. Are the boys that run the world.

It is written on the hill-tops. In the fields where blossoms blend; Prosperity is ending. Where the furrow has an end.

The glory of the battle, Of chasing swords blood red, Is nothing to the warfare Of the battle hosts of bread.

The waving banners of the fields O'er the broad land unfurled—The boys that run the furrow. Are the boys that rule the world. —Frank L. Stanton.

Boots and shoes to keep in good order ought often to be cleaned, whether they are worn or not, care also being taken that they are not left in a damp place or put too near the fire to dry. In cleaning, take care to brush, and not scrape the dirt away from the seams.

Most cases of baldness are due solely to neglect. The hair often becomes dry and dandruff forms because the hair glands do not supply enough natural oil. Nothing overcomes this deficiency so effectively as that delicately perfumed, refreshing hair pomade, Ecarine. Avoid baldness; apply Ecarine to your hair occasionally. All Druggists, 50 cts. a jar.

A thick adhesive ointment, combined with Japanese Menthol and Vaseline, two of the most wonderful healing drugs known. It soothes, heals and tends to restore those who suffer from Piles, Eczema, Rheumatism, Chafing, Irritated and other skin troubles. The word "Salve" literally means he well or in good health. Try Davis' Menthol Salve and you will be relieved. All Dealers. DAVIS & LAWRENCE CO., Montreal.

That a crank is a man that has a different hobby than yours.

That there is no faith equal to that of the man who advertises for the return of a lost umbrella.

That it's nothing but human nature that makes a man carry a string of fish down the main thoroughfare, but push a baby buggy up a side street.

That a man at Frankfort, Mo., has a beard 11 feet long, in spite of the fact that he could get a clean shave for ten cents.

That a Chicago civic employe was discharged, after having been proved guilty of "intoxication to the satisfaction of the civil service commission." No wonder he was fired.

That if you want to ruin your boy just take his side on every question and dispute he has with his teacher or your neighbors' children. Just let him know you are with him, right or wrong, in all his disputes. This will give him a good start in the downward path.

That a complete miser is said to be a happy man but a man who both spends and saves money is the happiest man, because he has both enjoyments.

That a scientist has now discovered bacteria even in bread. These wise ducks keep on discovering things we will have nothing left us that is absolutely pure except beer, whiskey and baking powder.

That you need not expect the world to get better till you make improvements yourself.

That Job had a good record for patience but he never tried to run a newspaper.

That at the age of sixteen a girl wonders if any man is really good enough for her. At twenty she wonders which man is the most worthy of her. At twenty-five she wonders which of the several worthy men she has in time past refused will come back to her. At twenty-eight she begins to wonder what man she can get.

That the editor of this paper just used to feel a little jealous of Doc. Jamieson who seemed to pass through life without a jar in his handsome automobile. But then automobiles are not meant for editors, as they have no time to enjoy them and if they had the time somebody else always has their money.

That you never see a merchant fail who's truly wise. The secret is no lengthy tale—Just advertise.

IT MAKES A DIFFERENCE.

We think we would enjoy the heat And revel in July When winter loafs around the job Its features to supply, Quite certain that it couldn't bring So neatly baked a bluff That it could overdo a thing And makes us cry "Enough!" But when it's Johnny on the spot, Of all the spots to boot, It in the full minute details Does not exactly suit, And lucky we may call ourselves If we have got the price When it is running unrestrained To trim it off with ice.

When snowballs in the air are thick Wherever boys are near We do not quite appreciate A ripe one on the ear. But when it's ninety in the shade And humid in the air We feel at such a time as that We'd take it anywhere.

Around the sulky winter stove We'd sit and have a chill And think that August or it's kind Would surely fill the bill, But when it comes with all its force With heat blasts unconfined It doesn't seem exactly then The thing we have in mind.
