NEWS AROUND TOWN

Apprentice wanted.—To learn millinery. Apply to S. F. Morlock.

Next Sunday in the Methodist church, the pastor will preach in the morning on "An Apostolic Prayer-Meeting," and in the evening on "How to Reverence Christ."

From the number of women we saw going to the Baptist church this morning, in scrubbing paraffin, we imagine they are going to make use of water there in more ways than one.

The partitions in the lower part of the town hall have been taken down, and now there is only one large room. It will answer a good purpose to hold two large meetings at the same time.

Our millinery opening will take place Friday and Saturday, of this week. Our display of trimmed and untrimmed millinery will out rival any previous season. A call will convince you.—Miss Dick.

Lost.—Between Mr. G. A. Watson's and John McKenzie's, on Sunday, August 28th, the sum of four dollars, and some letters addressed to James Gregor, Durham Ont. Finder will be rewarded by returning money to Mr. Geo. A. Watson, McWilliamsville.

Mr. Forest fall fair, to be held this year on September 28th and 29th is famous for the large prizes offered for all kinds of exhibits, resulting in a big list of entries and crowds in attendance. Grand concert each evening. You are invited.—J. T. Allen, Secy.

We congratulate one of our former pupils, Miss Myrtle Thurston, of Flesherston, who this Wednesday afternoon joined heart and hand with Mr. Robt. Shaw, of Lions Head. The marriage took place in the Methodist church, the nuptial knot being tied by Rev. Mr. Wellwood.

Anniversary harvest home services will be held in the Varnoy Methodist church, on Sunday and Monday, the 15th and 16th of September. Services will be conducted Sunday at 10:30 a. m. and 7 p. m., by Rev. John Little, Presbyterian minister, of Holstein. On Monday, supper will be served in the Orange Hall from 6 to 8 o'clock, after which a program will be rendered in the church. Admission 25c. and 15c.

On Monday evening, a branch of the Anglican Young People's Association was organized in Trinity church. The following staff of officers were elected: Patron, Rev. W. H. Hartley; Pres., Mrs. D. Jackson; Vice Pres., Mrs. W. H. Hartley; Secy., Miss Elvidge; Treas., Miss C. Jackson. The following, along with the officers, constitute the executive committee: Mr. W. H. Bond, Mr. Wm. Humphries, Mr. B. Fitzgerald. The society will meet weekly on Monday evenings at eight o'clock. The next meeting will be held in Trinity church, at which the Rev. Mr. Little will give an appropriate address. All the young people of the church should join this society and attend its meetings.

There is little rest for the wicked in Durham, and when Chief Carson doesn't catch the wrong doers, Providence takes a hand. The other evening one of the young lads of the town, whose name we won't mention, was riding his bicycle on the sidewalk on Lambton Street, which is against the laws of our hamlet. Our Chief of Police not being in that neighborhood at that time, it remained for a higher power to intervene, and, causing a limb from a tree by the wayside to drop in the way of the oncoming law-breaker, the unseen hand snatched him one that made him see stars, and placed him hors de combat on the pavement. The boy wasn't at work the next day, so great was the fall thereof, and is now figuring out just how much it costs to disregard the law in this moral burg.

The work is progressing favorably on the new clerk's office and weigh scale. It will soon be ready for the roof, and this is the part we have a word or two to say about. The roof, according to the plans, will be flat, sloping toward Lambton Street. The building is 22x30 feet, with only one log, and our way of thinking, a regular cottage roof would give it a much more imposing appearance, and the council would be perfectly justified, in going to the extra cost for the sake of the appearance. However well a flat-roofed building may look when adjoining other buildings, it always has a squat appearance when it stands out alone. As the new market is out in the open, and perhaps always will be, we think the matter of roofing should be given a better appearance than should be considered now. There isn't a doubt about the people being dissatisfied, and the council too, if the plan is followed. The body of the building will be all right, and with the right kind of roof it will be a very creditable structure, giving it from any side, and let us repeat again, it will stand alone and every side will be fully exposed.

Apprentice wanted.—To learn millinery. Apply to J. Levine.

An interesting debate will be held in the Methodist church, under the auspices of the Epworth League, on Tuesday evening next, on the question "Resolved that the pen has done more for the welfare of the world than the sword."

Ayton fall fair, Wednesday and Thursday, September 21st and 22nd. Liberal prizes offered. Field sports, consisting of five-mile race, three-mile relay race, horse races and other attractions. For prize lists and other information, apply to Ira J. Halpenny, Sec., Ayton 2.

We are pleased to note the progress made in the erection of the new rural high school in Flesherston. It will have a fine imposing appearance, and is a credit to the educational enterprise of the village and township of Artemesia, to which it belongs.

Fall millinery opening, Friday and Saturday, September 16th and 17th. We are showing a most complete stock of all that is new and correct in trimmed millinery. Do not fail to visit us and inspect our splendid collection.—Miss Dick.

The Fall Fair Prize Lists are out and any person wanting a copy may receive one at this office while the supply lasts. Those desiring them sent by mail may address the Secretary, Mr. C. Firth, Durham, Ont.

Fall millinery display. Our aim is to make our showrooms the centre of millinery attraction. Miss Bertrain, our head trimmer, comes well experienced, having spent six years in Catto's, and other millinery showrooms in Toronto, receiving first-class instruction in trimming.—Miss Dick.

A competition shoot will be held on Friday Sept. 23rd. 6 prizes will be given to the 6 highest aggregate shots at two ranges. All bona fide members of South Grey Rifle Association are eligible to shoot. Shooting to commence at 9 a.m., and to continue till match is completed.

On Tuesday afternoon, some of the ladies of Trinity church formed themselves into a Women's Guild society. The following are the officers: Pres., Mrs. Ed. Kress; 1st Vice Pres., Mrs. McAnulty; 2nd Vice Pres., Miss M. Edge; Secy., Mrs. W. H. Hartley; Treas., Mrs. Wm. Whitmore. The ladies have several items of work in view, which, when done, will greatly improve the church. He told a lye

Mr. R. C. Banks, who has been engaged as chemist at the cement works for the past two years, resigned his position and left Wednesday afternoon for Detroit, where he will shortly enter into a more lucrative position. During his stay in Durham, Mr. Banks has been very popular with all classes, and his departure from us is much regretted. He is a talented young man in many ways and was ever willing to lend a helping hand where his services could be of use. Prior to his departure, a number of the young people met at the home of Mayor Laidlaw on Tuesday night, and in addition to giving expression to their kindly feelings, they presented him with a handsome pair of military hair brushes and a fountain pen, as a memento of long-to-be-remembered associations. The night was far spent when the gathering broke up, but the feelings of his young friends were so genuine that the night's proceedings will not soon be forgotten. Personally we regret to lose Mr. Banks, whom we have learned to esteem for his many social qualities.

It is an awful aggravation to a man who tries to fix up his property, to find it ruined in a single night. Mr. A. H. Jackson has been going to a lot of expense in grading, terracing and seeding his grounds on the hilltop. Only a short time ago, he completed the work. The grass was shooting through the earth, and in the course of a few weeks, he would have most beautiful surroundings, quite in keeping with his fine new residence. But on Saturday night last, a couple of dogs made their way onto the newly-made grounds and worked destruction that would make a saint swear. Mr. Jackson is very much annoyed over the matter, and would make it extremely hot for the owners of the destructive dogs if he only knew who they were. Though people in town are allowed to keep dogs on the payment of a dog tax, they have no legal right to let the animals run at large, to the destruction of their neighbors' property. We always did contend that only a mean man will put out poison for a trespassing dog, and we have still that feeling, but we think Mr. Jackson would be doing perfectly right to shoot down any dog found on his premises committing such annoying and costly depredations. Many complaints have been made at this office about dogs running at large and working destruction in other ways, and it seems time that something should be done to prevent it.

Millinery opening at Morlock's on Friday and Saturday, the 16th and 17th. Inspection cordially invited.—S. F. Morlock.

The village of Priceville is putting on improvements in the way of granolithic sidewalks. About 15,000 square feet of walk has been put down this season, and as soon as the cleaning up is completed, the village will have a nice, tidy appearance.

The nominations to fill the vacancy in the town council caused by the death of the late Wm. Caldwell, took place in the town hall on Monday night. Three candidates were proposed, as follows: Robt. Cochrane, T. R. Whelan and David Kinnee. From the first, Mr. Whelan refused to qualify, and the contest, should there be one, was to be between Cochrane and Kinnee. Mr. Cochrane was the highest defeated candidate at the last general election, and had the vacancy occurred in a city, he would at once be installed as a member to fill the position. No doubt he felt entitled to it, but when Mr. Kinnee signed his qualification papers, Mr. Cochrane declined to go further, as he did not wish to put the town to the cost of an election. Mr. Kinnee is a good man, and will doubtless discharge his duties honorably.

BIRKS THE LUCKY MAN.

The death of Rev. R. W. Millyard at Fort William opens both the presidency of the London Conference and the chairmanship of the Sarnia district. The first of these will be filled by Rev. A. K. Birks, of Askin street Methodist Church, London, and a meeting of the Sarnia district will be held to appoint a chairman. It is stated in London that Rev. Mr. Birks will shortly be appointed assistant to Rev. Dr. Briggs, Methodist Book Room, and will retire from the regular ministry. He has one year yet to put in at his present - London charge.—Toronto News.

THEIR PASTOR WELCOMED

Mr. N. McCausland, the new Baptist minister commenced his duties here on Sunday last, preaching very practical and impressive sermons here both morning and evening, and at Glenelg Centre in the afternoon.

On Tuesday evening, a reception was held in the church, at which there was a fairly well-filled house. The object was to extend a welcome from the congregation, the resident clergymen, and the town generally.

Mr. J. H. Brown occupied the chair, and calling Mr. McCausland to the platform, gave him a very hearty welcome in behalf of the congregation, after which, Mr. McCausland replied, in appropriate language, expressing high gratification at the beautiful appearance of the town and church, as well as the kindly way in which he had been received by the congregation. The great work of the Christian Minister, however, was to advance the spiritual life and well being of the community in which he was placed and this he hoped to be instrumental in doing.

Mr. Geo. Binnie was called on to give a word of welcome on behalf of the Glenelg Centre congregation, and discharged the duty placed upon him with much earnestness.

Dr. Farquharson, Rev. Mr. Hartley and Rev. Mr. Wright made brief pointed addresses on behalf of their respective congregations. Councillor Snell acted on behalf of the town. The editors of the two local papers were present, and made each a few remarks.

At the close of the program, which was much enlivened by the choir, a magnificent supper was partaken of, and without going into further particulars, we may be permitted to say that the Baptist ladies are culinary artists of high degree.

HE TOLD A LYE

For twenty-five years we have known Mr. Richardson, of Flesherston intimately, and never knew him to be guilty of anything in the nature of an untruth. In giving the story on Monday night of the new pipe organ installed there in the Methodist church, he said, in effect, that he came to the conclusion that the old organ was getting played out and a new one was needed; he knew a firm in Toronto years ago by the name of Lye & Co., organ builders, of excellent reputation then and for many years after. He ascertained that the firm was still in existence, and when he had fully decided that a new organ was needed and must be purchased, he told a Lye about it and one of the firm came to Flesherston, and negotiations were begun. The result is the fine new pipe organ opened in the church on Sunday last. As this instrument is described at considerable length by our Flesherston correspondent, we shall simply tender our congratulations to the members of the Methodist church in Flesherston, who are much indebted to the efforts of Mr. Richardson. Mr. Arthur Lye, of Toronto, played the organ on Sunday and Monday.

DEATH OF JAMES BUCHAN

Another of the early residents of Owen Sound passed away on Friday morning last in the person of Mr. James Buchan, who has been a resident of Owen Sound for nearly sixty years. He had been in failing health for a number of years, and for some months previous to his demise had been confined to his home, the cause of death being of a cancerous nature. Mr. Buchan came here with his parents from Paris, Ontario, about the year 1850, and was engaged in the general store business with his father in a small building on the corner where the Seldon House now stands. He afterwards embarked in the grain and storage business and later entered into partnership with the late George Price in dry-goods in the store now occupied by Mr. D. R. Duncan, which he built. A partnership was afterwards formed with his brother-in-law, Mr. Howard Heming, the latter retiring and Mr. Buchan carried on the business alone for some years. He never took any very active part in politics or municipal affairs, but was a member of the town council representing Centre ward in the early days of late years he took quite an interest in the hospital and had been a member of the Hospital Board for some years. He is survived by a widow and a grown-up family, one son and six daughters. They are Ewing, who resides in Texas; Mrs. (Dr.) Murray, Owen Sound; Mrs. Robt. Telford, Owen Sound; Miss Birdie and Laura, Owen Sound; Miss Margaret, Montreal; and Miss Ethel, Winnipeg.—Owen S'd Advertiser.

Mr. Walter Buchan, of this town is a brother of the deceased.
