A pretty wedding took place at the residence of Mr. H.C. Quigg on Tuesday afternoon, October 11th, when at 5.30 o'clock, his sister, Emily, youngest daughter of Mr. and Mrs. P. Quigg, of this place, was joined in marriage with Mr. Archibald Stewart, the ceremony being conducted by Rev. G. S. Milligan, M.A., pastor of Chalmers church. The groom's niece, Miss May Stewart, played the wedding march. The bride, who was given away by her brother, was attired in a dainty gown of white Swiss muslin trimmed with Valenciennes lace. She wore a tulle veil, caught with orange blossoms, and carried a bouquet of bridal roses. The bride's niece, Little Miss Mabel Swift, of Toronto, was a pretty flower girl in white muslin, and carried a basket of pink carnations. A gold locket set with brilliants, the gift of the groom, was worn by the bride, and the flower girl received a pretty brooch. With drawn shades, a pretty brilliant illumination, the Mrs. J. Bell, Pairston, and Miss Hawke, Markdale. The wedding presents were numerous and valuable. Mr. and Mrs. Stewart left on the evening train on a short visit to Owen Sound, the bride travelling in an amethyst cloth suit, and with hat to match. They will reside in their fine farm residence near Ceylon, and we join in the many good wishes given.

Mr. Geo. White, Toronto line, was last week kicked in the face by one of his horses, with the result of a bruise in the forehead, and five double teeth knocked out. Mr. White recovered from the shock and is about as usual.

The town hall was crowded on Friday evening last at a tree and high class entertainment given under the auspices of the I. O. F. Court here. Dr. Murray, C.R. of the Court, presided, and a program, perhaps as highly pleasing as any before given here by professional talent, was rendered by Mr. Harvey Lloyd, comedian, Miss Maude Bigwood, soprano soloist, and Miss Lillian Dillon, contra-alpianist. They are a strong combination, and furnished a splendid program, each in turn being heartily applauded and evenly honored with encores. Mr. G. A. Mitchell, Superintendent of Field Work, gave a somewhat lengthy address dealing with the benefits and work of the Order, which will most likely create interest in the local Court.

George, the 13-year-old son of Mr. J.O. Patton, met with a nasty accident last week. While leading his father's horse on the halter the animal dealt him a severe blow in the face, inflicting a bad cut on the lower jaw, crushing inward, a number of the teeth, which it is yet hoped, may be saved. The lad is bearing his mishap with much bravado.

On Friday last, Elijah, the 9-year-old son of Mr. Richard Bentham, of the suburbs, met with a fall which might easily have cost him his life. From a scaffold in the barn, he fell to the floor, 14 feet, and on the hard impact was stunned, and badly shaken up, but fortunately no bones broken.

Re E. 1-2 Section 19, Township 30, Range 17 W. 2nd M. Location.—This half section is situated in the famous Quill Plains, about twenty miles north of Watson Station on the C.N.R. It is in the midst of a good settlement, chiefly of Canada and American farmers, with Germans and Norwegians. It is about two miles from school, store, church, post office, etc. It is a very fertile part of the West, which is claimed to be equal to the Potage Plains, one of the most fertile areas in the world. Besides immense yields of wheat, the neighboring farmers raised as high as 100 bushels of oats to the acre in some instances in 1909. The survey of the Thunderhill branch of the C.N.R. is near, and the road is already completed to within 70 miles of it.

Water.—A fine spring creek runs along the East side, and cuts off the North-east corner of the half section. Water can also be easily obtained in wells almost anywhere in the neighborhood. The low land near the stream furnishes excellent hay and pasturage. Wood.—This is convenient and plentiful for fuel. A few miles distant good building timber can be got, and also timber large enough for sawing into lumber. Game.—Fish are abundant in the lakes, and game in the woods and on the lakes. Soil.—The soil is dark and deep, rich with vegetable matter, and in short, is a strong clay soil that is not too heavy to be easily worked.

CHARGED WITH PERJURY.

The attempt to have the local option by-law of Chesley set aside has not yet ended, though the courts so far have sustained the by-law. The by-law was voted on last January, and received the exact three-fifths majority. The application of Philip Schumaker to have the by-law quashed was dismissed. Now the Attorney-General has directed an enquiry with regard to an affidavit made by W. G. Durst, a Chesley manufacturer. The investigation, the conduct of which will be in the hands of J. B. Mackenzie, will take place at Walkerton on Wednesday before Justice of the Peace McNamara. Its purpose is to ascertain whether the statement in the affidavit is true that Mr. Durst produced for the temperance party at the polling booth, (without it, it is said, he could not vote, and owing to the extremely close voting, the by-law would be lost without this vote. It is estimated that the costs of Schumaker have already amounted to between \$500 and \$700. The hearing of this case has been put off two weeks.—Toronto Telegram

WINTER FAIR PRIZE LIST.

In the revision of the prize list for the coming Winter Fair, the Executive Committee made many additions with a view to encourage exhibitors to bring out still better exhibits and so make the Winter Fair of 1910 greater in educational value and attractiveness than any of its predecessors.

On looking through the new prize list and beginning with the horse department it will be noticed that two new sections have been added to the class for Canadian-bred Clydesdales and Shires—one section is for stallions foaled in 1910, and the other for mare foaled in 1910; the prizes in each section are—1st, \$15; 2nd, \$12; 3rd, \$8; 4th, \$5. A section is added for Shire mares foaled on or after Jan. 1st 1908, with prizes of 1st, \$15; 2nd \$10; 3rd, \$5. There are now two sections for Standard-bred mares instead of one, they are for mares foaled previous to Jan. 1st, 1908, with prizes of 1st, \$25; 2nd, \$15; 3rd, \$10; and for mares foaled on or after Jan. 1st, 1908, with prizes of 1st, \$20; 2nd, \$15; 3rd, \$5. Additions have been made to the Pony class for Shetland Pony stallion, any age, 1st, \$20; 2nd \$10; 3rd \$5; and for Shetland Pony mare, any age, 1st \$15; 2nd \$10; 3rd \$5. The Championship class includes new sections for Hackney mare, any age, and for Standard-bred Clydesdale stallion and for the best Clydesdale mare. Winners of Championship prizes will receive special ribbons instead of cash prizes.

Important changes have been made in the Beef Cattle Department. Formerly Herefords and Aberdeen-Angus competed together, as also did Galloways and Devons. The latter breed has been dropped from the list, and the remaining three breeds each has its own class. The sections are the same as last year, and the Fair Board gives \$125.00 in prizes to the best class. The prizes for Herefords are made very attractive by the addition of \$20 from the American and Canadian Hereford Breeders' Associations. The Canadian Hereford Breeders' Association is also prepared to add fifty per cent. to all the prizes won by animals sired by Hereford bulls in the open class for Grades and Crosses. The heifer prizes for beef Shorthorns have been increased by \$7 in each of the three sections.

The National Lincoln Sheep Breeders' Association has doubled the amount of special prizes for Lincoln sheep, bringing the total up to \$100.

The most noticeable change in the Dairy Cattle Department is the increased grant made by the Holstein-Friesian Association of Canada. They have added \$375 to the regular prizes for Holsteins so that exhibitors of this breed will now compete for \$510. The Canadian Ayrshire Breeders' Association has also increased their grant, and have added special prizes of \$50 in each of the three sections of animals making the highest scores recorded in their Herd Book.

The counties of Wellington, Halton, Brant, Norfolk and Ontario are offering special prizes in the different live stock departments to amateur exhibitors resident of their respective counties.

Prospective exhibitors are reminded that the dates of the Fair are December 5th to 9th, 1910. The prize lists are now ready for distribution, and may be had free on application to A.P. Westervelt, Secretary, Parliament Buildings, Toronto.

Purchasing 40 young pigs, Mr. J. H. Brick, of the Walker House, started in to rival the Humber pig gery scandal, by raising the sweet-scented animals in his yard near the river side. Every day that passed by made the pigs bigger 'n' the air fouler, but on summing up the account, Mr. Brick figured that there wasn't room for himself and forty pigs on the same lot. Somebody had to move and he decided that the great hog industry must go. Calling in the buyers he disposed piecemeal of the entire lot and soon had the piggery scattered thinly over the land. Mr. Brick is still convinced that there is money in pigs, but his constitution won't let him raise them.—Bruce Times.
