Sackett's Corners.

The weather is fine at present and potato digging is the order of the day.—A good yield and a fair sample is the report.

Miss Leilly Sackett came home for a short visit from the Queen City, and intends to spend the winter in the south, at Maryland, with her present employers. We hope she will enjoy the trip.

Mr. Wm. Sackett has improved his verandah by giving it a coat of new shingles.

Mack, McFadden, of Proton Station, gave the Corner a friendly call. Pleas'd to see Mack. Just as good natured as ever.

Mr. and Mrs. Schmidt, of New Egrement, spent a pleasant evening at Mr. Geo. Sackett's. Mr. Sackett gave some fine selections on his gramophone.

Wm. Sackett purchased a driver from Dan. McInnes. I guess I won't have to take anyone's dust now.

Mr. Sam. McMurto, our rising cattle king, is doing a rushing business in buying and selling cattle.

David Bruce, of this vicinity, purchased a span of heavy draft horses, for which he paid \$365. We wish Dave success with his purchase.

TECHNICAL EDUCATION.

The appreciation of technical education for business pursuits as provided for by private enterprise in our country, is well illustrated by the success of the Central Business College of Toronto, and its several branches. These schools are reported as more largely and widely patronized this term than ever before, which in itself is very good proof for the demand for this sort of technical education. Our readers are referred to the notice found in our advertising column, which extends an invitation to all who are interested to write for the new catalogue of this well-known school.

Corner Concerns.

Sunday was Children's Day at St. Paul's church, and there was a big turnout of people to hear Rev. Mr. Hartley deliver words of wisdom and advice to parents, teachers, and children. It looked as if we would have to build another shed to accommodate all the horses.

Rev. Mr. Bice will preach in the church here on Sunday next. All will be pleased to meet him again after a year's absence.

Mr. and Mrs. Jas. Tucker drove over to Brussels last week to visit friends there. Their daughter, Miss Esther, preceded them a fortnight, but may return with them at the end of this week.

Mr. Walter Reeves has again been appointed as assessor for 1911, and is already half through the job. It seems an improvement over going the rounds when the ground is covered with snow. When any dispute arises over the valuation of a place, or any yearn about the back part of the place being a mere beaver meadow, seem a little fishy, the assessor may go and investigate for himself.

Inspector Campbell visited our school last week, and found our teacher, Miss Scott, doing good work, and the trustee looking fairly well after business. Miss Scott conducts a fifth class this fall, for those who passed the Entrance.

A road job of grading and gravel-elling opposite lot 4 and 5 on the 2nd concession was well and truly done last week. Per one who is interested in that piece of work, performed the work, and it was not done on the average. tate labor story.

Our Sunday school concert, in connection with St. Paul's church, is to be held in the school house, close by, on Friday evening, Nov. 11th. A good program is being prepared for the occasion, and lunch will be given, all for the admission fee of 10 and 15 cents. Everybody is welcome.

Mr. Wm. Allan has gone to take charge of a mission near Chatham. Mr. Allan did not fit himself by a College course for such a position, but he prepared a life-long study for such work, and trying to follow its teaching as closely as it seems possible for mortal man to do. He will give good, faithful service, and we predict, have good success.

One of Egrement's big bridge-collapsed last week, at the age of a few years. A bunch of cattle was going over it at the time, and escaped with little damage. By the way, the most expensive load to be found.

The estate of the late Geo. Leopard is now being distributed among the heirs. Mr. Wm. Bryans last week took down the old house and re-erected it on the farm he recently bought, being lot 6 on the 2nd concession, to be used as a stable. As well as making improvements in the building line, he has been pulling out willows, burning off the cedar bushes, and generally improving the place.

Don't trifle with a cold is good advice for prudent men and women. It may be vital in case of a child. There is nothing better than Chamberlain's Cough Remedy for coughs and colds in children. It is safe and sure. For sale by Gun's Drug Store.

Mr. and Mrs. Patterson, of Ceyton, spent Sunday with friends here.

Mr. and Mrs. Colin McLean, of Priceville, Sundayed with Mr. and Mrs. Neil McMillan.

Mrs. Daly, of Michigan, visited Mrs. Hargrave last week.

Rev. Mr. Wilkinson, of Holland Centre, conducted the anniversary services at Salem.

Dr. and Mrs. James Allan, of Dromore, spent Sunday with the latter's mother, Mrs. Hargrave.

Darkies' Corners.

Work is rapidly progressing on the new bridge since we last wrote. The old bridge has been torn down and the work of digging out the abutments has been going on. In the course of two or three days, it will be ready for putting up the forms. At present there are eight workmen employed.

Mrs. Wm. Noble recently received the sad news by telegram of the death of a brother, and the serious injury of her father, and another brother, by the blowing up of a boiler in a mill owned and operated by Mrs. Noble's father, Mr. Breese. Mrs. Noble hurried to the scene of trouble, which is located in Muskoka. We wish to extend our sincere sympathy to the bereaved ones in their hour of sorrow, and further hope for a speedy recovery of the injured ones.

Miss Annie Collier returned to the Queen City Monday before last after spending the summer at the parental home.

Mr. and Mrs. Ben. Coult's, spent Sunday at the home of Mr. and Mrs. Jos. Atkinson.

Mr. Andrew Lindsay spent Sunday last at the home of Mr. and Mrs. Archie Park near Hamden.

Good tea is the result of care and experience in blending—must be the combination of fine flavor, smooth strength and richness. Because all these elements are so generously included in Red Rose Tea it well merits the term "good tea."

Mr. Geo. Ryan, Jr., attended the races at Markdale, Thursday of last week.

Mr. and Mrs. Neil McCannell visited at the home of Mrs. Chas. Ritchie, Sunday.

Mr. John McGirr spent Sunday with Hutton Hill friends.

The best plaster. A piece of flannel dampened with Chamberlain's Liniment, and bound on over the effected parts is superior to a plaster, and costs only one tenth as much. For sale by Gun's Drug Store.

THE CROPS IN CANADA.

The Census Office published on October 11th, a bulletin on the condition of crops in Canada at end of September. The reports show lower averages of condition for the whole of Canada than those of a year ago, but the reduction applies chiefly to the Northwest provinces. In the Eastern provinces a high per cent. is maintained for nearly all the crops and quantity and quality are nearly as good as a year ago, and better than two years ago. In Manitoba, Saskatchewan and Alberta, there is a drop of about 20 per cent. in the quality of grains and roots, but the threshings indicate that the yield will be larger for wheat, oats and barley than was promised at the end of August. For the whole of Canada, the condition of rye at the end of September was 83.59, which is ten per cent. better than two years ago, and 2.39 better than last year. Peas and beans are nearly eight per cent. lower in condition than a year ago, but nearly ten per cent. higher than in 1908. Buckwheat, and about the same as last year, and twelve per cent. better than in 1908, whilst mixed grains are better by five per cent. than last year and 19.47 per cent. better than two years ago. Corn for husking, compared for the three years, 1910 1909 and 1908, shows percentages of 85.12, 86.77 and 82, and corn for fodder of 89.82, 87.18 and 92 for the respective years. The condition of potatoes is 76.08 at the end of September, compared with 90.37 last year, of turnips \$2.09 to 83.34 and of sugar beets 83.13 to 71.92, whilst in 1908 their condition ranged from 68 to 74.

Alfaifa has a condition of 83.30 at the end of September, and it exceeds 90 in the Maritime provinces and Ontario. In Quebec and the Northwest provinces it is not more than 70 per cent., and in British Columbia it is 83.93. All field grains in the province last named exceed 82 per cent. in quality.

The estimated yield of rye this year for Canada is 1,634,000 bushels, of peas 6,444,500 bushels; of beans 1,089,600 bushels, of buckwheat 7,302,000 bushels, of mixed grains 20,103,000 bushels, of flax 4-314,000 bushels and of corn for husking 17,682,000 bushels. The average bushels per acre of these crops is 19.43 for rye, 16.69 for peas, 20.54 for beans, 26.98 for buckwheat 34.91 for mixed grains, 9.04 for flax, and 53.82 for corn. Better averages for wheat, oats, and barley, are assured when the final returns are made in December than the reports for the end of August gave.

Mr. Matheson, of Knox College, Toronto, conducted the services in Holstein and Fairbairn Presbyterian churches on Sabbath last, in the absence of the pastor, Rev. J. Little.

Rev. F.H. Deller, of Varney circuit, preached an excellent sermon in the Methodist church Sabbath afternoon, his subject being "The Fatherhood of God."

It is reported that nearly all Holstein was at the fowl supper at Orchardville on Monday evening. Reports say they had an excellent time, and a superb and abundant repast.

In our list of prize winners at the fall fair, the names of J.D. Main should appear as a winner on turkeys, and Hugh Sinclair for Buff Orpington chickens, and that of Henry Reid for house plant, any other kind.

James Johnston has purchased a lot on Wellington Street, and has commenced the erection of a residence.

Andrew Seim, of Varney, passed through the burg on Monday en route to his farm and dog along. He had his gun and dog along.

Messrs. Swanson and Nay, of the public school here, attended the Teachers' Convention in Dundalk on Thursday and Friday of last week, and were present at the formal opening of the new Continuation Class school of that town. They say that South Grey has a real live association, and that Principal Allan is one of the chief spokesmen.

The Directors of the Egrement Agricultural Society met last Saturday evening, and wound up the business of the fall fair. Although the day of the fair was quite unfavorable, we are pleased to state that all prizes will be paid in full.

The stork alighted on the parsonage on Wednesday of last week and now Rev. Mr. and Mrs. Marshall are the proud parents of a baby girl.

We have just been informed of the death of Mrs. John Horsburgh at the home of her son, John, of Camduff, Sask. The old lady was one of the pioneers of this vicinity and resided here until recently.

During the summer, she decided to go West, and on the trip she was taken quite ill. She recovered to some extent, but her death occurred on the 6th inst. Her surviving children are Allen, of New Lowell; John and David, of Camduff, Sask.; James, of Holstein; Walter, of Bentinck; Mrs. A. Doupe, Holstein, and Mrs. Williamson, of Toronto.
