PEAT FUEL A SUCCESS.

AN Ottawa despatch of last week says: The experiment made by the Mines Department during the past month of placing on the local market 500 tons of peat manufactured into domestic fuel at the Government plant at Alfred, a few miles east of Ottawa, has proved a great success. The whole supply offered was sold within a few days at \$3.25 a ton, and since then there has been a deluge of orders for further supplies. There is a general consensus of opinion among those who have used the new fuel that it is cheaper and more satisfactory than coal. The results of first year's operation of the Government plant at Alfred indicate that there is an immense field for commercial exploitation in developing the very large peat deposits scattered throughout Central Canada.

DISTRESSING HEADACHES

Headaches are largely the result of disordered kidneys. Mrs. Hal, 84 Flora Street, St. Thomas, Ont., says: "I suffered for years with headaches of a most distressing nature. They would come on me suddenly, and would last for days at a time. These were usually accompanied by spells of dizziness that would leave me unable to attend to any house duties. My back was weak and caused me much suffering thru the night. I had doctored for years but all to no avail. Nothing helped me, and I felt my condition was gradually becoming worse. I learned of Booth's Kidney Pills. One box gave me a complete and lasting cure. I have not had a headache or dizzy spell since, and I feel like a new person."

Booth's Kidney Pills are sold by all druggists. 50c box, under a guarantee to refund your money if they fail to relieve any disease having its origin in the kidneys or bladder. Postpaid from R.T. Booth Co., Ltd., Fort Erie, Ont. Sold and guaranteed by Macfarlane & Co.

HOLSTEIN.

Miss Mary Naismith returned from the West on Thursday of last week.

Rev. Mr. Matheson, of Knox College, Toronto, was the guest of Holstein friends from Thursday till Monday afternoon.

The Library concert held last Thursday evening was a great success. The numbers rendered by the various artists were highly appreciated, and more especially so, as it was all local talent. N. W. Campbell, I.P.S., was in his best mood, and occupied the chair. The lunch served was relished, and the devouring element was sustained in its reputation. The crowd was fully up to the average on such occasions, and the proceeds amounted to over \$45.00, so that the directorate are now easy as to the purchase of \$100 worth of books.

Mrs. Andrew Ales departed this life on Monday morning at the ripe age of 72 years. She was one of the pioneer settlers of the 16th concession, having settled there when the forest was mostly undisturbed, and the virgin soil unbroken. With a strong determination to succeed, she went to work with a will, and succeeded in doing her part in the struggle against the difficulties experienced in pioneer life. A few years ago, she, with her husband, left the farm, and settled in the village. She had been in her demise was not some time, and her aged and unexpected death leaves her aged partner and two sons, Valentine and George, on and near the old homestead, also three daughters, Mrs. H. Reid, near the village, Mrs. McLeelan, of Montreal, and Mrs. Sparling, of Chatham. The remains were followed by many sympathizing friends, and old neighbors, to their last resting place, the services being conducted by Rev. J. Little, her pastor.

J.M. Jackson, of Eora, spent Monday in the residence of the village, and others, will learn with regret the death of Mr. Wm. Wallace, of Cannington, formerly merchant of this village, which took place on Sunday, 20th inst. at the early age of fifty-five years. He was a member of Court Holstein, C.O.F. No. 174.

Chas. W. Hunt and family, who went West last spring, returned on Monday. Charlie says that he is not going back; that Ontario is good enough for him.

Mr. J. Durrant received the sad intelligence Tuesday morning of the death of his daughter, Mrs. Jas. Murdoch, of Owen Sound. The remains are being brought here for interment.

tea is the result of care and experience in blending—must be the combination of fine flavor, smooth strength and richness. Because all these elements are so generously included in Red Rose Tea it well merits the term "good tea."
