DARKIES CORNERS.

Messrs. John and James Wilson, who attended the funeral of the former's brother in New York, returned home on Tuesday of last week.

Messrs. Wilson and Picken shipped two car loads of mixed live stock Tuesday.

We wish to refer our hearty congratulations to Mr. William Lawrence, who on Wednesday of last week joined the ranks of the benedicts.

Miss Blanche Wilson, of Gouverneur, N.Y., is at present on a visit at the home of Mr. and Mrs. James Wilson.

Messrs. Wm. Williams and R. G. Hewitt spent Monday evening very pleasantly at the home of Mr. and Mrs. James Wilson.

Mr. and Mrs. Geo. Furneaux, of town, spent Sunday with Mr. and Mrs. James Wilson.

The members of the Green Grove Literary Society met at the residence of Mr. and Mrs. J. McGirr on Thursday night last.

Dear Friends,—We, the members of the Green Grove Literary Society, and other friends of the neighborhood, have assembled this evening to congratulate you, our friend, and fellow-member, on your entrance upon the joys and responsibilities of married life.

We would say to you, Mr. McGirr, that we have found in the ready and efficient help in the work of the society, and ever ready to use both your time and your talents for the advancement of the highest good of the community, as well as to give your assistance in time of need.

In sport of a manly character, you have always taken a deep interest. You have been one of the mainstays of the baseball team.

Therefore gives us much pleasure to know that, while so many of our young people are going to seek their fortune in the West, you have decided to make your home permanently in the old neighborhood.

We ask you to accept this cent, try table as a tangible expression of the good wishes of your friends, both of the Literary Society, and the surrounding community.

Signed in behalf of the Literary Society, ANNE ALJOE, WILL PATTERSON, JOSEPH ATKINSON, ANDREW SCOTT.

Mr. McGirr replied in a suitable manner, thanking them for their kindness to Mrs. McGirr and himself.

The party was a great success. To John and his bride, when about forty neighbors arrived.

They spent the evening pleasantly in games, also a short program was given. The singing of Auld Lang Syne brought the meeting to a close.

"The D.&L." Emulsion will build you up, will make you fat and healthy. Especially beneficial to those who are "all run down."

TRAVERSTON.

Reeve E.W. Hunt is in Owen St'd this week, attending the good-bye session of the County Council.

Many of our farmers are looking for a week of Indian Summer weather yet. There is many a row of trees to be turned.

Miss Elsie Wilson, of Detroit, arrived on Saturday at the Wright homestead on a visit. Robbie has been sailing on the lakes all summer.

Mr. D. McArthur, of the suburbs, was out this way last week with sawing machine, and put up big piles of wood for Coun. McNally, Geo. E. Peart, C. McArthur, and Mrs. John McArthur.

Mr. Dan. Robinson is moving this week from his here to take charge of Mr. Pickett's farm near Berkeley.

Rev. R.W. Wright's temperance sermon on Zion on Sunday afternoon was a telling one. There was no mincing of the truth or facts; but clear, forcible, arguments, sentences that fell with telling effect.

The officials of Zion, yearly or bi-ennially, pick out the most generous church member with the densest woods, and dun him for fuel.

W.L. Falkingham, the popular E.L. president, has been the man chosen for the last two visitations and on Monday afternoon the axes flew, and the newly-felled saws sunk their teeth deeply every day. The boys put up nearly 12 cords of nice wood.

Miss Mary Patterson, of Egremont, spent the past week with her cousins, the members of the Hastie family.

Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies.

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result.

and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

will like the fine flavor of Red Rose Tea. It has the cup goodness that comes only from Red Rose quality—the reason why it holds first place in thousands of Canadian homes.

BLYTH'S CORNERS.

If November, 1910, gets its due, it certainly will go down in history, as being one of the mildest in the memory of the oldest settlers.

As there has scarcely been enough frost up to date to freeze an egg. Even the butterflies have not pulled in yet.

Mrs. David Marshall has been for over a week seriously ill with water on the lungs, and pleurisy, and their little boy, Jimmie, is also on the sick list.

Dr. Gun is in attendance. We sincerely hope that mother and son may be quickly restored to health again.

Miss Jennie Sharp, of Hampden, is at present visiting her brother and sister, Mr. and Mrs. John Sharp, for a few days.

Beginning the second week in January, evangelistic services are to be held in Knox church, Norway, for one week.

Special services of this nature are being held throughout the whole Dominion, when it is hoped a general awakening to a greater degree of activity for Christ and the Church may be the outcome.

Mr. Jas. Marshall arrived home from the West the other day, after an absence of nearly two years.

For the first time since the old farm was settled on nearly sixty years ago, we have been forced to lock our granary and fowl house.

Chicken thieves, seemingly, are becoming quite fashionable. We had over twenty stolen in the neighborhood of the fall, and our neighbor, Mr. Geo. Selim, had quite a lot disappear, and now Mr. Dave Marshall is among the latest to have a number taken.

Woe will be to the thief if he ever he should be found out, and he will.

Since the snow has been mostly taken away by the recent rains, it has enabled the farmers to get considerable more plowing done, which is greatly appreciated.

We never saw the fall plowing so far behind as it is this fall.

Miss Maggie Hutton, teacher in S.S. No. 14, has been engaged to teach for a year at a salary of \$425, but the official documents are not as yet signed.

A number of youth from Durham, last Sunday came down to the Endeavor service in Knox church, and greatly disgraced themselves, and annoyed the service by their unseemly conduct, both inside and out.

Out of sympathy and courtesy for the foolish young fellows, who allow Satan to lead them at his will, we would give a word of warning, as another similar occurrence will certainly not be tolerated.

OLD WHEELBARROWS. The Minister of Public Works announces in a blue book, just to hand, that the Government has purchased the wheelbarrow used in turning the first sod on the Intercolonial Railway.

He paid two hundred dollars for it. Anybody up this way who has an old wheelbarrow, should get in touch with the Dominion Government before the money is all gone.—Herald.

Handy in the house as a clock. Davis' Menthol Salve cures quickly a great many of the simple ailments such as cuts, skin injuries, insect bites and stings, 25c a tin at druggists.

AN INDUSTRIOUS HEN. John R. Henderson, of the Huron Road, near Seaforth, has the most industrious hen in those parts.

Last spring Mr. Henderson purchased a setting of rose comb brown leghorn eggs, and in May he had a batch of chickens.

One of these chickens is of a particularly industrious nature. It commenced to lay early, and the other day Mr. Henderson found it sitting on 21 eggs of its own, bent on having a batch of chickens for itself.

What makes the circumstance more peculiar is the fact that this particular breed of fowl are particularly bad setters.—Gorrie Vidette.

The burial of Count Tolstoi was attended by several thousand persons, on Tuesday of last week. At the appearance of the coffin, the big assemblage knelt and sang a hymn, remaining in this posture until the coffin had passed.

The grave of Russia's greatest writer was dug by peasants, and interment was made on a tree-crowned knoll, at his own request.

No benediction was uttered, but when the simple burial rites were completed, the earnest voice of a man was heard saying: "Our great Leo is dead. Long live our great Leo's spirit. May his precepts of Christian love be fulfilled."

HAMPDEN.

Rev. Mr. Budge, our pastor, assisted Rev. Mr. Bell, of Molesworth in holiday revival meetings nightly for two weeks.

Miss Young, of Owen Sound, visited for a few days with Mr. and Mrs. Thos. Young.

Mr. Geo. Nichol, who has been in Manitoba for the last three months returned home last week.

We understand that George intends to work his farm himself next year.

Mr. Wm. Marshall, accompanied by his cousin, Mr. Jas. Marshall, of Allan Park, arrived from the West with two car loads of cattle.

A number of the farmers around here attended Mr. Robt. Brigham's sale of western cattle last Friday afternoon, at Allan Park.

Mr. M.W. Byers had added another building to the many buildings of "Bonnie View" farm, in the shape of a residence for the grampus kind.

That strange animal shot by Mr. Philip Kett, and spoken of in last week's Chronicle, would in all likelihood have died a natural death from sheer fright, had it ever laid eyes on the strange freaks of nature brought to light last week.

By Mr. Wm. Sharp, while engaged in taking logs out of the river on his farm. A hollow log was taken out which was filled with water, and when it was split open, about rolled half a dozen specimens, which might be called fish animals, or animal fish, for that is what they were.

They ranged in length from six to nine inches, and while they had the body of a fish, they also had ears and feet like an animal, and could live out of water without any apparent discomfort.

That may sound, when read, like a far-fetched fish story, but we can give the names, if required, of witnesses, who can vouch for the truth of these statements.

30 YEARS OF SUCCESS.

Macfarlane & Co. Offer a Remedy For Catarrh. The Medicine Costs Nothing if it Fails.

When a medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not completely relieve catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk.

These are facts which we want the people to substantiate. We want them to try Rexall Muco-Tone, a medicine prepared from a prescription of a physician with whom catarrh was a specialty, and who has a record of thirty years of enviable success to his credit.

We receive more good reports about Rexall Muco-Tone than we do of all other catarrh remedies sold in our store and if more people only knew what a thoroughly dependable remedy Rexall Muco-Tone is, it would be the only catarrh remedy we would have any demand for.

Rexall Muco-Tone is quickly absorbed and by its therapeutic effect tends to disinfect and cleanse the entire mucous membrane tract, to destroy and remove the parasites which injure the membrane tissues, to soothe the irritation and heal the soreness, stop the mucous discharge, build up strong healthy tissue, and relieve the blood and system of diseased matter.

Its influence is toward stimulating the mucous cells, aiding digestion and promoting nutrition until the whole body vibrates with healthy activity.

In a comparatively short time it brings about a noticeable gain in weight, strength and good color and feeling of buoyancy.

We urge you to try Rexall Muco-Tone, beginning a treatment today. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without any question or quibble.

We have Rexall Muco-Tone in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Durham only at our store—The Rexall Store, Macfarlane & Co.

Interest Accumulates

every hour, day and night, on your deposits in the Savings Bank Department of the Traders Bank.

In time the interest amounts to as much as the original savings, thus doubling your saving power.

The money is not tied up either, for you can draw out what you want at any time without delay or bother.

A Bank Pass-Book is a first-class start on the road to independence, if not wealth.

THE TRADERS BANK OF CANADA. DURHAM, ONT. Branches also at Mount Forest and Ayrton.
