SMOKING ON STREET CARS.

The Toronto Street Railway Co. is about to prohibit smoking on the street cars of that city. Hitherto, the habit has been permitted, and much indulged in, to the great annoyance of the ladies, and many of the travelling public. As might be expected, an effort to prohibit the practice would meet with a strong opposition from a certain element that's always ready to fight against any regulation that might tend to restrict their freedom.

The smoking habit on the street cars has a tendency to keep the back platforms crowded, and thus to interfere with passengers getting on and off quickly and easily. The new regulations make it imperative on the part of passengers to get inside the car, so as to keep the way clear, and avoid delays.

Smoking on the rear seats of a trailer should not cause very much annoyance to other passengers, but in cold weather, the cars are all closed, and as passengers are required to enter at the rear, all would be obliged to pass through the smoking end before taking their seats, if smoking inside closed cars were at all allowed.

Toronto newspapers, and Toronto citizens seem to be everlastingly complaining about the service given by the Street Railway Company. In fact, we think a great deal of the grumbling is wholly unjustifiable. It is quite true that many have to hang onto the straps at certain times of the day, but on the whole, we think that Toronto has a splendid street car service, and surpassed by very few cities on the continent.

S. G. FARMER'S INSTITUTE. Meetings of the South Grey Farmers' Institute will be held at ELMWOOD, AYTON, HOLSTEIN and DROMORE, on December 12th, 13th, 14th and 15th, respectively. Addresses will be given on live agricultural topics at all the meetings, by practical farmers, who have made a success of their business in different parts of the Province.

EDGE HILL.

Robbie Howell is engaged for a month with Mr. D. D. Edge. Several of our farmers were plowing the beginning of this week. Messrs. John and Chas. Moffat have improved their horse stable by putting a serviceable shed over the door.

Herb, Ritchie is home, after spending a couple of weeks with his uncle, W. Scarr, at Aberdeen. Mr. Arthur Greenwood arrived home on Monday, after spending three months with friends in the West. Mr. John L. McDonald has tendered his resignation as teacher in our school, and accepted a school nearer home, at an advanced salary. Sorry he has decided to change.

A cow belonging to Archie Ector managed to break her leg last week. She broke the same leg in the same place about two months ago, and the break had healed nicely. We extend our sympathy to the family and friends of the late Mr. Robt. Edge, who died at his home here on Thursday morning last. He was known and respected by all as a man of integrity and honor, whose character was above reproach. As an obituary has been given by others, we will not attempt to give any sketch of his life. There was a large funeral on Saturday. Those from a distance were his son, Sam, from Dakota, Mrs. Lindsay, Mrs. Burrell, and Mrs. Adamson, of Walkerton, the Misses Harper, of Ft. Forest, and Mr. and Mrs. Alex. Firth, of Orangeville.

Death of Richardson Wilson

As a result of injuries received last Friday, Richardson Wilson, a well-known farmer, and one of the oldest residents of the town of Elmdale, late Monday night, aged 84 years.

On Friday the aged man was engaged in hauling wood. As he was driving up a steep hill with a good sized load, the whiffletrees broke. This let the horses free from the wagon, and the load started swiftly down the hill. Mr. Wilson was unable to jump from the load, and the wagon suddenly swerved into a deep ditch, where it tipped bottom side up. The driver was thrown with considerable force to the ground, and was partly buried by the heavy sticks of wood.

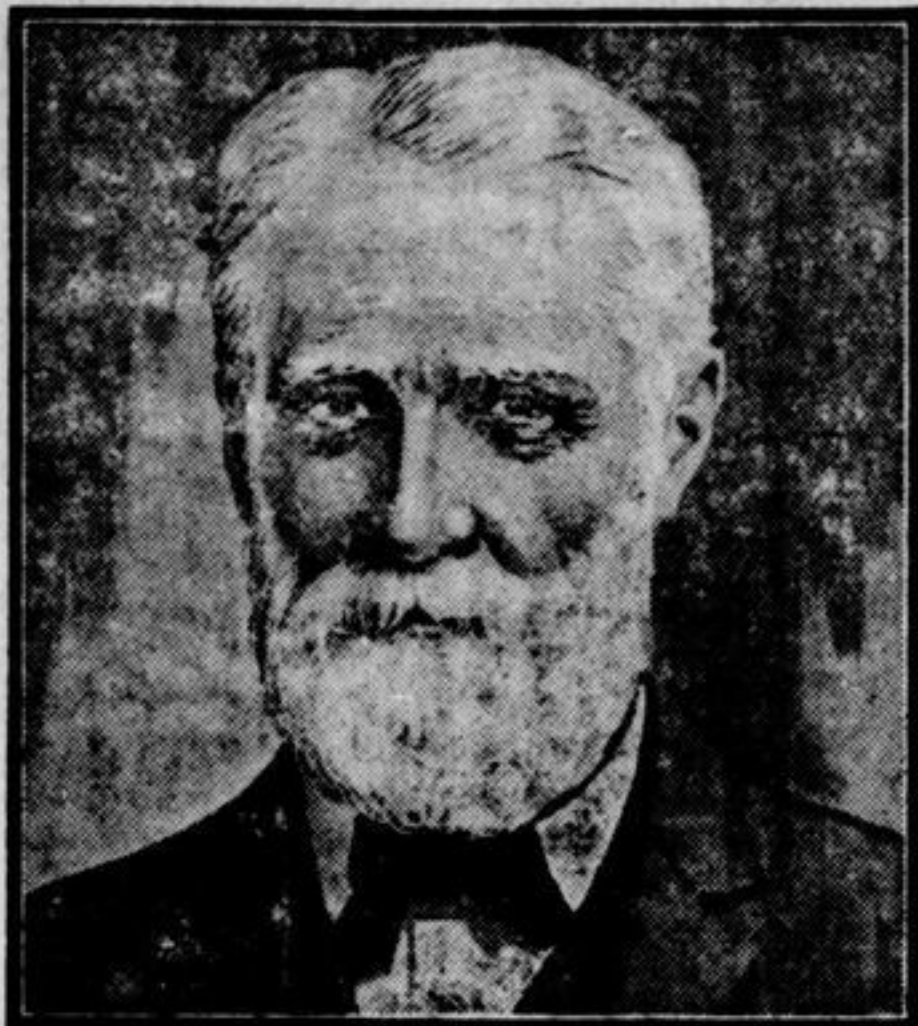

The aged man was carried to his home nearby, and Dr. F.F. Drury, of this place, was summoned. Upon examination, it was found that one of his legs had been fractured, while the other was badly bruised and jammed. He seemed also to be suffering from internal injuries. Everything possible was done, but to no avail, except to lessen his sufferings.

Mr. Wilson was born in England, November 17, 1826, the son of Mr. and Mrs. Joseph Wilson. When he was 21 years of age, he came to this country, and settled on a farm in the town of Fowler. Just prior to emigrating from England he married Elizabeth Jepson. Nearly all his life was spent as a farmer in Fowler, up to 12 years ago, when he moved onto the Olds farm near Elmdale, where he has since lived. His first wife died about 35 years ago. A few years later he married Francella Hill, of Fowler, who survives him. He is also survived by two daughters, Mrs. Mason Nichols, of Little Bow, and Miss Blanche Wilson, of Elmvale, and two brothers, John Wilson, of Durham, Ont., and Rev. Jacob Wilson, England. The funeral was held from the home, Thursday morning at 10 o'clock, Rev. W.F. Skinner officiating. Interment will be made in the Gulf cemetery, Fowler-Gouverneur correspondent in Watertown, N.Y. Standard.

Seventy Nine Years Young

"Fruit-a-tives" Keeps Health Perfect

WILLIAM PARSONS, Esq.

Obstinate Constipation, Paralysis of the Bowels and Stricture of the Bowels can never be cured by common purgatives, salts, senna, "liver pills" and oil have positively no action on the liver. They do not increase the secretion of Bile, which nature provides to move the bowels. They merely irritate the membranes lining the intestines. One may as well try to cure a headache by pounding one's head against a stone wall, as to try to cure Constipation with common purgatives. "Fruit-a-tives" is the only true liver stimulant. "Fruit-a-tives" is fruit juices and nerve tonics, and will always restore the liver to its proper condition and cure the most obstinate cases of Constipation. 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

OTTENVILLE, Ont., July 8th 1910.

"I am a seventy-nine year old man, and a great believer in, and user of "Fruit-a-tives". It is the only medicine I take, and I can truly say that "Fruit-a-tives" and exercise keep me in my present good health.

Stricture of the Bowels, was the complaint I suffered from and I found "Fruit-a-tives" to do me more good than any other remedy. My doctor advised me to stick to "Fruit-a-tives" and I have done so with the best results.

I have been in business here for a good many years and have been a resident of Ottenville for over fifty years, so that if you think this little reference from me will serve to induce some others to try "Fruit-a-tives", I hereby authorize its publication.

McWILLIAMSVILLE.

Mr. W.T. Brown is engaged with the Furniture Co., in town.

The members of L.O.L. No. 861 Greenside, are preparing for a concert on December 16th.

Mr. Wm. Zufelt, after spending the summer in the employ of the Durham Cement Co., at Hanover, has returned to this neighborhood.

Mr. Alex. McKenzie, of Dromore in company with Karl Harrison, spent a couple of days on a fox-hunting tour through this neighborhood, but unfortunately happened with poor luck.

Mrs. John McKenzie, of North Egremont, visited her daughter, Mrs. Geo. Watson, recently.

Mrs. John Andrews, of town, spent a few days with her parents in this vicinity recently.

Rev. Mr. Farquharson, of Durham, conducted a prayer-meeting at the home of Mr. and Mrs. T. J. Moore, one night, a week ago.

Mr. John McKenzie, Jr., gave us a call one day recently.

Mr. James Hopkins has had a concrete cistern built in his hog pen, and has new eave troughing from all sides of his barn into it, which will be quite a convenience for hog feeding.

VARNEY.

Murray Hoy, who has been very sick for the past three or four weeks, is getting better.

Mrs. Jas. McLaughlin visited her mother at Saugeen Junction.

While three of the Vanneyites were out hunting one day last week, the dog ran a cotton-tail rabbit into a hole, and they, supposing it to be a fox, spent considerable time in digging him out.

Mrs. Wm. Long has been in the hospital again for the past three or four weeks—this time at Fergus. We are glad to hear that she is improving.

Mrs. Andrew Seim spent a day or so visiting friends in Holstein last week. I am sure, if anybody deserved a holiday, it was Mrs. S.

We will soon be able to get our dresses made in Varney, as we will soon have lots of dressmakers. Miss Winnie Lauder is now learning the trade in Durham.

Gam. Lauder, who has spent the summer in Hanover, working for the Cement Co., of Durham, came home last Thursday.

Mr. David McCreie, who has spent the past few months in the West, came home on Friday night last, also Mr. James Hoy.

Mrs. S. Caldwell has moved into Norman Kerr's house, where Mr. Clark used to live. She is expecting her husband home shortly, and they will remain in the village for the winter.

Mr. T. Wallace has again been the rounds collecting taxes for Normanby. We believe he has finished his task.

Mr. Wm. Zufelt and Miss Emma Brown, from McWilliams, spent Sunday afternoon with their friend Miss Eva Blyth.

The members of the Vanney Sunday school are beginning this week to again practise for their annual Christmas tree.

While little Victor Blyth was playing "deer" at school on Monday of last week, he had the misfortune to stumble and strike his forehead against a sharp spike of wood, cutting an ugly gash just over his eye and also breaking a bone of the skull. Dr. Gun happened to be passing a few minutes after and was called in, and dressed the wound sufficiently to get him home, when Dr. Leeson put two stitches in the cut.

Thos. and Wm. Long, R.J. Eden and J.W. Blyth attended a L.O.L. Royal Arch meeting held in Durham on Saturday night, when we had the pleasure of letting the Mayor into the mysteries of the degree; also Bert Willis and H. Williams. We have heard little or nothing about the elections for 1911, nor have we heard any fault found with the council of 1910, which goes to show that they did their duty pretty faithfully.

Mr. Geo. Redford, of Elmwood, was in town last week.

Mr. G. Collinson, of Ceylon, was in town the fore part of the week.

Mr. Alex. Firth, of Orangeville, spent over Sunday with his parents here.

Mrs. D. McCallum, and Mrs. N. J. McCallum, of Wheatland, Wyoming, visited the former's niece, Miss A. L. McKenzie, for a few days last week.

Fresh oysters at Rowe's Bakery.

We noticed a fine set of double harness in Saunders' shop on Tuesday, and learned they were being made for Mr. John McGowan of the People's Mills. They are handsomely mounted, and the workmanship seemed to be first class in every particular. We understand further, that this is the most expensive set of heavy harness ever made in Durham, and that Mr. McGowan intends to use them on his delivery team.

"Do hens pay?" is a question that is being discussed in some of the local papers. So far as our opinion may go, we may say they never paid us, and we have a couple of years' experience with them up to and including this 26th day of November, 1910. The only gain we can attribute to the hen business is a vast increase in our mental vocabulary for profanity, and a violent determination to elope with the wife and family of any neighbor who keeps hens on any property adjoining our premises. Hens may pay the other fellow, but they don't pay us.
