ADDRESS AND PRESENTATION

The home of Mr. S. Puthurbough, the recently elected reeve of Bentinck, was the scene of a happy party on Friday night, the 20th inst. When his friends assembled to do him honor, each one carrying a basket filled with exhibitions of skill in the art of cookery, for which the ladies of that neighborhood are famous. After enjoying a pleasant chat for a while, John McDonald was appointed chairman which position he filled creditably to himself, and satisfactorily to all present. A lengthy program was given him to which many responded with music, songs, recitations and speeches, very complimentary to the host and hostess. But the most lasting expression of their appreciation was made when Mr. Puthurbough was asked to come forward, when J.W. McKechnie read the accompanying address and a beautiful gold watch and chain was handed to him by Gilley Boyd. Although taken by surprise, he replied, saying that he had not done anything more than he thought his duty, that if nature had given him any ability to occupy positions of trust, and responsibility, it was his duty to use that ability for the good of his neighbors, who had always been kind to him. Not one had ever refused him any favor he asked. He would not barter the esteem and confidence of his neighbors for any material wealth, and that every time he would look at the watch, it would be an inspiration to him to do his best to merit such confidence. After singing "God Save the King," the ladies entertained very temptingly. After sitting and listening to the physical needs, the time was spent in games and other amusements, till the company separated, expressing the pleasure they had in spending the evening together.

THE ADDRESS.

To Mr. S. Puthurbough, Bentinck, Ont. Dear Mr. Puthurbough—We, the members and friends of Burns Church, have met to-night with you on a most pleasant occasion, and at this time wish to express in some tangible form the esteem in which you are held by us, and our appreciation of your labors for the welfare of our congregation for many years past. Both as our Treasurer, and Bible class teacher, in fact in every movement for the spiritual and material advancement of the church, you have been one of our most earnest workers. We have always felt that in you, we had one on whom we could ever rely, one whose advice we might safely follow, and whose example we would do well to imitate. We always desire to express our respect for the many good and noble qualities of your partner in life, whose social virtues have endeared her to us all.

Recalling your years of service, your faithfulness, zeal, and untiring efforts in the work of our Master, we respectfully ask you to accept this gold watch and chain as a slight token of our regard. Accompanying it are our earnest wishes that you may be spared many years to continue in the good work in which you have so usefully labored. Signed on behalf of the congregation, ARCHIE MCCORMICK, JOHN McDONALD, GILLEY BOYD, J. W. McKECHNIE.

The telephone poles are up along the road from Hanover to this place, ready for the wire, and farmers who wish to have a phone in their home, now is their time. Mr. and Mrs. Jas. ONE HOUR OF ROAD BUILDING

The people in Montgomery county, Kansas, by volunteer work, built a modern highway 20 miles long. That record is outclassed by something that has been done by citizens of Iowa. The greatest piece of road-building on record was accomplished in that state recently when in the space of one single hour a line of road 350 miles in length and stretching entirely across the state was put in the most perfect condition of any road west of the Mississippi river. Weeks and months were spent in preparation for the work, but a pick or shovel was used until the designated second was struck. Then, as if by magic, 10,000 workmen swarmed out on the roadway, and when they ceased, work 60 minutes later, Iowa had one of the finest long-distance roads in the entire west. And not the least interesting thing in connection with the tremendous piece of work, is the fact that not a man of the entire 10,000 engaged on the work received one cent of wages. Goodwill and patriotism alone are responsible for the splendid showing. Last winter the Iowa roads became so fearfully bad that traffic was practically killed and farmers were simply compelled to remain in their homes. Finally the matter became a political question, and both parties got behind the movement. Gov. Carroll called a "good roads" meeting at Des Moines early last March, and out of this meeting was evolved the plan of a "river to river" road, stretching from Council Bluffs, on the Missouri river, to Davenport, on the Mississippi, a distance of 350 miles straight across the state from east to west. "Make the river to river road as near perfect as is possible to make just common dirt," was the sense of the good roads convention. Instead of appointing new committees to handle the work, the regular republican and democratic committees in each county thru which the road would pass were appealed to. The chairman of the committee of each party were asked to get in the game and work for the road. Everybody agreed to do so, and soon a rivalry was created between republicans and democrats each to see which party would have the most workmen "on the job" when the time for work arrived. A Saturday was selected as the day, and from 9 to 10 o'clock as the hour for work. Every farmer along the way was seen, by the committee, and agreed to give the one hour that was asked for. Farmers were asked to bring their plows, scrapers and road drags, and an organization equal to those employed in professional railroad building was worked out. In the weeks preceding the work, all bridges and culverts along the road were repaired and put in first-class order, that no delay might come to the road builders when once this later started working. The result of the organization was shown on the appointed Saturday. Shortly before 9 o'clock in the morning, farmers began getting out in the road. Hundreds of thousands of plows, picks, shovels, scrapers, road drags, grading machines and other implements were brought along. Every farmer brought his team with him. Superintendents and overseers had been appointed in readiness when, promptly at 9 o'clock, the order was issued to "fall out." For an hour they continued, working with might and main. At 10 o'clock the job was finished, and the farmers went back to their fields leaving Iowa the possessor of the finest piece of long-distance roadway in the West.

ers, were visiting at Mr. Wm. Pearson's last week. Mr. and Mrs. Thos. Bailey received the sad news of their grandson being drowned at Shallow Lake last week. The little boy was out sleigh riding on the ice and went through being drowned before he could be taken out. Mr. Wm. Edmunds, of Saskatchewan, is home on a visit to his mother, and other friends. He is looking well, and gives a good account of the West, and intends going back before long. Mr. Jas. Fizzell is engaged with Mr. Wm. Brigham this winter. Mr. Brigham is getting to be quite a farmer and bush-whacker. Alfred and Walter Bailey attended the funeral of their brother's son, who was drowned last week at Shallow Lake.

PRICEVILLE.

Thaw this Friday night. Whether it is going to continue or not, we cannot tell, but we would be pleased to see some of the snow banks on some of our roads, reduced somewhat. The annual meeting of the Presbyterian congregation in this town was held on Thursday, the 19th, and was not as well attended as should be. However, affairs of the church were dealt with in the usual manner, and found in satisfactory condition, with no bills to pay. The old officers were re-elected. Gaelic services suspended till May 1st.

The Artesian Agricultural Society held their annual meeting this Friday afternoon, Jan. 20th, and the old officers re-elected for the coming year. Quite a number of sawlogs coming in. The Knechtel Co. is buying and represented by E.J. Hartford of Durham, and are paying good prices for all kinds of logs. Rev. Walter Nichol, of St. Mary's, and his young bride, paid a short visit to Mr. Nichol's old home, west of this place, the beginning of this week. We join with the many of Mr. Nichol's friends, in wishing them much happiness on their life's journey.

A literary entertainment was held in Watson's Hall last night, the 19th, and was well attended. The program was a good one, all doing their parts well. Mr. Donald Graham, sr., is somewhat under the weather, with some internal ailment, but we hope to hear of him getting better again soon. Mr. Malcolm McLanes, Durham Road, got shaken up from the effects of being in the wreck down the track one day this week. Although not seriously ill, he is confined to his room for a few days. Otto Konold got a few scratches, as he also was on the same train, but we hope to see both of them able to be out next shipping day, and in good humor to pay high prices for hogs, etc.

Mr. and Mrs. Finley McPhail and family, who spent some time visiting their respective homes on the Durham Road, Glenelg, left for their home at Little Current, a few days ago. We have had nearly three months' sleighing here. The first snow came on October 28th, and we had only three or four days of bare ground after that. It is said to be more blessed to give than to receive, so Mr. Editor, we can spare the good people of Durham and vicinity a certain amount of snow, as we have it in more abundance than at Durham. The swamps are all dry yet, and water in some places is scarce. A man sent to an asylum with a load of coal found on his arrival that the gates were open, but not knowing where to deposit the fuel he left his horse and cart outside while he went to inquire. He walked about the grounds, but failed to see anyone, so made his way back to the gates, but to his horror found they were closed. He tried in vain to open them and appealed to passers-by to help him, as "the horse and cart belonged to him." "Fancy," said one passer-by to another, "that poor man thinks he is a carter."
