

**SMALL ADS.**

Advertisements of one inch or less, 25 cents for first insertion, and 10 cents for each subsequent insertion. Over one inch and under two inches, double the above amount. Yearly rates on application.

**Talking to the Point**

Our Classified Want Ads. get right down to the point at issue. If you want something say so in a few well chosen words. The intelligent reader likes that kind of straight-from-the-shoulder talk and that is one reason why condensed Want Ads. are so productive of the best kind of results. Whether buying or selling they will help you.

**Professional Advertising**

The physician has a sign on his door. That is an advertisement to the passer-by. Comparatively few people see the sign however.

Why not carry your sign into all the best homes in town? You can do so by a Classified Want Ad. and without loss of professional dignity too.

EDWARD HARRISON

**SWINTON PARK.**

The Park has been again surrounded by the sound of wedding bells at the home of Mr. and Mrs. Joseph Ferris when their only daughter Sophie was joined in matrimony to Mr. Richard Parslow on February 1st by the Rev. Mr. Matheson. The wedding was very quiet as only the immediate relatives of the couple were present. In the course of a few days Mr. and Mrs. Parslow expect to go west and will make their future home at Hornleigh, Alberta, and with them will go the good wishes of their schoolmates and many friends for their future happiness and welfare.

On Friday evening, February 3rd, a reception was given to the newly wedded couple by Mr. W.G. Parslow, brother of the groom. Those present claim to have the time of their lives, while excellent music was furnished by the far famed Park musicians.

Mr. and Mrs. A. E. Hardy, who have been visiting for the past month with friends here take their departure this week for Owen Sound, where they intend spending a few days prior to leaving for their home in Deloraine, Manitoba.

Mr. and Mrs. McEwen, of Lumsden, Sask., were guests during the past week of Mr. J. Aldcorn.

The Ladies' Aid of the Presbyterian church met on Wednesday afternoon at the home of Mrs. J. Aldcorn to consider plans for raising funds for furnishing the new church which is in prospect. The full results of the meeting are not yet open for publication, but some of the boys say that they are plotting to make them pay pretty dear for a long name.

Mr. Robert Knox has returned from a visit with his brother in Guelph and with him his second daughter, Grace, who has been spending a few weeks at the same place.

Mrs. H. Wilson's quilting, we are informed, was a decided success although the ladies were few in number. Their services were demanded by calling into requisition the young men who kept the needles in repair.

Mr. and Mrs. VanVickle from Swan River, Manitoba, have been visiting friends for the past few days in this vicinity. Mr. VanVickle has started West with a car load of horses.

Ferrovin is the pleasing name of the best preparation of Beef, Iron and Wine ever placed on the market. If you or any of your friends are anemic, generally run-down, pallid, easily exhausted, try one bottle of Ferrovin, and you will be gratified by the result. \$1.00 at druggists.

**BLYTH'S CORNERS.**

The big wind storm last week made a pretty bad wreck of Mr. A. Stewart's windmill, which rendered it useless for a few days, but is to-day all ready again for use.

The storm on Monday was probably the worst for a number of years and filled the consciousness almost level. We were out in the worst of it for chop, and we thought several times we would have to make an assignment for the benefit of our creditors before we finally reached home. Promptly all hands turned out next morning, and the roads are passable once more. The pathsmen in this locality are strong, and of having right in the middle of the road, and turn out for nothing, and the result is a neat, straight road, on which the pedestrian, though a fool, could never err. Could their example, Mr. Editor, not be copied with equal success by many road overseers in other localities.

We forgot to mention last week, the sale of Mr. Jas. Bird's farm to Mr. Michael M. Brown, of Egremont, for the sum of \$5,000, which is considered a very moderate figure. Mr. and Mrs. Bird intend to remove to the West about March. Their removal from the Corners will be regretted, as they have been good neighbors, and good citizens ge early.

Few cattle and hog buyers are more conscientious than Mr. Jim Main, who has been shipping from Holstein. We sold to him a load of hogs, for which he paid \$7.35 per cwt. We were well satisfied and came home whistling a merry tune, but on Saturday last, we received 75c. more from his buyer, as the market was 5c. per cwt. higher than what he expected. We have long been of the opinion that it is not right in the interest of the buyer to be paid back.

Mr. Geo. Peters has in his possession a mare over thirty years of age, and at last accounts, looked as though she would live a while longer. Wouldn't a wife live a long time with George, at his rate when a dumb animal will almost refuse to leave him?

A young lady living a few miles from Tara was the victim of a dastardly act this week. About two months ago she made the acquaintance of a young man visiting in town and a mutual feeling seemingly sprang up between them and it was reported last week that they were to be married on Tuesday of this week. Preparations were made on a large scale for the big event, and many guests were invited. On Saturday last the young man left town, probably promising to be back on the day set for the wedding, but he failed to put in an appearance, and consequently the wedding bells did not ring.—Tara Leader.

A piece of flannel dampened with Chamberlain's Liniment and bound on to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest give it a trial and you are certain to be more than pleased with the prompt relief which it affords. Sold at Gun's Drug Store.

**SUPPOSED INFANTICIDE.**

Pearl Smith, an unmarried woman, 24 years of age, was arrested in Collingwood on Thursday of last week, charged with the murder of a month-old child, whose body was found frozen in the ice on the outskirts of the town, about a week previous to the arrest. The girl is supposed to have given birth to the child in the Salvation Army Rescue Home in Toronto. At the inquest, Dr. MacKay was of the opinion that the child was about two weeks old, and that it had been placed among the willows alive. A blood-stained handkerchief found with the body he believed had been placed in the mouth to prevent any outcry.

**will like the fine flavor of Red Rose**

Tea. It has the cup goodness that comes only from Red Rose quality—the reason why it holds first place in thousands of Canadian homes. Will you try it.

Your Grocer Will Recommend it

**HAMPDEN.**

Mr. and Mrs. Lishman, of Pickering, are here on a visit to the mother's parents, Mr. and Mrs. Walker, deceased.

Master Cameron McNaughton is laid up with an attack of pneumonia.

Miss Etta Anderson has been on the sick list also for two weeks.

Miss Isabelle Mearns has returned home after spending a month with Hanover friends.

Mrs. and Miss Anderson spent an afternoon with Mr. and Mrs. Alan Gilmour, recently.

Sunday, February 12th, being the anniversary of the Hanover Presbyterian church, no service was held here, so that those of the Hampden congregation who wished could attend the services in Hanover.

Mrs. Mine Byers entertained her most intimate friends not long since.

Mr. and Mrs. Alex. McLean, of South Benwick, entertained their friends on Friday night of last week.

That Hampden will have telephone connection before long is now a fact. A number of the citizens held a meeting last week, and if enough subscribers can be secured, connection will be made with the line built by Mr. Robt. Brigham, of Allan Park. Among the many benefits to follow, one may be that some of the "lovers of single blessedness," and "unclaimed treasures," may be persuaded to enjoy each other's ain fireside.

Mr. L. G. or Presbyterian Guild will meet in the Hampden Guild in the church here, on Tuesday 1st of February. The Hanover young people will conduct the meeting.

Our old friends, our true friends. We cherish them forever. Our hearts from our old friends. No changes shall sever.

Sedentary habits, lack of outdoor exercise, insufficient medication of food, constipation, a torpid liver, worry and anxiety, are the most common causes of stomach trouble. Correct your habits—Chamberlain's Stomach and Liver Tablets and you will be well again. For sale at Gun's Drug Store.

**SPRAYING NUMBER.**

To you who grow fruit, who have in a large or small way the question of spraying is of vital importance at this season. The spraying number of the Canadian Horticulturist published at Peterboro, Ontario, contains valuable information in regard to this subject, that will do much in aiding the movement for the production of better Canadian fruit. That spraying is profitable is shown by the results obtained by fruit growers in the Burlington District, as described in this number. Elsewhere in this issue directions are given for the preparation of Home-made Soluble Oil and other sprays. Other articles of interest to fruit growers are "Fertilizers for Fruit Growers," "Intensive Fruit Growing," views of fruit growers on the tariff question, a report of the proposed tariff changes as they will affect fruit and vegetable growers, news from correspondents in the different provinces, including a report of the annual meeting of the British Columbia Fruit Growers' Association, and of the Short Course in fruit growing held recently at the Nova Scotia College of Agriculture, and many other articles of practical and timely interest.

"Dormant Paints in Winter" and "Our House Plants in February" are articles in the Flower growing department which contain many helpful suggestions, such as the amateur flower grower is looking for at this season. "Gardening as a Profession for Women," a paper read before the Calgary Horticultural Society, "Gardens and Gardeners in the Old Land," and "Success with Aster" are other articles which will interest every lover of flowers.

Among the articles in the Vegetable Department are those dealing with tomato growing under glass, insects that attack vegetables, and growing tomatoes for the factory. The issue contains 44 pages, and is well illustrated. Those of our readers who desire information such as is contained in this issue, may secure a copy by writing to the publishers.

You are probably aware that pneumonia always results from a cold resulting in pneumonia when Chamberlain's Cough Remedy was used. Why take the risk when this remedy may be had for a trifling sum. For sale at Gun's Drug Store.

**PRINTING OFFICE SECRETS.**

A properly conducted printing office is as much a secret society as a Masonic lodge. The printers are not always under an oath of secrecy, but always feel themselves as truly in honor bound to keep secrets as though in triple oaths. Any employee in a printing office who willingly disregards this rule in regard to printing office secrets, should not only be scorned by the brethren of the craft, but should lose his position in the office at once. We make this statement because it sometimes happens that a communication appears in a newspaper under an assumed signature which excites comment, and various parties try to find out who the author is. Let all be saved the trouble of questioning the honorable employee or attaches of the printing office. They are known on nothing on such points as these. On such matters they "have eyes and ears, but no mouth," and if they fail to observe this rule, let them be put down as dishonorable members of the craft, who are unworthy to be trusted with anything.

—O. S. Sun.

When you hand the store-keeper a cheque for his account there is no need to bother about the receipt. The bank keeps that for you, and it doesn't matter whether you want it next week or a year hence, the record of the payment is always there.

We will be glad to explain how to use a checking account.
