

THE DURHAM CHRONICLE

W. IRWIN, Editor and Proprietor. DURHAM, FEBRUARY 16, 1911

TORONTO THE GOOD.

Rev. Chancellor Burnwash says the Bible is now read in Canada in 109 different languages, and in the city of Toronto alone in 90 tongues. This information was given in an interview concerning the Bible exhibit, now being held in the city under the auspices of the Upper Canada Bible Society.

CARNEGIE'S OPINION.

A special from New York to the Toronto News says: The idle rich were criticised by Andrew Carnegie in an address made to a throng of working girls in a large publishing house. He declared that men had no right to wealth not acquired by useful labor.

FARM VALUES AND WAGES

The Census Monthly for January says that values and wages in Canada make a good record for 1910. The total value of live stock on the farms is \$593,768,000, which is \$34,979,000 more than in 1909.

The highest average price of horses was in Saskatchewan, of milch cows, other horned cattle and sheep in Ontario, and of swine in Quebec.

The average value of occupied farm land in the Dominion, was \$38.45 per acre, or 15 cents less than for the previous year.

The average rate of board per month ranges from \$8 for males and \$6 for females, in Prince Edward Island, to \$20 and \$17 respectively per month in British Columbia.

The rates of wages and board are quoted for the farm, where males are employed on the land and females in the house. They are averages computed from a large number of returns by farmers to the Census Office, Ottawa.

SECOND CHRONICLE CONTEST

We promised to give our readers another contest. Much interest was taken in the last one, and we hope to have a large number to enter this one.

The Durham Chronicle, the name of this paper, contains eighteen letters. In these eighteen letters, there are two e's, two c's, three h's, two r's, and one of each of the others.

Everyone whose subscription is paid in advance, is eligible to enter the contest, and the word building may be done in the name of any member of the family, and the contest entered in his or her name.

The person sending in the largest list will be awarded a cash prize of \$2.00, and the next in order, \$1.00. Should two or more get the highest number of words, the total prize money will be divided equally amongst the winners.

Correspondents will be allowed to compete; but no assistance will be given to any competitor. We have no idea how many words can be made, but the list will be a long one.

FARMERS ATTENTION!

We have sold a large quantity of OAT DUST lately to some of the largest feeders in this district and they claim it is as good as Bran or Shorts for feeding stock, and as it is a lot cheaper than bran, we think it would pay you to give it a trial.

The Price is \$15 Per Ton in ton lots yet, but as we are having more demand for it now from the Eastern Provinces, we are likely to advance the price shortly, and it will pay to lay in a stock while the price is low. If you want the names of parties who are using it, let us know and we will be pleased to let you have them.
